

COMMISSION IMPLEMENTING REGULATION (EU) No 1278/2014**of 1 December 2014****amending Regulations (EC) No 967/2006, (EC) No 828/2009, (EC) No 891/2009 and Implementing Regulation (EU) No 75/2013**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 ⁽¹⁾, and in particular Articles 144(c), 144(j), 178(b), 178(f), 178(h), Article 180 and Articles 182(4) and 192(5) thereof,

Whereas:

- (1) Regulation (EU) No 1308/2013 provides for the extension of the sugar quota regime until 30 September 2017 and introduces changes in that regime. It is therefore necessary to adapt certain Regulations in the sugar sector.
- (2) For reasons of clarity, it is necessary to amend Article 4(1)(a) of Commission Regulation (EC) No 967/2006 ⁽²⁾ so as to exactly correspond to Article 140(1)(b) of Regulation (EU) No 1308/2013 which establishes that industrial sugar, industrial isoglucose or industrial inulin must have been delivered to the user on 30 November of the following marketing year at the latest.
- (3) Regulation (EC) No 967/2006 sets the deadlines for communications from the Member States to the Commission of quantities carried forward by the undertakings in application of Article 141 of Regulation (EU) No 1308/2013. In view of the new dates for communications by undertakings to the Member States set out in that Article, the deadlines set out in Article 17 of Regulation (EC) No 967/2006 need to be adapted accordingly.
- (4) Commission Regulation (EC) No 828/2009 ⁽³⁾ lays down rules for imports of sugar products of tariff heading 1701 under preferential agreements until the 2014/2015 marketing year. Article 4(4) of that Regulation establishes the list of documents that shall accompany the import licence applications and lays down that export licences may be replaced by certified copies. In view of technical developments and to simplify procedures, electronic transmission of export licences should be allowed under certain conditions.
- (5) Considering that imports under certain preferential regimes are not subject to a limited quota quantity, it is opportune to facilitate customs procedures by allowing a customary level of tolerance of maximum 5 % in licences for preferential sugar imports.
- (6) Commission Regulation (EU) No 1006/2011 ⁽⁴⁾ amended Council Regulation (EEC) No 2658/87 ⁽⁵⁾ by changing some of the CN codes applicable to sugar. The new CN codes have already been given to the products covered by Regulation (EC) No 828/2009 and Commission Regulation (EC) No 891/2009 ⁽⁶⁾ and are already being used in practice by Member States' customs authorities. Therefore, a technical adjustment of the CN codes referred to in those Regulations is opportune.

⁽¹⁾ OJ L 347, 20.12.2013, p. 671.

⁽²⁾ Commission Regulation (EC) No 967/2006 of 29 June 2006 laying down detailed rules for the application of Council Regulation (EC) No 318/2006 as regards sugar production in excess of the quota (OJ L 176, 30.6.2006, p. 22).

⁽³⁾ Commission Regulation (EC) No 828/2009 of 10 September 2009 laying down detailed rules of application for the marketing years 2009/2010 to 2014/2015 for the import and refining of sugar products of tariff heading 1701 under preferential agreements (OJ L 240, 11.9.2009, p. 14).

⁽⁴⁾ Commission Regulation (EU) No 1006/2011 of 27 September 2011 amending Annex I to Council Regulation (EEC) No 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff (OJ L 282, 28.10.2011, p. 1).

⁽⁵⁾ Council Regulation (EEC) No 2658/87 of 23 July 1987 on the tariff and statistical nomenclature and on the Common Customs Tariff (OJ L 256, 7.9.1987, p. 1).

⁽⁶⁾ Commission Regulation (EC) No 891/2009 of 25 September 2009 opening and providing for the administration of certain Community tariff quotas in the sugar sector (OJ L 254, 26.9.2009, p. 82).

- (7) The Commission has developed an information system that allows managing documents and procedures electronically in its own internal working procedures and in its relations with the authorities involved in the common agricultural policy. It is considered that the notification obligations provided for in Regulation (EC) No 828/2009 can be fulfilled via that system in accordance with Commission Regulation (EC) No 792/2009 ⁽¹⁾.
- (8) In view of the market conditions and forecast prevailing at the time, Commission Implementing Regulation (EU) No 75/2013 ⁽²⁾ provided for the non-application of additional import duties for some sugar products until the end of the marketing year 2014/2015. In view of the extension of the sugar quota regime and considering that the market forecast does not substantially change until the end of the quota regime, the non-application of additional import duties for those sugar products should be extended until 30 September 2017.
- (9) Regulations (EC) No 967/2006, (EC) No 828/2009, (EC) No 891/2009 and Implementing Regulation (EU) No 75/2013 should therefore be amended accordingly.
- (10) The Management Committee for the Common Organisation of Agricultural Markets has not delivered an opinion within the time limit set by its Chair,

HAS ADOPTED THIS REGULATION:
