ANNEX I

Energy efficiency, cleaning performance and dust re-emission classes

1. Energy efficiency classes
2. Cleaning performance classes
3. Dust re-emission

ANNEX II

The label

1. LABEL 1
  - 1.1. General purpose vacuum cleaners
  - 1.2. Hard floor vacuum cleaners
  - 1.3. Carpet vacuum cleaners
2. LABEL 2
  - 2.1. General purpose vacuum cleaners
  - 2.2. Hard floor vacuum cleaners
  - 2.3. Carpet vacuum cleaners
3. LABEL DESIGN
  - 3.1. The design of the labels for general purpose vacuum cleaners...
  - 3.2. The design of the labels for hard floor vacuum cleaners...
  - 3.3. The design of the labels for carpet floor vacuum cleaners...

## ANNEX III

## Fiche

1. The information in the product fiche of the vacuum cleaner...
2. One fiche may cover a number of vacuum cleaner models...
3. The information contained in the fiche may be given in...

## ANNEX IV

## Technical documentation

1. The technical documentation referred to in Article 3 shall include:...
2. Where the information included in the technical documentation file for...
3. The information contained in this technical documentation may be merged...

## ANNEX V

Information to be provided where end-users cannot be expected to see the product displayed

1. The information referred to in Article 4(b) shall be provided...
2. Where other information contained in the product information fiche is...
3. The size and font in which the information referred in...

## ANNEX VI

## Measurement and calculation methods

1. For the purposes of compliance and verification of compliance with...
2. Technical definitions
3. Annual energy consumption
  - Average specific energy consumption (ASE)
  - Power equivalent of battery operated active nozzles (NP)
4. Dust pick-up
5. Dust re-emission
6. Sound power level
7. Hybrid vacuum cleaners

## ANNEX VII

### Verification procedure for market surveillance purposes

For the purposes of assessing conformity with the requirements  
laid...

The Member State authorities shall test one single unit per...

Member State authorities shall use the measurement and  
calculation methods...

The verification tolerances defined in this Annex relate only to...
