CHAPTER I

GENERAL PROVISIONS

Article 1

Objective

A Community eco-management and audit scheme, hereinafter referred to as ‘EMAS’, is hereby established, allowing voluntary participation by organisations located inside or outside the Community.

The objective of EMAS, as an important instrument of the Sustainable Consumption and Production and Sustainable Industrial Policy Action Plan, is to promote continuous improvements in the environmental performance of organisations by the establishment and implementation of environmental management systems by organisations, the systematic, objective and periodic evaluation of the performance of such systems, the provision of information on environmental performance, an open dialogue with the public and other interested parties and the active involvement of employees in organisations and appropriate training.
