

Commission Regulation (EC) No 874/2009 of 17 September 2009 establishing implementing rules for the application of Council Regulation (EC) No 2100/94 as regards proceedings before the Community Plant Variety Office (recast)

TITLE II U.K.

SPECIFIC PROCEEDINGS BEFORE THE OFFICE

CHAPTER I U.K.

Application for a Community plant variety right

Section 1 U.K.

Actions of the applicant

Article 16 U.K.

Filing of the application

1 An application for a Community plant variety right shall be filed at the Office, at the national agencies designated or the sub-offices established pursuant to Article 30(4) of the basic Regulation.

Where the application is filed at the Office it may be filed in paper format or by electronic means. Where it is filed at the national agencies or sub-offices it shall be filed in paper format in duplicate.

2 The information sent to the Office in accordance with Article 49(1)(b) of the basic Regulation shall contain:

- particulars for identifying the applicant and, where appropriate, his procedural representative,
- the national agency or sub-office at which the application for a Community plant variety right was filed, and
- the provisional designation of the variety concerned.

3 The Office shall make available the following forms free of charge:

- a an application form and a technical questionnaire, for the purposes of filing an application for a Community plant variety right;
- b a form for forwarding the information referred to in paragraph 2, indicating the consequences of any failure of the forwarding.

4 The applicant shall fill in and sign the forms provided for in paragraph 3. Where the application is submitted by electronic means it shall comply with the second subparagraph of Article 57(3) as regards the signature.

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 874/2009, CHAPTER I. (See end of Document for details)

Article 17 **U.K.**

Receipt of the application

[^{F1} Where a national agency or sub-office exercising the specific administrative functions referred to in Article 30(4) of the basic Regulation receives an application, it shall, by electronic means, send to the Office a confirmation of receipt and forward the application in accordance with Article 49(2) of the basic Regulation. The confirmation of receipt shall include the file number of the national agency or sub-office, the nature and the number of forwarded documents and the date of receipt at the national agency or sub-office. The national agency or sub-office shall transmit to the applicant a copy of the confirmation of receipt sent to the Office, by electronic or other means.

2 Where the Office receives an application from the applicant directly or via a national agency or sub-office, it shall, without prejudice to other provisions, mark the documents making up the application with a file number and the date of receipt at the Office and issue a confirmation of receipt to the applicant. That confirmation shall include the file number of the Office, the nature and the number of documents received, the date of receipt at the Office and the date of application within the meaning of Article 51 of the basic Regulation. A copy of the confirmation of receipt shall be transmitted to the national agency or sub-office via which the Office has received the application.]

3 If the Office receives an application via a sub-office or national agency more than one month after its filing by the applicant, the 'date of application' within the meaning of Article 51 of the basic Regulation may not be earlier than the date of receipt at the Office, unless the Office establishes on the basis of sufficient documentary evidence that the applicant has forwarded an information to it in accordance with Article 49(1)(b) of the basic Regulation and Article 16(2) of this Regulation.

Textual Amendments

- F1** Substituted by [Commission Implementing Regulation \(EU\) 2016/1448 of 1 September 2016 amending Regulation \(EC\) No 874/2009 establishing implementing rules for the application of Council Regulation \(EC\) No 2100/94 as regards proceedings before the Community Plant Variety Office.](#)

Article 18 **U.K.**

Conditions laid down in Article 50(1) of the basic Regulation

1 If the Office finds that the application does not comply with the conditions laid down in Article 50(1) of the basic Regulation, it shall notify to the applicant the deficiencies it has found, stating that only such date as sufficient information remedying those deficiencies is received shall be treated as the date of application for the purposes of Article 51 of that Regulation.

2 An application complies with the condition laid down in Article 50(1)(i) of the basic Regulation only if date and country of any first disposal within the meaning of Article 10(1) of that Regulation are indicated, or if, in the absence of such disposal a declaration is made that no such disposal has occurred.

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 874/2009, CHAPTER I. (See end of Document for details)

[^{F13} An application complies with the condition laid down in Article 50(1)(j) of the basic Regulation only if the date and the country given in any earlier application for the variety are, to the best of the applicant's knowledge, indicated in respect of:

- a an application for a property right in respect of the variety, in a Member State or a member of the International Union for the Protection of New Varieties of Plants ('UPOV'); and
- b an application for official acceptance of the variety for certification and marketing where official acceptance includes an official description of the variety.]

Textual Amendments

Article 19 **U.K.**

Conditions referred to in Article 50(2) of the basic Regulation

1 If the Office finds that the application does not comply with the provisions of paragraphs 2, 3 and 4 of this Article or with Article 16 of this Regulation, it shall apply Article 17(2) hereof, but shall require the applicant to remedy the deficiencies it has found within such time limit as it may specify. Where those deficiencies are not remedied in good time the Office shall without delay refuse the application, pursuant to Article 61(1)(a) of the basic Regulation.

[^{F12} The applicant shall provide the following information in the application form or in the technical questionnaire referred to in Article 16(3)(a), where relevant:

- a the identity and the contact details of the applicant, his designation as a party to proceedings referred to in Article 2 and, where appropriate, the name and address of the procedural representative;
- b where the applicant is not the breeder, the name and address of the breeder and his entitlement to apply for the Community plant variety right;
- c the scientific name of the genus, species or subspecies to which the variety belongs, and the common name;
- d the variety denomination or, in the absence thereof, the provisional designation;
- e the location in which the variety was bred or discovered and developed, and the maintenance and the propagation of the variety, including information on the characteristics, the cultivation of any other variety or varieties the material of which has to be used repeatedly for the production of the variety. For material to be used repeatedly for the production of the variety, the applicant may provide the information concerning such material, if he requests so, in the form provided by the Office pursuant to Article 86;
- f the characteristics of the variety, including the state of expression for certain characteristics based on the technical questionnaire referred to in Article 16(3)(a);
- g where appropriate, similar varieties and differences from those varieties, which, in the applicant's opinion, are relevant for the technical examination;
- h additional information that may help distinguishing the variety, including representative colour photos of the variety and other information on the plant material to be examined during the technical examination;

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 874/2009, CHAPTER I. (See end of Document for details)

- i where appropriate, characteristics that have been genetically modified, where the variety concerned represents a genetically modified organism within the meaning of Article 2(2) of Directive 2001/18/EC of the European Parliament and of the Council⁽¹⁾;
 - j the date of any sale or first disposal to others, of varietal constituents or harvested material of the variety, to exploit the variety within the territory of the European Union or in one or more third countries, or to assess whether a variety is new as referred to in Article 10 of the basic Regulation, or a declaration that such sale or first disposal has not yet occurred;
 - k the designation of the authority applied to and the file number of the applications referred to in Article 18(3) of this Regulation;
 - l existing national or regional plant variety rights that have been granted to the variety;
 - m whether an application for the variety concerned has been submitted for listing or registration or a decision has been taken pursuant to Article 5 of Council Directive 68/193/EEC⁽²⁾, Article 10 of Council Directive 2002/53/EC⁽³⁾, Article 10 of Council Directive 2002/55/EC⁽⁴⁾ and Article 5 of Commission Implementing Directive 2014/97/EU⁽⁵⁾.]
- 3 The Office may call for any necessary information and documentation, and, if necessary, sufficient drawings or photographs for the conduct of the technical examination within such time limit as it shall specify.
- 4 Where the variety concerned represents a genetically modified organism within the meaning of Article 2(2) of Directive 2001/18/EC, the Office may require the applicant to transmit a copy of the written attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the basic Regulation does not pose risks to the environment according to the norms of that Directive.

Textual Amendments

- F1** Substituted by [Commission Implementing Regulation \(EU\) 2016/1448 of 1 September 2016 amending Regulation \(EC\) No 874/2009 establishing implementing rules for the application of Council Regulation \(EC\) No 2100/94 as regards proceedings before the Community Plant Variety Office.](#)

Article 20 **U.K.**

Claiming priority

If the applicant claims a right of priority for an application within the meaning of Article 52(2) of the basic Regulation, which is not the earliest of those to be indicated pursuant to the first indent of Article 18(3) of this Regulation, the Office shall state that a priority date can only be given to such earlier application. Where the Office has issued a receipt including the date of filing of an application which is not the earliest of those to be indicated, the priority date notified shall be considered void.

Article 21 **U.K.**

Entitlement to a Community plant variety right during proceedings

1 When the commencement of an action against the applicant in respect of a claim referred to in Article 98(4) of the basic Regulation has been entered in the Register of Applications for Community plant variety rights, the Office may stay the application

proceedings. The Office may set a date on which it intends to continue the proceedings pending before it.

2 When a final decision in, or any other termination of, the action referred to in paragraph 1 has been entered in the Register of Applications for Community plant variety rights, the Office shall resume proceedings. It may resume them at an earlier date, but not prior to the date already set pursuant to paragraph 1.

3 Where entitlement to a Community plant variety right is validly transferred to another person for the purposes of the Office, that person may pursue the application of the first applicant as if it were his own, provided that he gives notice to this effect to the Office within one month of the entry of final judgment in the Register of Applications for Community plant variety rights. Fees due pursuant to Article 83 of the basic Regulation and already paid by the first applicant shall be deemed to have been paid by the subsequent applicant.

Section 2 **U.K.**

Conduct of the technical examination

Article 22 **U.K.**

Decision on test guidelines

1 Upon proposal of the President of the Office, the Administrative Council shall take a decision as to test guidelines. The date of the decision and the species concerned by it shall be published in the Official Gazette referred to in Article 87.

2 In the absence of a decision of the Administrative Council as to test guidelines, the President of the Office may take a provisional decision thereon. The provisional decision shall lapse on the date of the decision of the Administrative Council. Where the provisional decision of the President of the Office deviates from the decision of the Administrative Council, a technical examination started prior to the decision of the Administrative Council shall not be affected. The Administrative Council may decide otherwise, if circumstances so dictate.

[^{F23} In the absence of a decision of the Administrative Council, or a provisional decision of the President of the Office as referred to in paragraph 2, as to test guidelines established by the Office, the guidelines per genera and species of the UPOV shall apply. In the absence of such guidelines, national guidelines developed by a competent authority in charge of the technical examination of a plant variety may be used, provided that the President of the Office agrees to such use. The competent authority shall submit those guidelines to the Office, and the Office shall publish them on its website.]

Article 25 **U.K.**

Cooperation between the Office and the Examination Office

The staff of the Examination Office responsible for the technical examination and the rapporteur designated in accordance with Article 8(1) shall cooperate in all phases of a technical examination. Cooperation shall cover at least the following aspects:

- (a) the monitoring of the conduct of the technical examination, including the inspection of the locations of the test plots and the methods used for the tests by the rapporteur;

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 874/2009, CHAPTER I. (See end of Document for details)

- (b) without prejudice to other investigations by the Office, information from the Examination Office about details of any previous disposal of the variety; and
- (c) the submission by the Examination Office to the Office of interim reports on each growing period.

Article 26 U.K.

Form of the examination reports

1 The examination report referred to in Article 57 of the basic Regulation shall be signed by the responsible member of the staff of the Examination Office and shall expressly acknowledge the exclusive rights of disposal of the Office under Article 57(4) of that Regulation.

2 The provisions of paragraph 1 shall apply *mutatis mutandis* to any interim reports to be submitted to the Office. The Examination Office shall issue a copy of each interim report direct to the applicant.

Article 27 U.K.

Other examination reports

1 An examination report on the results of any technical examination which has been carried out or is in the process of being carried out for official purposes in a Member State by one of the offices responsible for the species concerned pursuant to Article 55(1) of the basic Regulation may be considered by the Office to constitute a sufficient basis for decision, provided that:

- a the material submitted for the technical examination has complied, in quantity and quality, with any standards that may have been laid down pursuant to Article 55(4) of the basic Regulation;
- [^{F1}b the technical examination has been carried out in a manner consistent with the designation by the Administrative Council pursuant to Article 55(1) of the basic Regulation and with the requirements referred to in Article 13(1a) of this Regulation and has been conducted in accordance with the test guidelines issued and any general instructions given, pursuant to Article 56(2) of the basic Regulation and Articles 22 and 23 of this Regulation;]
- c the Office has had the opportunity to monitor the conduct of the technical examination concerned; and
- d where the final report is not immediately available, the interim reports on each growing period are submitted to the Office prior to the examination report.

2 Where the Office does not consider the examination report referred to in paragraph 1 to constitute a sufficient basis for a decision, it may follow the procedure laid down in Article 55 of the basic Regulation, after consulting the applicant and the Examination Office concerned.

3 The Office and each competent national plant variety office in a Member State shall give administrative assistance to the other by making available, upon request, any examination reports on a variety, for the purpose of assessing distinctiveness, uniformity and stability of that variety. A specific amount shall be charged by the Office or the competent national plant variety office for the submission of such a report, such amount being agreed by the offices concerned.

[^{F14} An examination report on the results of a technical examination that has been carried out or is in the process of being carried out for official purposes in a third country or in

the territory of a regional organisation that is a member of the UPOV or that is a party to the Agreement on Trade-Related Aspects of Intellectual Property Rights ('TRIPS'), may be considered by the Office to constitute a sufficient basis for decision, provided that the technical examination complies with the conditions laid down in a written agreement between the Office and the competent authority of such third country or regional organisation. Such conditions shall at least include:

- a conditions relating to the material, as referred to in point (a) of paragraph 1;
- b the condition that the technical examination has been conducted in accordance with the test guidelines issued, or general instructions given, pursuant to Article 56(2) of the basic Regulation and Article 22 of this Regulation;
- c the condition that the Office has had the opportunity to assess the suitability of facilities for carrying out a technical examination for the species concerned in that third country or in the territory of that regional organisation;
- d conditions relating to the availability of reports, as laid down in point (d) of paragraph 1;
- e the condition that the third country has adequate experience in testing the genera or species concerned; and
- f the condition that the written agreement is concluded with the consent of the Administrative Council.]

[^{F25} The Office may request a competent authority of a third country or of a regional organisation that is a member of the UPOV or is a party to TRIPS to perform the technical examination, provided that a written agreement has been signed between the Office and that competent authority and provided that one of the following conditions applies:

- a there is no possibility to realise the technical examination for the specific species in an Examination Office in the European Union, and an examination report on the results of a technical examination, referred to in paragraph 4, is not available or is not expected to become available;
- b an examination report on the results of a technical examination referred to in paragraph 4 is expected to be made available but the conditions established under paragraph 4 to conduct the technical examination are not fulfilled.

6 The written agreement referred to in paragraph 5 shall be concluded with the consent of the Administrative Council, based on the following conditions:

- a conditions relating to the material, as referred to in point (a) of paragraph 1;
- b the condition that the technical examination will be conducted in accordance with the test guidelines issued, or general instructions given, pursuant to Article 56(2) of the basic Regulation and Article 22 of this Regulation;
- c the condition that the Office has had the opportunity to assess the suitability of facilities for carrying out a technical examination for the species concerned in that third country or in the territory of that regional organisation and to monitor the technical examination concerned;
- d conditions relating to the availability of reports, as laid down in point (d) of paragraph 1;
- e the condition that the third country has adequate experience in testing the genera or species concerned.]
