

**Changes to legislation:** There are currently no known outstanding effects for the  
Commission Regulation (EU) No 102/2011, ANNEX I. (See end of Document for details)

## ANNEX I U.K.

Annex I to Regulation (EU) No 1089/2010 is amended as follows:

1. All occurrences of ‘This code list shall be managed in a common code list register.’ are replaced by ‘This code list shall not be extended by Member States.’
2. In point 4.1, the following table is added:

### ALLOWED VALUES FOR THE CODE LIST CONDITIONOFFACILITYVALUE

Value	Definition
disused	The facility is not used.
functional	The facility is functional.
projected	The facility is being designed. Construction has not yet started.
underConstruction	The facility is under construction and not yet functional. This applies only to the initial construction of the facility and not to maintenance work.

3. In point 4.2, the following paragraphs are added:

This code list shall not be extended by Member States.

The allowed values for this code list are the two-letter country codes listed in the Interinstitutional style guide published by the Publications Office of the European Union.

4. In point 5.3.1, the following table is added:

### ALLOWED VALUES FOR THE CODE LIST CONNECTIONTYPEVALUE

Value	Definition
crossBorderConnected	Connection between two network elements in different networks of the same type, but in adjacent areas. The referenced network elements represent the different, but spatially connected real-world phenomena.
crossBorderIdentical	Connection between two network elements in different networks of the same type, but in adjacent areas. The referenced network elements represent the same real-world phenomena.
intermodal	Connection between two network elements in different transport networks that use a different transport mode. The connection represents a possibility for the transported media (people, goods,
