

Commission Delegated Regulation (EU) No 664/2014 of 18 December 2013 supplementing Regulation (EU) No 1151/2012 of the European Parliament and of the Council with regard to the establishment of the Union symbols for protected designations of origin, protected geographical indications and traditional specialities guaranteed and with regard to certain rules on sourcing, certain procedural rules and certain additional transitional rules

Article 1

Specific rules on sourcing of feed and of raw materials

1 For the purposes of Article 5 of Regulation (EU) No 1151/2012, feed shall be sourced entirely from within the defined geographical area in respect of products of animal origin the name of which is registered as a protected designation of origin.

Insofar as sourcing entirely from within the defined geographical area is not technically practicable, feed sourced from outside that area can be added, provided that the product quality or characteristic essentially due to the geographical environment are not affected. Feed sourced from outside the defined geographical area shall in no case exceed 50 % of dry matter on annual basis.

2 Any restrictions to the origin of raw materials provided in the product specification of a product the name of which is registered as a protected geographical indication shall be justified in relation to the link referred to in point (f)(ii) of Article 7(1) of Regulation (EU) No 1151/2012.
