

Regulation (EU) No 508/2014 of the European Parliament and of the Council of 15 May 2014 on the European Maritime and Fisheries Fund and repealing Council Regulations (EC) No 2328/2003, (EC) No 861/2006, (EC) No 1198/2006 and (EC) No 791/2007 and Regulation (EU) No 1255/2011 of the European Parliament and of the Council

TITLE V

MEASURES FINANCED UNDER SHARED MANAGEMENT

CHAPTER II

Sustainable development of aquaculture

Article 45

Specific objectives

Support under this Chapter shall contribute to the achievement of the specific objectives under the Union priority set out in Article 6(2).

Article 46

General conditions

1 Support under this Chapter shall be limited to aquaculture enterprises, unless otherwise stated in this Regulation.

2 For the purposes of this Article, entrepreneurs entering the sector shall provide a business plan and, where the amount of investments is more than EUR 50 000, a feasibility study including an environmental assessment of the operations. Support under this Chapter shall be granted only where it has been clearly demonstrated in an independent marketing report that good and sustainable market prospects exist for the product.

3 Where operations consist of investments in equipment or infrastructure ensuring compliance with future requirements relating to the environment, human or animal health, hygiene or animal welfare under Union law, support may be granted until the date on which such requirements become mandatory for the enterprises.

4 Support shall not be granted to the farming of genetically modified organisms.

5 Support shall not be granted to aquaculture operations in marine protected areas, if it has been determined by the competent authority of the Member State, on the basis of an environmental impact assessment, that the operation would generate significant negative environmental impact that cannot be adequately mitigated.

Changes to legislation: There are outstanding changes not yet made to Regulation (EU) No 508/2014 of the European Parliament and of the Council. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

Article 47

Innovation

- 1 In order to stimulate innovation in aquaculture, the EMFF may support operations aiming at:
 - a developing technical, scientific or organisational knowledge in aquaculture farms, which, in particular, reduces the impact on the environment, reduces dependence on fish meal and oil, fosters a sustainable use of resources in aquaculture, improves animal welfare or facilitates new sustainable production methods;
 - b developing or introducing on the market new aquaculture species with good market potential, new or substantially improved products, new or improved processes, or new or improved management and organisation systems;
 - c exploring the technical or economic feasibility of innovative products or processes.
- 2 Operations under this Article shall be carried out by, or in collaboration with, public or private scientific or technical bodies, recognised by the Member State, which shall validate the results of such operations.
- 3 The results of operations receiving support shall be adequately publicised by the Member State in accordance with Article 119.

Article 48

Productive investments in aquaculture

- 1 The EMFF may support:
 - a productive investments in aquaculture;
 - b the diversification of aquaculture production and species cultured;
 - c the modernisation of aquaculture units, including the improvement in working and safety conditions of aquaculture workers;
 - d improvements and modernisation related to animal health and welfare, including the purchase of equipment aiming at protecting the farms from wild predators;
 - e investments reducing the negative impact or enhancing the positive effects on the environment and increasing resource efficiency;
 - f investments in enhancing the quality of, or in adding value to, aquaculture products;
 - g the restoration of existing aquaculture ponds or lagoons through the removal of silt, or investments aimed at the prevention of silt deposits;
 - h the diversification of the income of aquaculture enterprises through the development of complementary activities;
 - i investments resulting in a substantial reduction in the impact of aquaculture enterprises on water usage and quality, in particular through reducing the amount of water or chemicals, antibiotics and other medicines used, or through improving the output water quality, including through the deployment of multi-trophic aquaculture systems;
 - j the promotion of closed aquaculture systems where aquaculture products are farmed in closed recirculation systems, thereby minimising water use;
 - k investments increasing energy efficiency and promoting the conversion of aquaculture enterprises to renewable sources of energy.

Changes to legislation: There are outstanding changes not yet made to Regulation (EU) No 508/2014 of the European Parliament and of the Council. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

2 Support under point (h) of paragraph 1 shall only be granted to aquaculture enterprises if the complementary activities relate to the core aquaculture business of the enterprise, including angling tourism, environmental services related to aquaculture or educational activities concerning aquaculture.

3 Support under paragraph 1 may be granted for the increase in production and/or modernisation of existing aquaculture enterprises, or for the construction of new ones, provided that the development is consistent with the multiannual national strategic plan for the development of aquaculture referred to in Article 34 of Regulation (EU) No 1380/2013.

Article 49

Management, relief and advisory services for aquaculture farms

1 In order to improve the overall performance and competitiveness of aquaculture farms, and to reduce the negative environmental impact of their operations, the EMFF may support:

- a the setting-up of management, relief and advisory services for aquaculture farms;
- b the purchase of farm advisory services of a technical, scientific, legal, environmental or economic nature.

2 Advisory services referred to in point (b) of paragraph 1 shall cover:

- a the management needs to enable aquaculture farms to comply with Union and national environmental legislation, as well as with maritime spatial planning requirements;
- [^{X1}b environmental impact assessment as referred to in Directive 2011/92/EU of the European Parliament and of the Council⁽¹⁾ and Directive 92/43/EEC;]
- c the management needs to enable aquaculture farms to comply with Union and national aquatic animal health and welfare or public health legislation;
- d health and safety standards based on Union and national legislation;
- e marketing and business strategies.

3 The advisory services referred to in point (b) of paragraph 1 shall be provided by scientific or technical bodies, as well as by entities providing legal or economic advice with the required competences as recognised by the Member State.

4 Support under point (a) of paragraph 1 shall only be granted to public law bodies or other entities selected by the Member State to set up the farm advisory services. Support under point (b) of paragraph 1 shall only be granted to aquaculture SMEs or aquaculture organisations, including aquaculture producer organisations and associations of aquaculture producer organisations.

5 Where the support does not exceed EUR 4 000, the beneficiary may be selected by means of an accelerated procedure.

6 Beneficiaries shall not receive support more than once per year for each category of advisory services referred to in paragraph 2.

Article 50

Promotion of human capital and networking

1 In order to promote human capital and networking in aquaculture, the EMFF may support:

- a professional training, lifelong learning, the dissemination of scientific and technical knowledge and innovative practices, the acquisition of new professional skills in aquaculture and with regard to the reduction of the environmental impact of aquaculture operations;
- b the improvement of working conditions and the promotion of occupational safety;
- c networking and exchange of experiences and best practices among aquaculture enterprises or professional organisations and other stakeholders, including scientific and technical bodies or those promoting equal opportunities between men and women.

2 Support referred to in point (a) of paragraph 1 shall not be granted to large aquaculture enterprises, unless they are engaged in knowledge-sharing with SMEs.

3 By way of derogation from Article 46, support under this Article shall also be granted to public or semi-public organisations and to other organisations recognised by the Member State.

4 Support under this Article shall also be granted to spouses of self-employed aquaculture farmers or, where and in so far as they are recognised by national law, to the life partners of self-employed aquaculture farmers, under the conditions laid down in point (b) of Article 2 of Directive 2010/41/EU.

Article 51

Increasing the potential of aquaculture sites

1 In order to contribute to the development of the aquaculture sites and infrastructures, and to reduce the negative environmental impact of the operations, the EMFF may support:

- a the identification and mapping of the most suitable areas for developing aquaculture, taking into account, where applicable, spatial planning processes, and the identification and mapping of areas where aquaculture should be excluded in order to maintain the role of such areas in the functioning of the ecosystem;
- b the improvement and development of support facilities and infrastructures required to increase the potential of aquaculture sites and to reduce the negative environmental impact of aquaculture, including investments in land consolidation, energy supply or water management;
- c action taken and implemented by competent authorities under Article 9(1) of Directive 2009/147/EC or Article 16(1) of Directive 92/43/EEC, with the aim of preventing serious damage to aquaculture;
- d action taken and implemented by competent authorities following the detection of increased mortalities or diseases as provided for in Article 10 of Council Directive 2006/88/EC⁽²⁾. Those actions may cover the adoption of shellfish action plans aimed

at the protection, restoration and management, including support to shellfish producers for the maintenance, of natural shellfish banks and catchment areas.

2 Beneficiaries of support under this Article shall only be public law bodies or private bodies entrusted by the Member State with the tasks referred to in paragraph 1.

Article 52

Encouraging new aquaculture farmers practising sustainable aquaculture

1 In order to foster entrepreneurship in aquaculture, the EMFF may support the setting-up of sustainable aquaculture enterprises by new aquaculture farmers.

2 Support under paragraph 1 shall be granted to aquaculture farmers entering the sector provided that they:

- a possess adequate professional skills and competence;
- b set up for the first time an aquaculture micro or small enterprise, as managers of that enterprise; and
- c submit a business plan for the development of their aquaculture activities.

3 In order to acquire adequate professional skills, aquaculture farmers entering the sector may benefit from support under point (a) of Article 50(1).

Article 53

Conversion to eco-management and audit schemes and organic aquaculture

1 In order to promote the development of organic or energy-efficient aquaculture, the EMFF may support:

- a the conversion of conventional aquaculture production methods into organic aquaculture within the meaning of Council Regulation (EC) No 834/2007⁽³⁾ and in accordance with Commission Regulation (EC) No 710/2009⁽⁴⁾;
- b the participation in the Union eco-management and audit schemes (EMAS) established by Regulation (EC) No 761/2001 of the European Parliament and of the Council⁽⁵⁾.

2 Support shall only be granted to beneficiaries who commit themselves to participate in the EMAS for a minimum of three years or to comply with the requirements of organic production for a minimum of five years.

3 Support shall take the form of compensation for a maximum of three years during the period of the conversion of the enterprise to organic production, or during the preparation for participation in the EMAS. Member States shall calculate that compensation on the basis of:

- a the loss of revenue or additional costs incurred during the period of transition from conventional into organic production for operations eligible under point (a) of paragraph 1; or
- b the additional costs resulting from the application and preparation of the participation in EMAS for operations eligible under point (b) of paragraph 1.

Changes to legislation: There are outstanding changes not yet made to Regulation (EU) No 508/2014 of the European Parliament and of the Council. Article 54

Aquaculture providing environmental services

1 In order to foster the development of aquaculture providing environmental services, the EMFF may support:

- a aquaculture methods compatible with specific environmental needs and subject to specific management requirements resulting from the designation of NATURA 2000 areas in accordance with Directives 92/43/EEC and 2009/147/EC;
- b participation, in terms of costs directly related thereto, in ex-situ conservation and reproduction of aquatic animals, within the framework of conservation and biodiversity restoration programmes developed by public authorities, or under their supervision;
- c aquaculture operations which include conservation and improvement of the environment and of biodiversity, and management of the landscape and traditional features of aquaculture zones.

2 Support under point (a) of paragraph 1 shall take the form of annual compensation for the additional costs incurred and/or income foregone as a result of management requirements in the areas concerned, related to the implementation of Directives 92/43/EEC or 2009/147/EC.

3 Support under point (c) of paragraph 1 shall be granted only to beneficiaries who commit themselves for a minimum period of five years to aqua-environmental requirements that go beyond the mere application of Union and national law. The environmental benefits of the operation shall be demonstrated by a prior assessment conducted by competent bodies designated by the Member State, unless the environmental benefits of that operation are already recognised.

4 Support under point (c) of paragraph 1 shall take the form of annual compensation for the additional costs incurred and/or income foregone.

5 The results of operations receiving support under this Article shall be adequately publicised by the Member State in accordance with Article 119.

[^{F1}Article 55

Public health measures

1 The EMFF may support the following compensation schemes:

- a compensation to mollusc farmers for the temporary suspension of the harvesting of farmed molluscs, where such suspension occurs exclusively for reasons of public health;
- b granting working capital and compensation to aquaculture farmers.

Compensation referred to in point (b) of the first subparagraph may be granted for the temporary suspension or reduction of production and sales or for the additional storage costs occurring between 1 February and 31 December 2020 as a consequence of the COVID#19 outbreak.

2 Support under point (a) of paragraph 1 may only be granted where the suspension of harvesting due to the contamination of molluscs is the result of the proliferation of toxin# producing plankton or the presence of plankton containing biotoxins, and provided that:

- a the contamination lasts for more than four consecutive months; or

- b the loss, resulting from the suspension of harvesting, amounts to more than 25 % of the annual turnover of the business concerned, calculated on the basis of the average turnover of that business over the three calendar years preceding the year in which the harvest was suspended.

For the purposes of point (b) of the first subparagraph, Member States may establish special calculation rules in respect of companies with less than three years of activity.

3 The duration for which compensation under point (a) of paragraph 1 may be granted shall be a maximum of 12 months over the entire programming period. In duly justified cases, it may be extended once for a maximum of an additional 12 months up to a combined maximum of 24 months.

In accordance with the second subparagraph of Article 65(9) of Regulation (EU) No 1303/2013 and by way of derogation from the first subparagraph thereof, expenditure for operations supported under point (b) of paragraph 1 of this Article shall be eligible as of 1 February 2020.]

Article 56

Animal health and welfare measures

1 In order to foster animal health and welfare in aquaculture enterprises, inter alia, in terms of prevention and bio-security, the EMFF may support:

- [^{X1}a the costs of control and eradication of diseases in aquaculture in accordance with Regulation (EU) No 652/2014 of the European Parliament and of the Council⁽⁶⁾, including the operational costs necessary to fulfil the obligations in an eradication plan;]
- b the development of general and species-specific best practices or codes of conduct on bio-security or on animal health and animal welfare needs in aquaculture;
- c initiatives aimed at reducing the dependence of aquaculture on veterinary medicine;
- d veterinary or pharmaceutical studies and dissemination and exchange of information and best practices regarding veterinary diseases in aquaculture, with the aim of promoting an appropriate use of veterinary medicine;
- e the establishment and operation of health protection groups in the aquaculture sector as recognised by Member States;
- f compensation to mollusc farmers for the temporary suspension of their activities due to exceptional mass mortality, if the mortality rate exceeds 20 %, or if the loss resulting from the suspension of the activity amounts to more than 35 % of the annual turnover of the business concerned, calculated on the basis of the average turnover of that business over the three calendar years preceding the year in which the activities were suspended.

2 Support under point (d) of paragraph 1 shall not cover the purchase of veterinary medicines.

3 The results of the studies financed under point (d) of paragraph 1 shall be adequately reported and publicised by the Member State in accordance with Article 119.

Article 57

Aquaculture stock insurance

1 In order to safeguard the income of aquaculture producers, the EMFF may contribute to an aquaculture stock insurance covering economic losses due to at least one of the following:

- a natural disasters;
- b adverse climatic events;
- c sudden water quality and quantity changes for which the operator is not responsible;
- d diseases in aquaculture, failure or destruction of production facilities for which the operator is not responsible^{[F2];}
- ^[F3]e public health crises.]

2 The occurrence of the circumstances referred to in paragraph 1 in aquaculture shall be formally recognised as such by the Member State concerned.

3 Member States may, where appropriate, establish in advance criteria on the basis of which the formal recognition referred to in paragraph 2 shall be deemed to be granted.

4 Support shall only be granted for aquaculture stock insurance contracts which cover economic losses, as referred to in paragraph 1, exceeding 30 % of the average annual turnover of the aquaculture farmer, calculated on the basis of the average turnover of the aquaculture farmer over the three calendar years preceding the year in which the economic losses occurred.
