Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 215/2014. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

Commission Implementing Regulation (EU) No 215/2014 of 7 March 2014 laying down rules for implementing Regulation (EU) No 1303/2013 of the European Parliament and of the Council laying down common provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European Maritime and Fisheries Fund and laying down general provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund and the European Maritime and Fisheries Fund with regard to methodologies for climate change support, the determination of milestones and targets in the performance framework and the nomenclature of categories of intervention for the European Structural and Investment Funds

#### COMMISSION IMPLEMENTING REGULATION (EU) No 215/2014

#### of 7 March 2014

laying down rules for implementing Regulation (EU) No 1303/2013 of the European Parliament and of the Council laying down common provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European Maritime and Fisheries Fund and laying down general provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund and the European Maritime and Fisheries Fund with regard to methodologies for climate change support, the determination of milestones and targets in the performance framework and the nomenclature of categories of intervention for the European Structural and Investment Funds

#### THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1303/2013 of the European Parliament and of the Council of 17 December 2013 laying down common provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European Maritime and Fisheries Fund and laying down general provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund and the European Maritime and Fisheries Fund and repealing Council Regulation (EC) No 1083/2006<sup>(1)</sup>, and in particular the third subparagraph of Article 8, the fifth subparagraph of Article 22(7) and the second subparagraph of Article 96(2) thereof,

#### Whereas:

(1) Regulation (EU) No 1303/2013 lays down common provisions on the European Regional Development Fund (ERDF), the European Social Fund (ESF), the Cohesion Fund, the European Agricultural Fund for Rural Development (EAFRD) and the European Maritime and Fisheries Fund (EMFF) which provide support under the cohesion policy and now operate under a common framework.

- The provisions in this Regulation are closely linked, since they deal with the fund-specific rules for each of the five European Structural and Investment Funds (the 'ESI Funds') on aspects common to three or more of them, i.e. a methodology for climate change support, the determination of milestones and targets in the performance framework and the nomenclature of categories of intervention and all affect the content of programmes. To ensure coherence between those provisions, which should enter into force at the same time to facilitate strategic programming of the ESI Funds, and to facilitate a comprehensive view and compact access to them by all Union residents, it is desirable to include these elements relevant for the programming of the ESI Funds to be set out by implementing acts as required by Regulation (EU) No 1303/2013 in a single Regulation.
- (3) Pursuant to the third subparagraph of Article 8 of Regulation (EU) No 1303/2013, it is necessary to adopt a common methodology to determine the level of support for climate change objectives for each of the five ESI Funds. That methodology should consist of assigning a specific weighting to the support provided under the ESI Funds at a level which reflects the extent to which such support makes a contribution to climate change mitigation and adaptation goals. The specific weighting assigned should be differentiated on the basis of whether the support makes a significant or a moderate contribution towards climate change objectives. Where the support does not contribute towards those objectives or the contribution is insignificant, a weighting of zero should be assigned. The standard weightings should be used to ensure a harmonised approach to tracking of climate change related expenditure across different Union policies. The methodology should nevertheless reflect the differences in the interventions of each of the different ESI Funds. In accordance with Regulation (EU) No 1303/2013, in the case of the ERDF, the ESF and the Cohesion Fund weightings should be attached to categories of intervention established within the nomenclature adopted by the Commission. In the case of the EAFRD weightings should be attached to focus areas set out in Regulation (EU) No 1305/2013 of the European Parliament and of the Council<sup>(2)</sup> and in the case of the EMFF to measures set out in a future Union legal act establishing the condition for the financial support for maritime and fisheries policy for the 2014-2020 programming period.
- (4) Pursuant to the fifth subparagraph of Article 22(7) of Regulation (EU) No 1303/2013 it is also necessary to lay down detailed arrangements for determining the milestones and targets in the performance framework for each priority included in programmes supported by the ESI Funds and for assessing the achievement of those milestones and targets.
- (5) The verification of whether the milestones and targets fulfil the conditions set out in Annex II to Regulation (EU) No 1303/2013 requires recording of the information used for this purpose and of the methodological approach taken to establish the performance framework. While the inclusion of that information in programmes should be voluntary, such documentation should be available both to the Member State and to the Commission to inform the development of a performance framework which is consistent with Annex II to Regulation (EU) No 1303/2013.

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 215/2014. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

- (6) Achievement of milestones set in the performance framework is a precondition for the definitive allocation of the performance reserve and serious failure to achieve milestones may lead to suspension of interim payments. It is therefore important to set out detailed arrangements for setting milestones and to define precisely what constitutes achievement of milestones.
- (7) Since achievement of targets set for the end of the programming period is an important measure of success delivering ESI Funds and serious failure to achieve targets may be the basis for a financial correction, it is important to state clearly the arrangements for setting targets and to clarify precisely what constitutes achieving targets or a serious failure to do so.
- (8) In order to reflect the progress in implementation of operations under a priority, it is necessary to set out the characteristics of key implementation steps.
- (9) In order to ensure that the performance framework reflects adequately the objectives and results sought for each Fund, or the Youth Employment Initiative, and category of region, where appropriate, it is necessary to set out specific provisions on the structure of the performance framework and on the assessment of the achievement of milestones and targets, where a priority covers more than one Fund or category of region. As only the ESF and the ERDF provide for financial allocations by category of region, the latter should not be considered relevant for the purposes of setting up a performance framework for the Cohesion Fund, the EAFRD and the EMFF.
- (10) Pursuant to the second subparagraph of Article 96(2) of Regulation (EU) No 1303/2013 it is necessary to specify common categories of intervention for the ERDF, the ESF and Cohesion Fund to enable Member States to submit to the Commission consistent information on the programmed use of the these Funds as well as information on the cumulative allocation and expenditure of these Funds by category and the number of operations throughout the application period of a programme. This is to enable the Commission to inform the other Union institutions and citizens of the Union in an appropriate manner about the use of the Funds. With the exception of categories of intervention which correspond directly to thematic objectives or investment priorities set out in Regulation (EU) No 1303/2013 and in Fund-specific Regulations, the categories of intervention can be applied to support under different thematic objectives.
- (11) In order to allow for the prompt application of the measures provided for in this Regulation, this Regulation should enter into force on the day following that of its publication in the *Official Journal of the European Union*.
- (12) The measures provided for in this Regulation are in accordance with the second subparagraph of Article 150(3) of Regulation (EU) No 1303/2013, given that the Coordination Committee for the European Structural and Investment Funds established by Article 150(1) of that Regulation delivered an opinion,

#### HAS ADOPTED THIS REGULATION:

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 215/2014. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

### CHAPTER I U.K.

# METHODOLOGY FOR DETERMINING THE SUPPORT FOR CLIMATE CHANGE OBJECTIVES FOR EACH OF THE ESI FUNDS

(Empowerment under the third subparagraph of Article 8 of Regulation (EU) No 1303/2013)

Article 1 U.K.

# Methodology for the calculation of support by the ERDF, the ESF and the Cohesion Fund for climate change objectives

- 1 The calculation of support to be used for climate change objectives by the ERDF and the Cohesion Fund shall be carried out in two steps as follows:
  - a the coefficients set out in Table 1 of Annex I to this Regulation shall be applied by intervention field code to financial data reported for those codes;
  - b in relation to financial data reported against intervention field codes that have a coefficient of zero, where financial data is reported in the thematic objective dimension against codes 04 and 05 set out in Table 5 of Annex I to this Regulation, the data shall be weighted with a 40 % coefficient in terms of their contribution to climate change objectives.
- The climate change coefficients applied on the basis of Table 1 of Annex I to this Regulation shall also apply to the respective categories under the European territorial cooperation goal established on the basis of the second subparagraph of Article 8(2) of Regulation (EU) No 1299/2013 of the European Parliament and of the Council<sup>(3)</sup>.
- The calculation of support for climate change objectives by the ESF shall be made by identifying the financial data reported against dimension code 01 'Supporting the shift to a low carbon, resource efficient economy' in accordance with Dimension 6 'Codes for the secondary theme dimension under the European Social Fund' as set out in Table 6 of Annex I to this Regulation.

Article 2 U.K.

#### Methodology for the calculation of support by the EAFRD for climate change objectives

- The indicative amount of support to be used for climate change objectives by the EAFRD in each programme as referred to in Article 27(6) of Regulation (EU) No 1303/2013 shall be calculated by applying the coefficients set out in Annex II to this Regulation to the planned expenditure shown in the financing plan referred to in Article 8(1)(h) of Regulation (EU) No 1305/2013 in relation to the priorities and focus areas referred to in points 3(b), 4, 5 and 6(b) of Article 5 of Regulation (EU) No 1305/2013.
- For the purpose of reporting on support used for climate change objectives in the annual implementation report in accordance with Article 50(4) and (5) of Regulation (EU) No 1303/2013, the coefficients referred to in paragraph 1 shall be applied to the information on expenditure referred to in Article 75(2) of Regulation (EU) No 1305/2013.

Status: Point in time view as at 07/03/2014.

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 215/2014. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

### Article 3 U.K.

#### Methodology for the calculation of support by the EMFF for climate change objectives

1 The contribution to climate change by the EMFF shall be calculated by attaching coefficients to each of the main measures supported by the EMFF reflecting the climate change relevance of each of these measures.

Support by the EMFF for climate change objectives shall be calculated on the basis of the following information:

- the indicative amount of support to be used for climate change objectives by the EMFF in each programme as referred to in Article 27(6) of Regulation (EU) No 1303/2013;
- b the coefficients established for the main measures supported by the EMFF as set out in Annex III to this Regulation;
- c reporting by Member States on financial appropriations and expenditure by measure in annual implementation reports pursuant to Article 50(4) and (5) of Regulation No 1303/2013;
- d the information and data provided by Member States on operations selected for funding pursuant to a future Union legal act establishing the conditions for the financial support for maritime and fisheries policy for the programming period 2014-2020 (the 'EMFF Regulation').
- A Member State may propose in its operational programme that a coefficient of 40% be assigned to a measure weighed with a coefficient of 0% in Annex III to this Regulation, provided that it can demonstrate the relevance of that measure to climate change mitigation or adaptation.

# CHAPTER II U.K.

# DETERMINING MILESTONES AND TARGETS IN THE PERFORMANCE FRAMEWORK AND ASSESSING THEIR ACHIEVEMENT

(Empowerment under the fifth subparagraph of Article 22(7) of Regulation (EU) No 1303/2013)

Article 4 U.K.

#### Information to be recorded by the bodies preparing the programmes

- The bodies preparing programmes shall record information on the methodologies and criteria applied to select indicators for the performance framework to ensure that corresponding milestones and targets comply with the conditions set out in paragraph 3 of Annex II to Regulation (EU) No 1303/2013 for all programmes and priorities supported by the ESI Funds, as well as the specific allocation to the Youth Employment Initiative ('YEI') as referred to in Article 16 of Regulation (EU) No 1304/2013 of the European Parliament and of the Council<sup>(4)</sup>, subject to the exceptions set out in paragraph 1 of Annex II to Regulation (EU) No 1303/2013.
- 2 The information recorded by the bodies preparing programmes shall permit verification of compliance with the conditions set out in paragraph 3 of Annex II to Regulation (EU) No 1303/2013 for the milestones and targets. This shall include:

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 215/2014. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

- a data or evidence used to estimate the value of milestones and targets and the calculation method, such as data on unit costs, benchmarks, standard or a past rate of implementation, expert advice and the conclusions of the ex-ante evaluation;
- b information on the share of the financial allocation represented by operations, to which the output indicators and key implementation steps set out in the performance framework correspond, as well as the explanation of how that share has been calculated;
- c information on how the methodology and mechanisms to ensure consistency in the functioning of the performance framework set out in the Partnership Agreement in accordance with Article 15(1)(b)(iv) of Regulation (EU) No 1303/2013 have been applied;
- d an explanation of the selection of result indicators or key implementation steps, where these have been included in the performance framework.
- 3 The information on the methodologies and criteria applied to select indicators for the performance framework and to fix corresponding milestones and targets recorded by the bodies preparing programmes shall be made available at the request of the Commission.
- The requirements referred to in paragraphs 1 to 3 of this Article shall also apply to the revision of milestones and targets in accordance with Article 30 of Regulation (EU) No 1303/2013.

Article 5 U.K.

#### Establishment of milestones and targets

- 1 Milestones and targets shall be set at the level of the priority, except in the cases referred to in Article 7. Output indicators and key implementation steps set out in the performance framework shall correspond to more than 50 % of the financial allocation to the priority. For the purposes of establishing that amount, an allocation to an indicator or key implementation step shall not be counted more than once.
- For all ESI Funds, except for the EAFRD, the milestone and the target for a financial indicator shall refer to the total amount of eligible expenditure entered into the accounting system of the certifying authority and certified by that authority in accordance with point (c) of Article 126 of Regulation (EU) No 1303/2013.

For the EAFRD, they shall refer to the realised total public expenditure entered into the common monitoring and evaluation system.

For all ESI Funds, except for the ESF and the EAFRD, the milestone and target for an output indicator shall refer to operations, where all the actions leading to outputs have been implemented in full, but for which not all the payments have necessarily been made.

For the ESF and for the EAFRD for measures according to Articles 16, 19(1)(c), 21 (1) (a) and (b), 27, 28, 29, 30, 31, 33, 34 of Regulation (EU) No 1305/2013, they may also relate to the achieved value for operations which have been started but where some of the actions leading to outputs are still ongoing.

For other measures under the EAFRD, they shall refer to the completed operations in the meaning of Article 2(14) of Regulation (EU) No 1303/2013.

A key implementation step shall be an important stage in the implementation of operations under a priority, whose completion is verifiable and may be expressed by a number

Status: Point in time view as at 07/03/2014.

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 215/2014. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

or percentage. For the purpose of Articles 6 and 7 of this Regulation, key implementation steps shall be treated as indicators.

- 5 A result indicator shall be used only where appropriate and closely linked to supported policy interventions.
- Where the information referred to in Article 4(2) of this Regulation has been found to be based on incorrect assumptions leading to under- or over-estimation of targets or milestones, this may be considered to constitute a duly justified case in the meaning of paragraph 5 of Annex II to Regulation (EU) No 1303/2013.

Article 6 U.K.

#### Achievement of milestones and targets

- The achievement of milestones and targets shall be assessed by taking into account all indicators and key implementation steps included in the performance framework set at the level of priority in the meaning of Article 2(8) of Regulation (EU) No 1303/2013 except in cases referred to in Article 7 of this Regulation.
- The milestones or targets of a priority shall be deemed to be achieved if all indicators included in the related performance framework have achieved at least 85 % of the milestone value by the end of 2018 or at least 85 % of the target value by the end of 2023. By way of derogation, where the performance framework includes three or more indicators, the milestones or targets of a priority may be deemed to be achieved if all indicators except for one achieve 85 % of their milestone values by the end of 2018 or 85 % of their target value by the end of 2023. The indicator, which does not achieve 85 % of its milestone or target value, shall not achieve less than 75 % of its milestone or target value.
- For a priority whose performance framework includes no more than two indicators, a failure to achieve at least 65 % of the milestone value by the end of 2018 for either of these indicators shall be deemed a serious failure to achieve milestones. A failure to achieve at least 65 % of the target value by the end of 2023 for either of these indicators shall be deemed a serious failure to achieve the targets.
- For a priority whose performance framework includes more than two indicators the failure to achieve at least 65 % of the milestone value by the end of 2018 for at least two of those indicators shall be deemed a serious failure to achieve milestones A failure to achieve at least 65 % of the target value by the end of 2023 for at least two of these indicators shall be deemed a serious failure to achieve the targets.

Article 7 U.K.

# Performance framework for priority axes referred to in Article 96(1)(a) and (b) of Regulation (EU) No 1303/2013 and priority axes integrating the YEI

- 1 The indicators and key implementation steps selected for the performance framework, their milestones and targets, as well as their achievement values shall be broken down by Fund and, for the ERDF and the ESF, by category of region.
- 2 The information required in Article 4(2) of this Regulation shall be set out by Fund and by category of region, where applicable.

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 215/2014. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

- The achievement of milestones and targets shall be assessed separately for each Fund and for each category of region within the priority, taking into account the indicators, their milestones and targets, and their achievement values broken down by Fund and category of region. Output indicators and key implementation steps set out in the performance framework shall correspond to more than 50 % of the financial allocation to the Fund and category of region, where applicable. For the purposes of establishing that amount, an allocation to an indicator or key implementation step shall not be counted more than once.
- If the resources for the YEI are programmed as a part of a priority axis in accordance with Article 18(c) of Regulation (EU) No 1304/2013, a performance framework shall be established separately for the YEI and the achievement of milestones set for the YEI shall be assessed separately from the other part of the priority axis.

### CHAPTER III U.K.

#### NOMENCLATURE OF CATEGORIES OF INTERVENTION FOR THE ERDF, THE ESF AND THE COHESION FUND UNDER THE INVESTMENT FOR GROWTH AND JOBS GOAL

Article 8 U.K.

Categories of intervention for the ERDF, the ESF and the Cohesion Fund(Empowerment under the second subparagraph of Article 96(2) of Regulation (EU) No 1303/2013)

- The nomenclature for categories of intervention referred to in the second subparagraph of Article 96(2) of Regulation (EU) No 1303/2013 is set out in Tables 1 to 8 of Annex I to this Regulation. The Codes set out in these tables shall apply to the ERDF with regard to the Investment for growth and jobs goal, the Cohesion Fund, the ESF and the YEI, as specified in paragraphs 2 and 3 of this Article.
- 2 Codes 001 to 101 set out in Table 1 of Annex I to this Regulation shall only apply to the ERDF and the Cohesion Fund.

Codes 102 to 120 set out in Table 1 of Annex I to this Regulation shall only apply to the ESF.

Only Code 103 set out in Table 1 of Annex I to this Regulation shall apply to the YEI.

Codes 121, 122 and 123 set out in Table 1 of Annex I to this Regulation shall apply to the ERDF, the Cohesion Fund and the ESF.

The codes set out in Tables 2 to 4, 7 and 8 of Annex I to this Regulation shall apply to the ERDF, the ESF, the YEI and the Cohesion Fund.

The codes set out in Table 5 of Annex I to this Regulation shall only apply to the ERDF and the Cohesion Fund.

The codes set out in Table 6 of Annex I to this Regulation shall only apply to the ESF and the YEI.

CHAPTER III

Document Generated: 2024-07-01

Status: Point in time view as at 07/03/2014.

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 215/2014. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

### CHAPTER IV U.K.

#### FINAL PROVISIONS

Article 9 U.K.

This Regulation shall enter into force on the day following that of its publication in the Official Journal of the European Union.

Article 3 and Annex III to this Regulation shall apply with effect as of the entry into force of the EMFF Regulation.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 7 March 2014.

For the Commission The President José Manuel BARROSO

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 215/2014. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

## ANNEX I U.K.

# Nomenclature for the categories of intervention of the Funds<sup>(5)</sup>under the Investment for growth and jobs goal and of the Youth Employment Initiative

#### TABLE 1:

#### CODES FOR THE INTERVENTION FIELD DIMENSION

<b>1.</b> INT	ERVENTION FIELD	Coefficient for the calculation of support to climate change objectives		
I. Proc	I. Productive investment:			
001	Generic productive investment in small and medium – sized enterprises ('SMEs')	0 %		
002	Research and innovation processes in large enterprises	0 %		
003	Productive investment in large enterprises linked to the low-carbon economy	40 %		
004	Productive investment linked to the cooperation between large enterprises and SMEs for developing information and communication technology ('ICT') products and services, e-commerce and enhancing demand for ICT	0 %		
II. Infrastructure providing basic services and i		related investment:		
Energy	infrastructure			
005	Electricity (storage and transmission)	0 %		
006	Electricity (TEN-E storage and transmission)	0 %		
007	Natural gas	0 %		
008	Natural gas (TEN-E)	0 %		
009	Renewable energy: wind	100 %		
010	Renewable energy: solar	100 %		
a Restricted to investments related to environmental protection or accompanied by investments necessary to mitigate or reduce its negative environmental impact.

a Regulation (EC) No 1059/2003 of the European Parliament and of the Council of 26 May 2003 on the establishment of a common classification of territorial units for statistics (NUTS) (OJ L 154, 21.6.2003, p. 1).

### ANNEX II U.K.

# Coefficients for calculating amounts of support for climate change objectives in the case of the European Agricultural Fund for Rural Development pursuant to Article 2

Article of Regulation (EU) No 1305/2013 <sup>a</sup>	Priority / focus area	Coefficient
Article 5(3)(b)	Supporting farm risk prevention and management	40 %
Article 5(4)	Restoring, preserving and enhancing ecosystems related to agriculture and forestry (all focus areas)	100 %
Article 5(5)	Promoting resource efficiency and supporting the shift towards a low-carbon and climate-resilient economy in the agriculture, food and forestry sectors (all focus areas)	100 %
Article 5(6)(b)	Fostering local development in rural areas	40 %

a Regulation (EU) No 1305/2013 of the European Parliament and of the Council of 17 December 2013 on support for rural development by the European Agricultural Fund for Rural Development (EAFRD) (OJ L 347, 20.12.2013, p. 487).

# ANNEX III U.K.

# Coefficients for calculating amounts of support for climate change objectives in the case of the European Maritime and Fisheries Fund pursuant to Article 3

	Title of the Measure	Provisional numbering	Coefficient		
CHAPTER ISustainable development in fisheries					
	Innovation	Article 28	0 %* <sup>a</sup>		
	Advisory services	Article 29	0 %		

a A weight of 40 % can be assigned to the measures marked with \* in the table, in accordance with Article 3(2).

S	Partnership between cientists and ishermen	Article 30	0 %*
c d n	Promoting human capital and social lialogue - training, networking, social lialogue	Article 31	0 %*
c d to	Promoting human capital and social lialogue - support o spouses and life partners	Article 31.2	0 %*
c d c	Promoting human capital and social dialogue – trainees on board of SSCF vessels	Article 31.3	0 %*
	Diversification and new forms of income	Article 32	0 %*
	Start-up support for young fishermen	Article 32a	0 %
I	Health and safety	Article 33	0 %
	Temporary cessation of fishing activities	Article 33a	40 %
	Permanent cessation of fishing activities	Article 33b	100 %
f c a	Mutual funds or adverse climatic events and environmental ncidents	Article 33c	40 %
a	Support to systems of illocation of fishing opportunities	Article 34	40 %
ti ii c	Support for he design and mplementation of conservation neasures	Article 35	0 %
o n	Limiting the impact of fishing on the marine environment and adapting fishing	Article 36	40 %

A weight of 40 % can be assigned to the measures marked with \* in the table, in accordance with Article 3(2).

to the protection of species		
Innovation linked to the conservation of marine biological resources	Article 37	40 %
Protection and restoration of marine biodiversity – collection of waste	Article 38.1.a	0 %
Protection and restoration of marine biodiversity – contribution to a better management or conservation, construction, installation or modernisation of static or movable facilities, preparation of protection and management plans related to NATURA2000 sites and special protected areas, management, restoration and monitoring marine protected areas, including NATURA 2000 sites, environmental awareness, participation in other actions aimed at maintaining and enhancing biodiversity and ecosystem services	Article 38.1.b-e, ea, f	40 %
Protection and restoration of marine biodiversity – schemes for the compensation of damage to catches caused by mammals and birds	Article 38.1.eb	0 %

**a** A weight of 40 % can be assigned to the measures marked with \* in the table, in accordance with Article 3(2).

Status: Point in time view as at 07/03/2014.

Mitigation of climate change – on board investments	Article 39.1.a	100 %
Mitigation of climate change – energy efficiency audits and schemes	Article 39.1.b	100 %
Energy efficiency - studies to assess the contribution of alternative propulsion systems and hull designs	Article 39.1.c	40 %
Replacement or modernisation of main or ancillary engines	Article 39.2	100 %
Added value, product quality and use of unwanted catches	Article 40	0 %
Fishing ports, landing sites, auction halls and shelters - investments improving fishing port and auctions halls infrastructure or landing sites and shelters	Article 41.1	40 %
Fishing ports, landing sites, auction halls and shelters – investments to facilitate compliance with the obligation to land all catches	Article 41.2	0 %
Fishing ports, landing sites, auction halls and shelters – investments to improve the safety of fishermen	Article 41.3	0 %
Inland Fishing and inland aquatic fauna and flora - on board or in individual	Article 42.1.a	0* %

a A weight of 40 % can be assigned to the measures marked with \* in the table, in accordance with Article 3(2).

equipment as referred to in Article 33		
Inland fishing and inland aquatic fauna and flora. Investments in equipment and types of operations as referred to in Article 36 and Article 37	Article 42.1.b	
Inland Fishing and inland aquatic fauna and flora - on board and energy efficiency audits and schemes	Article 42.1.c	
Inland Fishing and inland aquatic fauna and flora –promotion of human capital and social dialogue.	Article 42.1.aa	0 %
Inland Fishing and inland aquatic fauna and flora - fishing ports, shelters and landing sites	Article 42.1.d	0 %
Inland Fishing and inland aquatic fauna and flora - investments improving the value or quality of the fish caught	Article 42.1.da	0 %
Inland Fishing and inland aquatic fauna and flora - start-up for young fishermen	Article 42.1.1a	0 %
Inland Fishing and inland aquatic fauna and flora - development and facilitation of innovation	Article 42.1b	0 %*
Inland Fishing and inland aquatic fauna and flora - to protect and develop aquatic fauna and flora,	Article 42.5	40 %

a A weight of 40 % can be assigned to the measures marked with \* in the table, in accordance with Article 3(2).

Status: Point in time view as at 07/03/2014.

	Innovation	Article 45	0 %*
	Productive investments in aquaculture	Article 46	0 %*
	Management, relief and advisory services for aquaculture farms	Article 48	0 %*
	Promoting human capital and networking	Article 49	0 %*
	Increasing the potential of aquaculture sites	Article 50	40 %
	Encouraging new sustainable aquaculture farmers	Article 51	0 %
	Conversion to eco- management and audit schemes and organic aquaculture	Article 53	40 %
	Aquaculture providing environmental services	Article 54	40 %
	Public health measures	Article 55	0 %
	Animal health and welfare measures	Article 56	0 %
	Aquaculture stock insurance	Article 57	40 %
CHAPTER IIISusta	nable development of fi	sheries areas	
	Preparatory support	Article 63.1.a	0 %
	Implementation of local development strategies	Article 65	40 %
	Cooperation activities	Article 66	0 %*
	Running cost and animation	Article 63.1.d	0 %
