

Commission Implementing Regulation (EU) No 736/2012 of
14 August 2012 fixing the coefficients applicable to cereals
exported in the form of Irish whiskey for the period 2012/2013

COMMISSION IMPLEMENTING REGULATION (EU) No 736/2012
of 14 August 2012

fixing the coefficients applicable to cereals exported
in the form of Irish whiskey for the period 2012/2013

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation)⁽¹⁾,

Having regard to Commission Regulation (EC) No 1670/2006 of 10 November 2006 laying down certain detailed rules for the application of Council Regulation (EC) No 1784/2003 as regards the fixing and granting of adjusted refunds in respect of cereals exported in the form of certain spirit drinks⁽²⁾, and in particular Article 5 thereof,

Whereas:

- (1) Article 4(1) of Regulation (EC) No 1670/2006 lays down that the quantities of cereals eligible for the refund are to be the quantities placed under control and distilled, weighted by a coefficient to be fixed annually for each Member State concerned. The coefficient is to express the average ratio between the total quantities exported and the total quantities marketed of the spirit drink concerned, on the basis of the trend noted in those quantities during the number of years corresponding to the average ageing period of the spirit drink in question.
- (2) According to the information provided by Ireland in respect of the period 1 January to 31 December 2011, the average ageing period for Irish whiskey in 2011 was five years.
- (3) Commission Implementing Regulation (EU) No 899/2011 of 7 September 2011 fixing the coefficients applicable to cereals exported in the form of Irish whiskey for the period 2011/12⁽³⁾ has exhausted its effects, as it concerns the coefficients applicable for the year 2011/2012. The coefficients for the period 1 October 2012 to 30 September 2013 should therefore be fixed accordingly.
- (4) Article 10 of Protocol 3 to the Agreement on the European Economic Area excludes the grant of refunds in respect of exports to Liechtenstein, Iceland and Norway. Moreover, the Union has concluded agreements abolishing export refunds with certain third countries. Under the terms of Article 7(2) of Regulation (EC) No 1670/2006, this should be taken into account in calculating the coefficients for 2012/2013,

HAS ADOPTED THIS REGULATION:

Changes to legislation: There are currently no known outstanding effects for the
Commission Implementing Regulation (EU) No 736/2012. (See end of Document for details)

Article 1

For the period 1 October 2012 to 30 September 2013, the coefficients provided for in Article 4 of Regulation (EC) No 1670/2006 applying to cereals used in Ireland for manufacturing Irish whiskey shall be as set out in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

It shall apply from 1 October 2012 to 30 September 2013.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 14 August 2012.

For the Commission

The President

José Manuel BARROSO

Changes to legislation: There are currently no known outstanding effects for the
Commission Implementing Regulation (EU) No 736/2012. (See end of Document for details)

ANNEX

Coefficients applicable in Ireland

Period of application	Coefficient applicable	
	to barley used in the production of Irish whiskey, category B ^a	to cereals used in the production of Irish whiskey, category A
From 1 October 2012 to 30 September 2013	0,227	0,97

a Including malted barley.
