Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation)⁽¹⁾, and in particular Articles 186 and 188(2), in conjunction with Article 4 thereof.

- (3) The financial envelope to each Member State shall be calculated based on the 2008/2009 milk production within national quotas. Member States should distribute that national amount available on the basis of objective criteria and in a non-discriminatory way, while avoiding any market and competition distortions.
- (4) The implementation of this Regulation should be carried out taking into account the institutional arrangements of each Member State.
- (5) The support to the dairy farmers should be granted as an intervention measure to regulate agricultural markets in accordance with Article 3(1)(b) of Council Regulation (EC) No 1290/2005 of 21 June 2005 on the financing of the common agricultural policy⁽²⁾.
- (6) For budgetary reasons, the Community will finance the expenditure incurred by Member States in relation to the financial support of dairy farmers only where such payments are made by a certain deadline.
- (7) In order to ensure transparency and the monitoring and proper administration of the national envelopes, the Member States should inform the Commission of the objective criteria used to determine the methods for granting support and the provisions taken to avoid distortion of the market.
