

Commission Regulation (EC) No 84/2009 of 27 January 2009 amending Regulation (EC) No 1342/2003 laying down special detailed rules for the application of the system of import and export licences for cereals and rice

COMMISSION REGULATION (EC) No 84/2009

of 27 January 2009

amending Regulation (EC) No 1342/2003 laying down special detailed rules for the application of the system of import and export licences for cereals and rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation)⁽¹⁾, and in particular Article 161(3) in conjunction with Article 4 thereof,

Whereas:

- (1) Article 8 of Commission Regulation (EC) No 1342/2003⁽²⁾ establishes the time frames for issuing export licences. It stipulates, in this respect, that licences for exported products for which a refund has been fixed will normally be issued on the third working day following that on which the application is submitted, even where the refund is zero. However, that time frame can be too long where products need to be exported immediately. In order to simplify their administrative formalities, operators who find themselves in this situation should therefore be allowed, on request, to obtain an export licence without delay, that licence being issued to them on the day on which the application is submitted.
- (2) However, reducing the time frame for issuing the licence should not have the result of giving the operators concerned an advantage over other operators, particularly where export tax should be fixed during the three days following the submission of the application. To this end, steps should be taken to ensure that, in such cases, entitlement to a refund is not conferred by issuing the export licence on the day on which the application is submitted and that, where tax should be fixed before the export declaration is accepted, that tax will apply to the products concerned.
- (3) In this context, the term of validity of such licences and the securities to be lodged should also be specified.
- (4) Regulation (EC) No 1342/2003 should be amended accordingly.
- (5) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for the Common Organisation of Agricultural Markets,

HAS ADOPTED THIS REGULATION:

Status: Point in time view as at 27/01/2009.

2. in Article 8, the following paragraph 3 is added:
3. Notwithstanding paragraph 1, export licences for products for which a refund has been fixed shall be issued, at the operator's request, on the day on which the application is submitted, provided that the application specifies that the licence is issued without a refund and that, where an export tax is applicable upon acceptance of the export declaration, that tax applies to the products concerned. In such cases, box 20 of the application and the export licence issued must contain one of the entries shown in Annex Ia.;
3. in Article 12(c), the following point (iii) is added:
(iii) EUR 3 per tonne for products to which Article 8(3) applies.;
