Article 31 **E**

Payments to areas facing natural or other specific constraints

1 Payments to farmers in mountain areas and other areas facing natural or other specific constraints shall be granted annually per hectare of agricultural area in order to compensate farmers for all or part of the additional costs and income foregone related to the constraints for agricultural production in the area concerned.

- the farming system.

[^{F32} Payments shall be granted to farmers who undertake to pursue their farming activity in the areas designated pursuant to Article 32 ^{F4}... .]

3 Payments shall be fixed between the minimum and maximum amount laid down in Annex II. These payments may be increased in duly substantiated cases taking into account specific circumstances to be justified in the rural development programmes.

4 [^{F5}The relevant authority] shall provide for degressivity of payments above a threshold level of area per holding, to be defined in the programme, except if the grant covers only the minimum payment per hectare per year as laid down in Annex II.

In the case of a legal person, or a group of natural or legal persons, [^{F6}the relevant authority] may apply the degressivity of payments at the level of the members of these legal persons or groups on condition that:

[^{F35} In addition to the payments provided for in paragraph 2, [^{F8}the relevant authority] may grant payments under this measure between 2014 and 2020 to beneficiaries in areas which were eligible under Article 36(a)(ii) of Regulation (EC) No 1698/2005 during the 2007-2013 programming period. For beneficiaries in areas that are no longer eligible following the new delimitation referred to in Article 32(3), those payments shall be degressive over a maximum period of four years. That period shall start on the date that the delimitation in accordance with Article 32(3) is completed and at the latest in 2019. Those payments shall start at no more than 80 % of the average payment fixed in the programme for the programming period 2007-2013 in accordance with Article 36(a)(ii) of Regulation (EC) No 1698/2005, and shall end in 2020 at the latest at no more than 20 %. When the application of degressivity results in the level of the payment reaching EUR 25, the [^{F9}relevant authority] can continue payments at this level until the phasing out period is completed.]

The payment level shall be established in such a way that the end-level in 2020 is half the starting level.]

Following completion of the delimitation, beneficiaries in the areas that remain eligible shall receive full payment under this measure.
