Methods of prudential consolidation

^{F11} Institutions, financial holding companies and mixed financial holding companies that are required to comply with the requirements referred to in Section 1 of this Chapter on the basis of their consolidated situation shall carry out a full consolidation of all institutions and financial institutions that are their subsidiaries. Paragraphs 3 to 6 and paragraph 9 of this Article shall not apply where Part Six and point (d) of Article 430(1) apply on the basis of the consolidated situation of an institution, financial holding company or mixed financial holding company or on the sub-consolidated situation of a liquidity sub-group as set out in Articles 8 and 10.]

^{F6}For the purposes of Article 11(3a), institutions that are required to comply with the requirements referred to in Article 92a or 92b on a consolidated basis shall carry out a full consolidation of all institutions and financial institutions that are their subsidiaries in the relevant resolution groups.]

^{F12} Ancillary services undertakings shall be included in consolidation in the cases, and in accordance with the methods, laid down in this Article.

3 Where undertakings are related [^{F30}by a common management relationship], competent authorities shall determine how consolidation is to be carried out.

4 The consolidating supervisor shall require the proportional consolidation according to the share of capital held of participations in institutions and financial institutions managed by an undertaking included in the consolidation together with one or more undertakings not included in the consolidation, where the liability of those undertakings is limited to the share of the capital they hold.

5 In the case of participations or capital ties other than those referred to in paragraphs 1 and 4, competent authorities shall determine whether and how consolidation is to be carried out. In particular, they may permit or require the use of the equity method. That method shall not, however, constitute inclusion of the undertakings concerned in supervision on a consolidated basis.

6 Competent authorities shall determine whether and how consolidation is to be carried out in the following cases:

- a where, in the opinion of the competent authorities, an institution exercises a significant influence over one or more institutions or financial institutions, but without holding a participation or other capital ties in those institutions; and
- b where two or more institutions or financial institutions are placed under single management other than pursuant to a contract, clauses of their memoranda or articles of association.

That method shall not, however, constitute inclusion of the undertakings concerned in consolidated supervision.

7 Where an institution has a subsidiary which is an undertaking other than an institution, a financial institution or an ancillary services undertaking or holds a participation in such an undertaking, it shall apply to that subsidiary or participation the equity method. That method shall not, however, constitute inclusion of the undertakings concerned in supervision on a consolidated basis.

By way of derogation from the first subparagraph, competent authorities may allow or require institutions to apply a different method to such subsidiaries or participations, including the method required by the applicable accounting framework, provided that:

- a the institution does not already apply the equity method on 28 December 2020 ;
- b it would be unduly burdensome to apply the equity method or the equity method does not adequately reflect the risks that the undertaking referred to in the first subparagraph poses to the institution; and
- c the method applied does not result in full or proportional consolidation of that undertaking.
