- (13) When adopting delegated acts, it is particularly important for the Commission to carry out appropriate consultations during its preparatory work, including at expert level. When preparing and drawing up delegated acts, the Commission should ensure the simultaneous, timely and appropriate transmission of relevant documents to the European Parliament and to the Council. The Commission should also ensure that the delegated acts provided for in the legislative acts do not impose a significant additional burden on the Member States or on the respondents.
- (14) In order to ensure uniform conditions for the implementation of the legislative acts, implementing powers should be conferred on the Commission. Those powers should be exercised in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council <sup>(6)</sup>.
- (15) The Standing Committee for Agricultural Statistics (SCAS) set up by Council Decision 72/279/EEC <sup>(7)</sup> provides advice to the Commission and assists it in exercising its implementing powers under the legislative acts. Under the strategy for a new European Statistical System (ESS) structure, aimed at improving coordination and partnership in a clear pyramid structure within the ESS, the European Statistical System Committee (ESSC), established by Regulation (EC) No 223/2009 of the European Parliament and of the Council <sup>(8)</sup>, should have an advisory role and should assist the Commission in exercising its implementing powers. To that effect, the legislative acts should be amended by replacing the reference to the SCAS by a reference to the ESSC. The Commission should continue to confer with experts in agriculture and fisheries statistics before bringing a matter before the ESSC.

- (16) The objectives of this Regulation are to align the existing conferral of powers on the Commission in the legislative acts with the TFEU and with the new legal framework resulting from the entry into force of Regulation (EU) No 182/2011, and, where appropriate, to review the scope of those powers. Since those objectives cannot be sufficiently achieved by the Member States but can rather be better achieved at Union level, the Union may adopt measures in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on European Union. In accordance with the principle of proportionality as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve those objectives.
- (17) For reasons of legal certainty, this Regulation should not affect the procedures for the adoption of measures provided for in the legislative acts which have been initiated but which have not been completed before the entry into force of this Regulation.
- (18) Since the amendments made to Directive 96/16/EC are technical in nature and concern committee procedure

only, those amendments do not need to be transposed by Member States,

HAVE ADOPTED THIS REGULATION:
