

Commission Regulation (EU) No 605/2010 of 2 July 2010 laying down animal and public health and veterinary certification conditions for the introduction into the European Union of raw milk and dairy products intended for human consumption (Text with EEA relevance)

Article 7

Derogation concerning transit and storage conditions

1 By way of derogation from Article 6, the transit by road or by rail through the European Union, between designated border inspection posts in Latvia, Lithuania and Poland listed in Commission Decision 2009/821/EC⁽¹⁾, of consignments coming from and destined to Russia directly or via another third country shall be authorised provided that the following conditions are complied with:

- a the consignment is sealed with a serially numbered seal at the border inspection post of introduction into the European Union by the veterinary services of the competent authority;
- b the documents accompanying the consignment and referred to in Article 7 of Directive 97/78/EC are stamped 'ONLY FOR TRANSIT TO RUSSIA VIA THE EU' on each page by the official veterinarian of the competent authority responsible for the border inspection post of introduction into the European Union;
- c the procedural requirements provided for in Article 11 of Directive 97/78/EC are complied with;
- d the consignment is certified as acceptable for transit on the common veterinary entry document by the official veterinarian of the border inspection post of introduction into the European Union.

2 Unloading or storage, as defined in Article 12(4) or in Article 13 of Directive 97/78/EC, of such consignments on European Union territory shall not be allowed.

3 Regular audits shall be made by the competent authority to ensure that the number of consignments and the quantities of products leaving the European Union territory matches the number and quantities entering the European Union.

Status: This is the original version (as it was originally adopted).
