Those changes shall only be eligible for aid if they are communicated by the producer group to the competent authority of the Member State without delay.

Such applications shall in any event be submitted before the end of the transitional period referred to in Article 125e(1) of Regulation (EC) No 1234/2007.

2 From the date on which such an application is lodged, the group in question may submit a draft operational programme under Article 63.

1 The main activity of a producer group shall relate to the concentration of supply and the placing on the market of the products of its members for which it is preliminary recognised.

2 A producer group may sell products from producers which are not a member of a producer group, where it is recognised for those products and provided that the economic value of that activity is below the value of the marketed production of the producer group's own members and of members of other producer groups.

Article 42

Value of marketed production

1 Article 50(1) to (4) and (7) and the first sentence of paragraph 6 of that Article shall apply *mutatis mutandis* to producer groups.

2 Where a reduction of the value of marketed production of at least 35 % has occurred due to reasons, duly justified to the Member State, falling outside the responsibility and control of the producer group, the total value of marketed production shall be deemed to represent 65 % of the total value declared in the previous application or applications for aid covering the most recent annual segment, as verified by the Member State, and in the absence thereof, of the value declared initially in the approved recognition plan.

3 The value of marketed production shall be as calculated under the legislation applicable as regards the period for which the aid is claimed.

In that case, the ceiling referred to in paragraph 2 of this Article shall be reduced proportionately.

In order to calculate the instalments, the Member States may use as a basis the marketed production corresponding to a period other than that in respect of which the instalment is paid, where checks so require. The difference between the periods shall be less than the actual period concerned.

4 The exchange rate applicable to the amounts referred to in paragraphs 1 and 2 shall be the rate most recently published by the European Central Bank prior to the first day of the period for which the aid in question is granted.

Article 44

Investments linked to the implementation of recognition plans referred to in Article 37(c) of this Regulation for which aid is provided for under Article 103a(1)(b) of Regulation (EC) No 1234/2007 shall be financed pro rata to their use for the products of the members of a producer group for which preliminary recognition is granted.

Investments likely to distort competition in respect of the other economic activities of the producer group shall be excluded from Union aid.

[^{F6}Investments may be implemented on individual holdings and/or premises of producer members of the producer group, provided that they contribute to the objectives of the recognition plan. If the member leaves the producer group, Member States shall ensure that the investment or its residual value, where its amortisation period has not yet expired, is recovered.]

- a complies and will comply with Regulation (EC) No 1234/2007 and with this Regulation; and
- b has not benefited, is not benefiting and will not benefit either directly or indirectly from duplicate Union or national financing for actions implemented under its recognition plan for which Union financing is granted pursuant to this Regulation.

3 Member States shall fix the deadline for paying the aid which in any case shall not be later than six months after the receipt of the application.

Article 46

Eligibility

Member States shall evaluate the eligibility of producer groups for the aid under this Regulation in order to establish that the aid is duly justified, taking into account the conditions and the date on which any earlier public aid was granted to the producer organisations or groups from which the members of the producer group in question originate and to any movements of members between producer organisations and producer groups.
