

Regulation (EU) No 168/2013 of the European Parliament and of the Council of 15 January 2013 on the approval and market surveillance of two- or three-wheel vehicles and quadricycles (Text with EEA relevance)

CHAPTER I

SUBJECT MATTER, SCOPE AND DEFINITIONS

Article 1	Subject matter
Article 2	Scope
Article 3	Definitions
Article 4	Vehicle categories
Article 5	Mass in running order determination

CHAPTER II

GENERAL OBLIGATIONS

Article 6	Obligations of Member States
Article 7	Obligations of approval authorities
Article 8	Market surveillance measures
Article 9	Obligations of manufacturers
Article 10	Obligations of manufacturers concerning their products that are not in conformity or that present a serious risk
Article 11	Obligations of manufacturer's representatives concerning market surveillance
Article 12	Obligations of importers
Article 13	Obligations of importers concerning their products that are not in conformity or that present a serious risk
Article 14	Obligations of distributors
Article 15	Obligations of distributors concerning their products that are not in conformity or that present a serious risk
Article 16	Cases in which obligations of manufacturers apply to importers and distributors
Article 17	Identification of economic operators

CHAPTER III

SUBSTANTIVE REQUIREMENTS

Article 18	General substantive requirements
Article 19	Prohibition of defeat devices
Article 20	Measures for manufacturers regarding modifications to the powertrain of vehicles
Article 21	General requirements of on-board diagnostic systems
Article 22	Requirements for the functional safety of vehicles
Article 23	Requirements for environmental performance

- Article 24 Additional environmental requirements with regards to greenhouse gas emissions, fuel consumption and electric energy consumption and electric range

#### CHAPTER IV

##### EU TYPE-APPROVAL PROCEDURES

- Article 25 Procedures for EU type-approval  
Article 26 Application for type-approval  
Article 27 Information folder  
Article 28 Specific requirements for information to be provided in the application for type-approval under different procedures

#### CHAPTER V

##### CONDUCT OF EU TYPE-APPROVAL PROCEDURES

- Article 29 General provisions  
Article 30 Specific provisions concerning the EU type-approval certificate  
Article 31 Specific provisions concerning systems, components or separate technical units  
Article 32 Tests required for EU type-approval  
Article 33 Conformity of production arrangements

#### CHAPTER VI

##### AMENDMENTS TO EU TYPE-APPROVALS

- Article 34 General provisions  
Article 35 Revisions and extensions of EU type-approvals  
Article 36 Issue and notification of amendments

#### CHAPTER VII

##### VALIDITY OF EU TYPE-APPROVAL

- Article 37 Termination of validity

#### CHAPTER VIII

##### CERTIFICATE OF CONFORMITY AND MARKINGS

- Article 38 Certificate of conformity  
Article 39 Statutory plate with the appropriate marking of vehicles and type-approval mark of components or separate technical units

#### CHAPTER IX

##### EXEMPTIONS FOR NEW TECHNOLOGIES OR NEW CONCEPTS

- Article 40 Exemptions for new technologies or new concepts  
Article 41 Subsequent adaptation of delegated and implementing acts

## CHAPTER X

### VEHICLES PRODUCED IN SMALL SERIES

Article 42 National type-approval of small series

## CHAPTER XI

### MAKING AVAILABLE ON THE MARKET, REGISTRATION OR ENTRY INTO SERVICE

Article 43 Making available on the market, registration or entry into service of vehicles

Article 44 Making available on the market, registration or entry into service of end-of-series vehicles

Article 45 Making available on the market or entry into service of components and separate technical units

## CHAPTER XII

### SAFEGUARD CLAUSES

Article 46 Procedure for dealing with vehicles, systems, components or separate technical units presenting a serious risk at national level

Article 47 Union safeguard procedure

Article 48 Compliant vehicles, systems, components or separate technical units that present a serious risk

Article 49 Vehicles, systems, components or separate technical units not in conformity with the approved type

Article 50 Placing on the market and entry into service of parts or equipment that may pose a serious risk to the correct functioning of essential systems

Article 51 Parts or equipment that may pose a serious risk to the correct functioning of essential systems — related requirements

Article 52 Recall of vehicles, systems, components or separate technical units

Article 53 Notification of decisions and remedies available

## CHAPTER XIII

### INTERNATIONAL REGULATIONS

Article 54 UNECE regulations required for EU type-approval

## CHAPTER XIV

### PROVISION OF TECHNICAL INFORMATION

Article 55 Information intended for users

Article 56 Information intended for manufacturers of components or separate technical units

## CHAPTER XV

## ACCESS TO REPAIR AND MAINTENANCE INFORMATION

- Article 57 Manufacturers' obligations
- Article 58 Obligations with regard to several type-approval holders
- Article 59 Fees for access to vehicle repair and maintenance information
- Article 60 Forum on Access to Vehicle Information

## CHAPTER XVI

## DESIGNATION AND NOTIFICATION OF TECHNICAL SERVICES

- Article 61 Requirements relating to technical services
- Article 62 Subsidiaries of and subcontracting by technical services
- Article 63 Designation of technical services
- Article 64 Accredited in-house technical services of the manufacturer
- Article 65 Procedures for performance standards and assessment of technical services
- Article 66 Assessment of the skills of technical services
- Article 67 Procedures for notification
- Article 68 Changes to designations
- Article 69 Challenge to the competence of technical services
- Article 70 Operational obligations of technical services
- Article 71 Information obligations of technical services

## CHAPTER XVII

## IMPLEMENTING ACTS AND DELEGATED ACTS

- Article 72 Implementing acts
- Article 73 Committee procedure
- Article 74 Amendment of the Annexes
- Article 75 Exercise of the delegation

## CHAPTER XVIII

## FINAL PROVISIONS

- Article 76 Penalties
- Article 77 Transitional provisions
- Article 78 Report
- Article 79 Review on advanced braking systems
- Article 80 Review on individual vehicles approvals
- Article 81 Repeal
- Article 82 Entry into force and application
- Signature

---

ANNEX I

ANNEX II

ANNEX III

ANNEX IV

ANNEX V

- (A) Environmental tests and requirements
- (B) Application of environmental performance test requirements for approval and extensions...

ANNEX VI

Pollutant emission limit values, OBD thresholds and sound-level limit values for type-approval and conformity of production

- (A) Tailpipe emission limits after cold start
- (B) On-board diagnostics emission thresholds
- (C) Evaporative emission limits
- (D) Sound-level limits — Euro 4 and Euro 5

ANNEX VII

Durability of pollution control devices

- (A) Durability mileage of L-category vehicles
- (B) Deterioration Factors (DF)

## ANNEX VIII

## Explanatory notes to Annexes I to VIII

- (1) The power limits in Annex I are based on maximum...
- (2) Sub-classification of an L3e vehicle according to whether it has...
- (3) 'X' means that this Regulation sets mandatory requirements with regard...
- (4) Refer to Article 23(4) and (5).
- (5) If the (hybrid) engine(s) is/are equipped with a stop/start feature,...
- (6) Directive 2009/40/EC of the European Parliament and of the Council...
- (7) Only the base two-wheel motorcycle to which the side-car is...
- (8) CI only, also if e.g. a hybrid concept includes a...
- (9) Applicable to petrol direct injection (DI) engines only.
- (10) The environmental effect study in Article 23(4) and (5) will...
- (11) PI engines running on petrol, petrol blends or ethanol.
- (12) The cost-effectiveness of evaporative emission control will be assessed in...
- (13)  $v_{max} \geq 130$  km/h.
- (14) Until the Union accedes to UNECE regulations Nos 9, 41,...
- (15) The TBD Euro 5 sound limits are to be modified...
- (16) A delegated act adopted pursuant to this Regulation contains the...
- (17) Only for PI DI and CI engines.
- (18) Also applicable for hybrid vehicles.
- (19) Refer to Annex V for the test type description, the...
- (20) For electric/hybrid electric propelled vehicles only sound requirements for silent...
- (21) Refer to Annex IV for the application dates of the...
- (22) Category L4e vehicles (motorcycles with side-car) are excluded from requirements...
- (23) To allow a combustion engine to start running, the lighting...
