CHAPTER I

**PAYING AGENCIES AND OTHER BODIES**

*Article 1*

**Conditions for the accreditation of paying agencies**

1. Paying agencies carrying out the management and control of expenditure as provided for in Article 7(1) of Regulation (EU) No 1306/2013 shall provide, in respect of payments made by them and as regards communicating and keeping information, sufficient guarantees that:

- (a) the eligibility of requests and, in the framework of rural development, the procedure for allocating aid, as well as their compliance with Union rules are checked before payment is authorised;
- (b) accurate and exhaustive accounts are kept of the payments made;
- (c) the checks laid down by Union legislation are made;
- (d) the requisite documents are presented within the time limits and in the form set out by Union rules;
- (e) the documents are accessible and kept in a manner which ensures their completeness, validity and legibility over time, including with regard to electronic documents within the meaning of Union rules.

2. Member States shall accredit as paying agencies departments or bodies which fulfil the conditions laid down in paragraph 1. Furthermore, in order to be accredited, a paying agency shall have an administrative organisation and a system of internal control which comply with the criteria set out in Annex I ('accreditation criteria') regarding

- (a) internal environment;
- (b) control activities;
- (c) information and communication;
- (d) monitoring.

Member States may lay down further accreditation criteria to take account of the size, responsibilities and other specific features of the paying agency.

**▼B***Article 2***Conditions for the accreditation of coordinating bodies**

1. Where more than one paying agency is accredited, in accordance with Article 7(4) of Regulation (EU) No 1306/2013, the Member State concerned shall, by a formal act at ministerial level, decide on the accreditation of the coordinating body after it has satisfied itself that the administrative arrangements of that body offer sufficient assurance that it is capable of fulfilling the tasks referred to in that Article.
2. In order to be accredited, the coordinating body shall have procedures in place to ensure that:
  - (a) declarations to the Commission are based on information from properly authorised sources;
  - (b) declarations to the Commission are properly authorised before transmission;
  - (c) a proper audit trail exists to support the information transmitted to the Commission;
  - (d) a record of information received and transmitted is securely stored, either in paper or in computerised format.

*Article 3***Obligations of the paying agency as regards public intervention**

1. The paying agencies referred to in Article 7(1) of Regulation (EU) No 1306/2013 shall manage and ensure control of the operations linked to intervention measures relating to public storage for which they are responsible, under the terms laid down in Annex II to this Regulation and, where appropriate, in the sectoral agricultural legislation, in particular on the basis of the minimum checking rates fixed in that Annex.

The paying agencies may delegate their powers in this connection to intervention agencies which meet the conditions of approval laid down in point 1.C of Annex I to this Regulation or act through other paying agencies.

2. The paying agencies or intervention agencies may, without prejudice to their overall responsibility relating to public storage:
  - (a) entrust the management of certain public storage measures to natural or legal persons storing bought-in agricultural products ('storers');
  - (b) mandate natural or legal persons to carry out certain specific tasks laid down by the sectoral agricultural legislation.

**▼B**

If the paying agencies entrust the management to storers as referred to in point (a) of the first subparagraph, such management shall be carried out under storage contracts on the basis of the obligations and general principles set out in Annex III.

3. The obligations of paying agencies with regard to public storage shall be, in particular, as follows:

- (a) to keep stock accounts and financial accounts for each product covered by an intervention measure involving public storage, based on the operations they carry out from 1 October of one year to 30 September of the following year, this period being referred to as an 'accounting year';
- (b) to keep an up-to-date list of the storers with whom they have concluded public storage contracts. This list shall contain references allowing the exact identification of all storage points, their capacity, the number of warehouses, cold stores and silos, and drawings and diagrams thereof;
- (c) to make available to the Commission the standard contracts used for public storage, the rules laid down for the taking-over of products, their storage and removal from the storehouses of the storers, and the rules applicable to the liability of storers;
- (d) to keep centralised, computerised stock accounts of all stocks, covering all storage places, all products and all the quantities and qualities of the different products, specifying in each case the weight (net and gross, where applicable) or the volume;
- (e) to perform all operations relating to the storage, conservation, transport or transfer of intervention products in accordance with Union and national legislation, without prejudice to the responsibility of the purchasers, of the other paying agencies involved in an operation and of any other persons acting on instruction in this regard;
- (f) to conduct checks on places where intervention stocks are held, throughout the year, at irregular intervals and without prior warning. However, provided that the purpose of the control is not jeopardised, advance notice may be given, strictly limited to the minimum time period necessary. Such notice shall not exceed 24 hours, except in duly justified cases;

**▼B**

- (g) to conduct an annual stocktaking in accordance with Article 4.

Where, in a Member State, management of the public storage accounts for one or more products is carried out by more than one paying agency, the stock accounts and financial accounts referred to in points (a) and (d) shall be consolidated at Member State level before the corresponding information is notified to the Commission.

4. The paying agencies shall take all the necessary steps to ensure:

(a) that products covered by Union intervention measures are properly conserved by checking the quality of stored products at least once a year;

(b) the integrity of intervention stocks.

5. The paying agencies shall inform the Commission immediately:

(a) of cases where extending the storage period of a product is likely to result in its deterioration;

(b) of quantitative losses or deterioration of the product due to natural disasters.

Where situations referred to in points (a) and (b) of the first subparagraph are applicable, the Commission shall adopt the appropriate decision:

(a) as regards the situations referred to in point (a) of the first subparagraph, in accordance with the examination procedure referred to in Article 229(2) of Regulation (EU) No 1308/2013 of the European Parliament and of the Council <sup>(1)</sup>;

(b) as regards the situations referred to in point (b) of the first subparagraph, in accordance with the examination procedure referred to in Article 116(3) of Regulation (EU) No 1306/2013.

6. The paying agencies shall bear any financial consequences of poor conservation of products covered by Union intervention measures, in particular those resulting from unsuitable storage methods. Without prejudice to any recourse against storers, the paying agencies shall bear financial responsibility for failure to comply with their undertakings or obligations.

<sup>(1)</sup> Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 (OJ L 347, 20.12.2013, p. 671).

**▼B**

7. The paying agencies shall make the public storage accounts and all documents, contracts and files drawn up or received in the context of intervention operations permanently available to Commission agents or persons mandated by the Commission, either electronically or at the premises of the paying agencies.

*Article 4***Inventory**

1. During each accounting year, the paying agencies shall draw up an inventory for each product which has been the subject of Union intervention.

They shall compare the results of the inventory with the accounting data. Any differences in quantities found, and the amounts resulting from differences in quality found during checks, shall be accounted for in accordance with the rules adopted pursuant to Article 46(6)(a) of Regulation (EU) No 1306/2013.

2. For the purposes of paragraph 1, missing quantities resulting from normal storage operations shall be equal to the difference between the theoretical stock shown by the accounts inventory, on the one hand, and the actual physical stock as established on the basis of the inventory provided for in paragraph 1 or the stock shown as remaining on the books after the physical stock of a store has been exhausted, on the other hand and shall be subject to the tolerance limits set out in Annex IV.

## CHAPTER II

**FINANCIAL MANAGEMENT***Article 5***Non-Compliance with the latest payment deadline**

1. As regards the European Agricultural Guarantee Fund (EAGF), pursuant to the exceptions referred to in the first paragraph of Article 40 of Regulation (EU) No 1306/2013 and in accordance with the principle of proportionality, expenditure effected after the payment deadlines shall be eligible for Union payments under the conditions laid down in paragraphs 2 to 6 of this Article.

2. Where expenditure effected after the deadlines is equal to 5 % or less of the expenditure effected before the deadlines, no reduction of the monthly payments shall be made.

Where expenditure effected after the deadlines is above the threshold of 5 %, all further expenditure effected late shall be reduced in accordance with the following rules:

**▼B**

- (a) expenditure effected in the first month following the month in which the payment deadline expired, shall be reduced by 10 %,
- (b) expenditure effected in the second month following the month in which the payment deadline expired, shall be reduced by 25 %,
- (c) expenditure effected in the third month following the month in which the payment deadline expired, shall be reduced by 45 %,
- (d) expenditure effected in the fourth month following the month in which the payment deadline expired, shall be reduced by 70 %,
- (e) expenditure effected later than the fourth month following the month in which the payment deadline expired, shall be reduced by 100 %.

3. By way of derogation from paragraph 2, in the case of the direct payments falling under the ceiling referred to in Article 7 of Regulation (EU) No 1307/2013 of the European Parliament and of the Council <sup>(1)</sup> the following conditions shall apply:

- (a) where the threshold referred to in the first subparagraph of paragraph 2 has not been used in full for payments made in respect of calendar year N no later than 15 October of year N + 1 and the remainder of the threshold exceeds 2 %, that remainder shall be reduced to 2 %;
- (b) during a financial year N+1, direct payments, other than payments provided for in Regulation (EU) No 228/2013 of the European Parliament and of the Council <sup>(2)</sup> and in Regulation (EU) No 229/2013 of the European Parliament and of the Council <sup>(3)</sup>, in respect of calendar years N-1 or earlier made after the payment deadline will only be eligible for financing by EAGF if the total amount of direct payments made within financial year N+1, where applicable corrected to amounts before the adjustment provided for in Article 26 of Regulation (EU) No 1306/2013, does not exceed the ceiling laid down in Annex III of Regulation (EU) No 1307/2013 in respect of calendar year N, in accordance with Article 7 of that Regulation;
- (c) expenditure exceeding the limits referred to in point (a) or (b) shall be reduced by 100 %.

<sup>(1)</sup> Regulation (EU) No 1307/2013 of the European Parliament and of the Council of 17 December 2013 establishing rules for direct payments to farmers under support schemes within the framework of the common agricultural policy and repealing Council Regulation (EC) No 637/2008 and Council Regulation (EC) No 73/2009 (OJ L 347, 20.12.2013, p. 608).

<sup>(2)</sup> Regulation (EU) No 228/2013 of the European Parliament and of the Council of 13 March 2013 laying down specific measures for agriculture in the outermost regions of the Union and repealing Council Regulation (EC) No 247/2006 (OJ L 78, 20.3.2013, p. 23).

<sup>(3)</sup> Regulation (EU) No 229/2013 of the European Parliament and of the Council of 13 March 2013 laying down specific measures for agriculture in favour of the smaller Aegean islands and repealing Council Regulation (EC) No 1405/2006 (OJ L 78, 20.3.2013, p. 41).

**▼B**

The amounts of the reimbursements referred to in Article 26(5) of Regulation (EU) No 1306/2013 shall not be taken into account to check whether the condition laid down in point (b) of the first subparagraph of this paragraph is fulfilled.

**▼M1**

3a. By way of derogation from paragraph 2, during financial year 2015, in the case of direct payments listed in Annex I to Council Regulation (EC) No 73/2009, the following conditions shall apply:

- (a) where the threshold referred to in the first subparagraph of paragraph 2 has not been used in full for payments made in respect of calendar year 2014 no later than 15 October 2015 and the remainder of the threshold exceeds 2 %, that remainder shall be reduced to 2 %;
- (b) in the case of Member States applying the Single Payment Scheme in accordance with Chapter 3 of Title III of Regulation (EC) No 73/2009, direct payments, other than payments provided for in Regulation (EU) No 228/2013 of the European Parliament and of the Council <sup>(1)</sup> and in Regulation (EU) No 229/2013 of the European Parliament and of the Council <sup>(2)</sup>, in respect of calendar years 2013 or earlier made after the payment deadline will only be eligible for financing by the EAGF if the total amount of direct payments made within financial year 2015, where applicable corrected to amounts before the adjustment provided for in Article 11 of Regulation (EC) No 73/2009 or in Article 26 of Regulation (EU) No 1306/2013, does not exceed the ceiling set out in Annex VIII to Regulation (EC) No 73/2009 in respect of calendar year 2014 and taking into account the amounts resulting from the application of Article 136b of Regulation (EC) No 73/2009 for calendar year 2014 as set out in Annex VIIIa to that Regulation;
- (c) in the case of Member States applying the Single Area Payment Scheme as laid down by Article 122 of Regulation (EC) No 73/2009, direct payments in respect of calendar years 2013 or earlier made after the payment deadline will only be eligible for financing by the EAGF if the total amount of direct payments made within financial year 2015, where applicable corrected to amounts before the adjustment provided for in Article 11 of Regulation (EC) No 73/2009 or in Article 26 of Regulation (EU) No 1306/2013, does not exceed the sum of individual ceilings laid down for direct payments in respect of calendar year 2014 for the Member State concerned;

<sup>(1)</sup> Regulation (EU) No 228/2013 of the European Parliament and of the Council of 13 March 2013 laying down specific measures for agriculture in the outermost regions of the Union and repealing Council Regulation (EC) No 247/2006 (OJ L 78, 20.3.2013, p. 23).

<sup>(2)</sup> Regulation (EU) No 229/2013 of the European Parliament and of the Council of 13 March 2013 laying down specific measures for agriculture in favour of the smaller Aegean islands and repealing Council Regulation (EC) No 1405/2006 (OJ L 78, 20.3.2013, p. 41).

**▼M1**

- (d) expenditure exceeding the limits referred to in point (a), (b) or (c) shall be reduced by 100 %.

The amounts of the reimbursements referred to in Article 26(5) of Regulation (EU) No 1306/2013 shall not be taken into account to check whether the condition laid down in point (b) or (c) of the first subparagraph of this paragraph is fulfilled.

**▼B**

4. The Commission shall apply a different time scale from those laid down in paragraphs 2 and 3, and/or lower reductions or no reduction at all, if exceptional management conditions are encountered for certain measures or if justified reasons are advanced by the Member States.

However, the first subparagraph shall not apply for expenditure exceeding the limit referred to in point (b) of paragraph 3.

5. Checks on compliance with the payment deadlines, in the context of the monthly payments, shall be made twice each financial year:

(a) on expenditure effected by 31 July,

(b) on expenditure effected by 15 October.

Any overrun of deadlines in August, September and October shall be taken into account in the accounts clearance decision referred to in Article 51 of Regulation (EU) No 1306/2013.

6. The reductions referred to in this Article shall be applied without prejudice to the subsequent decision on conformity clearance, as referred to in Article 52 of Regulation (EU) No 1306/2013.

*Article 6***Non-Compliance with earliest date of payment**

As regards EAGF, if Member States are allowed to pay advances up to a certain maximum amount before the earliest payment date fixed in the agricultural sectorial legislation, any expenditure paid above this maximum amount shall be considered as expenditure made before the earliest payment date. However, in accordance with the exceptions referred to in the first paragraph of Article 40 of Regulation (EU) No 1306/2013, that expenditure shall be eligible for Union payments subject to a reduction of 10 %.

#### *Article 7*

##### **Compensation by paying agencies**

1. In its decision on the monthly payments to be adopted pursuant to Article 18(3) of Regulation (EU) No 1306/2013, the Commission shall pay the balance of the expenditure declared by each Member State, less the assigned revenue which that Member State has included in the same declaration of expenditure. This set-off shall be regarded as equivalent to collection of the corresponding revenue.

Commitment appropriations and payment appropriations generated by assigned revenue shall be open once this revenue has been assigned to budget lines. Assignment shall take place when the assigned revenue is entered into the accounts, within two months after receipt of the statements sent by the Member States, in accordance with the rules referred to in Article 43(4) of Regulation (EU) No 1306/2013.

2. If the sums referred to in Article 43(1) point (c) of Regulation (EU) No 1306/2013 were withheld before the payment of the aid concerned by the irregularity or negligence, they shall be deducted from the corresponding expenditure.

3. The amounts of the European Agricultural Fund for Rural Development (EAFRD) contributions recovered from beneficiaries under the rural development programme concerned during each reference period shall be deducted from the amount to be paid by the EAFRD in the declaration of expenditure for that period.

4. The greater or lesser amounts resulting, where applicable, from the clearance of accounts referred to in Article 51 of Regulation (EU) No 1306/2013 that may be re-used for the rural development programme shall be added to or deducted from the amount of the EAFRD contribution when the first declaration after the clearance of accounts decision is drawn up.

5. Financing by the EAGF shall be equal to the expenditure, calculated on the basis of the information notified by the paying agency, after deduction of any revenue accruing from the intervention measures, validated by the computerised system set up by the Commission and included by the paying agency in its declaration of expenditure.

#### *Article 8*

##### **Late adoption of Union budget**

1. As regards EAGF, if the Union budget has not been adopted by the beginning of the budgetary year, the monthly payments referred to in Article 18 of Regulation (EU) No 1306/2013 shall be granted as a percentage of the declarations of expenditure received from each Member State, laid down for each chapter of expenditure and within the limits laid down in Article 16 of Regulation (EU, Euratom) No 966/2012. The Commission shall take into account the balance of amounts not reimbursed to the Member States in decisions on subsequent reimbursements.

**▼B**

2. As regards EAFRD, if the Union budget has not been adopted by the beginning of the budgetary year:

- (a) the interim payments referred to in Article 36 of Regulation (EU) No 1306/2013 shall be granted proportionally to the credits available as a percentage of the declarations of expenditure received for each rural development program. The Commission shall take the balance of amounts not reimbursed to the Member States into account in the subsequent interim payments.
- (b) as regards the budget commitments referred to in Article 33 of Regulation (EU) No 1306/2013, the first annual instalments following the adoption of the rural development programmes shall respect the order of adoption of those programmes. The budget commitments for the subsequent annual instalments shall be made in the order of the programmes having exhausted the respective commitments. The Commission may make partial annual commitments to the rural development programmes if the available commitment appropriations are limited. The remaining balance for those programmes shall be committed first once additional commitment appropriations become available.

*Article 9***Deferral of monthly payments**

The Commission, having informed the Member States concerned, may defer the monthly payments referred to in Article 18 of Regulation (EU) No 1306/2013 to the Member States where the communications as referred to in point (c) (i) and (ii) of Article 102(1) of that Regulation arrive late or contain discrepancies which necessitate further checks.

*Article 10***Suspension of payment in case of late submission**

1. The suspension of payments referred to in Article 42 of Regulation (EU) No 1306/2013 shall apply to the measures listed in Annex V to this Regulation.

2. As regards expenditure under EAGF, the following rates of suspension of payments shall apply:

- (a) if the results of the controls have not been sent by 15 October, 1 % of the expenditure for which the relevant information has not been sent in time;
- (b) if the results of the controls have not been sent by 1 December, 1,5 % of the expenditure for which the relevant information has not been sent in time.

3. As regards expenditure under EAFRD, the following rates of suspension of payments shall apply:

**▼B**

- (a) if the results of the controls have not been sent by 15 October, 1 % of the expenditure for which the relevant information has not been sent in time;
- (b) if the results of the controls have not been sent by 15 January, 1,5 % of the expenditure for which the relevant information has not been sent in time.

*Article 11***Applicable exchange rate for drawing up declarations of expenditure**

1. In accordance with Article 106(4) of Regulation (EU) No 1306/2013, as regards EAGF, for drawing up their declarations of expenditure, Member States which have not adopted the euro shall apply the same exchange rate as that which they used to make payments to beneficiaries or receive revenue, in accordance with Chapter V and the sectoral agricultural legislation. For the clearance decisions referred in Articles 51 and 52 of Regulation (EU) No 1306/2013 Member States shall use the first exchange rate established by the European Central Bank after the date of adoption of those decisions.

In cases other than those referred to in the first subparagraph, in particular for promotion programmes approved under Council Regulation (EC) No 3/2008<sup>(1)</sup> and for promotion measures in the wine sector, as well as for operations for which an operative event has not been laid down by the sectoral agricultural legislation, the applicable exchange rate shall be the last-but-one exchange rate established by the European Central Bank before the month in respect of which the expenditure or assigned revenue is declared.

2. As regards the rural development programs, for drawing up their declarations of expenditure, Member States which do not form part of the euro zone shall apply, for each payment or recovery operation, the last-but-one exchange rate established by the European Central Bank prior to the month in which the operations are registered in the accounts of the paying agency.

## CHAPTER III

**CLEARANCE OF ACCOUNTS AND OTHER CHECKS***Article 12***Criteria and methodology for applying corrections in the framework of conformity clearance**

1. For the purpose of adopting the decision pursuant to Article 52(1) of the Regulation (EU) No 1306/2013 on the amounts to be excluded from Union financing, the Commission shall distinguish between those amounts or parts of the amounts identified as amounts unduly spent and those determined by applying extrapolated or flat rate corrections.

<sup>(1)</sup> Council Regulation (EC) No 3/2008 of 17 December 2007 on information provision and promotion measures for agricultural products on the internal market and in third countries (OJ L 3, 5.1.2008, p. 1).

**▼B**

In order to determine the amounts that may be excluded from Union financing, when finding that expenditure has not been incurred in conformity with Union law, and concerning EAFRD, in conformity with the applicable Union and national law, the Commission shall use its own findings and shall take into account the information made available by the Member States during the conformity clearance procedure carried out in accordance with Article 52 of Regulation (EU) No 1306/2013.

2. The Commission shall base the exclusion on the identification of the amounts unduly spent only if those amounts may be identified with proportionate effort. Where the Commission cannot identify the amounts unduly spent with proportionate effort, Member States may, within the time-periods set by the Commission during the conformity clearance procedure, submit data concerning the verification of those amounts on the basis of an examination of all individual cases potentially affected by the non-conformity. The verification shall cover the entire expenditure incurred in breach of applicable law and charged to the Union budget. The data submitted shall include all individual amounts which are ineligible due to that non-conformity.

3. Where the amounts unduly spent cannot be identified in accordance with paragraph 2, the Commission may determine the amounts to be excluded by applying extrapolated corrections. To enable the Commission to determine the relevant amounts, Member States may, within the time-periods set by the Commission during the conformity clearance procedure, submit a calculation of the amount to be excluded from Union financing by extrapolating through statistical means the results of checks carried out on a representative sample of those cases. The sample shall be drawn from the population for which the identified non-conformity is reasonably expected to occur.

4. In order to take into consideration the results submitted by Member States as referred to in paragraphs 2 and 3, the Commission shall be in a position to:

- (a) assess the methods retained for identifying or extrapolating, which shall be clearly described by the Member States;
- (b) check the representativeness of the sample referred to in paragraph 3;
- (c) check the content and results of the identification or extrapolation submitted to it;
- (d) obtain sufficient and relevant audit evidence regarding the underlying data.

**▼B**

5. When applying paragraph 3, the Member States may use the paying agencies' control statistics as confirmed by the certification body, or such body's assessment of the level of error in the context of its audit referred to in Article 9 of Regulation (EU) No 1306/2013, provided that:

- (a) the Commission is satisfied with the work carried out by the certification bodies, both in terms of audit strategy and concerning the content, extent and quality of the actual audit work;
- (b) the scope of the certification bodies' work is consistent with the scope of the conformity clearance enquiry in question, in particular with regard to the measures or schemes;
- (c) the amount of the penalties that should have been applied was taken into account in the assessments.

6. Where the conditions for determining the amounts to be excluded from Union financing as referred to in paragraphs 2 and 3 are not met or the nature of the case is such that the amounts to be excluded cannot be determined on the basis of those paragraphs, the Commission shall apply the appropriate flat-rate corrections, taking into account the nature and gravity of the infringement and its own estimation of the risk of financial damage caused to the Union.

The level of flat-rate correction shall be established by taking into consideration in particular the type of non-conformity identified. To this effect control deficiencies shall be divided between those relating to key and ancillary controls as follows:

- (a) Key controls shall be the administrative and on-the-spot checks necessary to determine the eligibility of the aid and the relevant application of reductions and penalties;
- (b) Ancillary controls shall be all other administrative operations required to correctly process claims.

If, in the framework of the same conformity clearance procedure, different non-conformities which would individually lead to distinct flat-rate corrections are established, then only the highest flat-rate correction shall apply.

7. When establishing the level of flat-rate corrections, the Commission shall specifically take into account the following circumstances demonstrating a higher gravity of the deficiencies revealing a greater risk of loss for the Union's budget:

- (a) one or more key controls are not applied or are applied so poorly or so infrequently that they are deemed ineffective in determining the eligibility of the claim or in preventing irregularities; or
- (b) three or more deficiencies are detected with respect to the same control system; or

**▼B**

- (c) the Member State's application of a control system is found to be absent or gravely deficient, and there is evidence of wide-spread irregularity and negligence in countering irregular or fraudulent practices; or
- (d) a correction has already been applied to that Member State for similar deficiencies in the same sector, account taken however of the corrective or compensating measures already taken by the Member State.

**▼M1**

8. Where a Member State submits objective elements, which do not fulfil the requirements laid down in paragraphs 2 and 3 of this Article, but which demonstrate that the maximum loss for the funds is lower than what would derive from the application of a flat rate lower than the one proposed, the Commission shall use that lower flat rate to decide on the amounts to be excluded from Union financing pursuant to Article 52 of Regulation (EU) No 1306/2013.

**▼B**

9. Amounts effectively recovered from the beneficiaries and credited to the funds before a relevant date, to be established by the Commission in the course of the conformity clearance procedure, shall be deducted from the amount that the Commission decides to exclude from Union financing pursuant to Article 52 of Regulation (EU) No 1306/2013.

*Article 13***Obligation following recovery procedures**

Following the completion of the recovery procedures referred to in the first subparagraph of Article 54(2) of Regulation (EU) No 1306/2013, the Member States shall:

- (a) credit to the EAGF fifty percent of the amounts recovered, after deduction of the recovery costs as provided for in the second paragraph of Article 55 of that Regulation;
- (b) credit to the EAFRD fifty percent of amounts either recovered after the closure of the rural development programme or recovered before the closure of the programme but which could not be reallocated in accordance with Article 56 of Regulation (EU) No 1306/2013.

*Article 14***Scrutiny of transactions**

The system of scrutiny established by Chapter III of Title V of Regulation (EU) No 1306/2013 shall not apply to the measures listed in Annex VI to this Regulation.

**▼B**CHAPTER IV  
SECURITIES

## SECTION 1

*Scope and Use of terms*

## Article 15

**Scope**

This Chapter shall apply in all cases where the sectoral agricultural legislation provides for a security whether or not the particular term 'security' is used.

The competent authority need not to present such a cheque for payment until the period for which it is guaranteed is about to expire.

It remains fully responsible for the legality and regularity of the underlying transactions, including protecting the Union's financial interest, as well as for declaring the corresponding expenditure to the Commission and for preparing the accounts accordingly.

- (vi) The paying agency shall regularly review the tasks delegated to confirm that the work performed is of satisfactory standard and that it is in compliance with Union rules.

- (C.2) The conditions set out in points (C.1) (i), (ii), (iii) and (v) above shall apply *mutatis mutandis* in the cases where paying agency functions are performed by another body as part of its regular tasks on the basis of national legislation.

**2. CONTROL ACTIVITIES****(A) Procedures for authorising claims**

The paying agency shall adopt the following procedures:

- (i) The paying agency shall lay down detailed procedures for the receipt, recording and processing of claims, including a description of all documents to be used.

**▼B**

- (ii) Each official responsible for authorisation shall have at his/her disposal a detailed checklist of the verifications to be carried out, and shall attest in the supporting documents of the claim that those checks have been carried out. That attestation may be made by electronic means. There shall be evidence of systematic, such as sample, system or plan based review of the work by a senior staff member.
  
- (iii) A claim shall be authorised for payment only after sufficient checks have been carried out to ensure compliance with Union rules.

The checks shall include those required by the relevant Regulation governing the specific measure under which aid is claimed, and those required pursuant to Article 58 of Regulation (EU) No 1306/2013 to prevent and detect fraud and irregularity with particular regard to the risks incurred. For the EAFRD, there shall in addition be procedures for verifying that the conditions for the granting of aid, including contracting, have been respected and that all applicable Union and national rules, including those fixed in the rural development program, have been complied with.

- (iv) The management of the paying agency shall, at an appropriate level, be informed on a regular and timely basis of the results of administrative and on-the-spot checks carried out, so that the sufficiency of those controls may always be taken into account before a claim is settled.
  
- (v) The work performed shall be detailed in a report accompanying each claim, batch of claims or, if appropriate, in a report covering one marketing year. The report shall be accompanied by an attestation of the eligibility of the approved claims and of the nature, scope and limits of the work done. In addition, for the EAFRD there shall be an assurance that the criteria for the granting of aid, including contracting, have been respected and that all applicable Union and national rules, including those fixed in the rural development program, have been complied with. If any physical or administrative checks are not exhaustive, but performed on a sample of claims, the claims selected shall be identified, the sampling method described, the results of all inspections and the measures taken in respect of discrepancies and irregularities reported upon. The supporting documents shall be sufficient to provide assurance that all the required checks on the eligibility of the authorised claims have been performed.
  
- (vi) Where documents (in paper or electronic form) relating to the claims authorised and controls made are retained by other bodies, both those bodies and the paying agency shall set up procedures to ensure that the location of all such documents relevant to specific payments is recorded.

**▼B****(B) Procedures for payment**

The paying agency shall adopt the necessary procedures to ensure that payments are made only to bank accounts belonging either to beneficiaries or to their assignees. The payment shall be made by the paying agency's bank, or, as appropriate, a governmental payments office, within five working days of the date of charge to the EAGF or to the EAFRD. Procedures shall be adopted to ensure that all payments for which transfers are not executed are not declared to the Funds for reimbursement. If such payments have already been declared to the Funds these should be re-credited to the Funds via the next monthly/quarterly declarations or in the annual accounts at the latest. No payments shall be made in cash. The approval of the authorising official and/or his/her supervisor may be made by electronic means, provided an appropriate level of security over those means is ensured, and the identity of the signatory is entered into the electronic records.

**(C) Procedures for accounting**

The paying agency shall adopt the following procedures:

- (i) Accounting procedures shall ensure that monthly (for EAGF), quarterly (for the EAFRD) and annual declarations are complete, accurate and timely, and that any errors or omissions are detected and corrected, in particular through checks and reconciliations performed at regular intervals.
- (ii) The accounting for intervention storage shall ensure that the quantities and associated costs are correctly and promptly processed and recorded per identifiable lot and in the correct account at each stage from the acceptance of an offer to the physical disposal of the product, in compliance with the applicable regulations, and ensure that the quantity and nature of stocks at every location may be determined at any time.

**(D) Procedures for advances and securities**

Procedures shall be adopted to ensure that:

- (i) Payments of advances are separately identified in the accounting or subsidiary records.
- (ii) Guarantees are obtained only from financial institutions which fulfil the conditions of Chapter IV of this Regulation and which are approved by the appropriate authorities and which remain valid until cleared or called upon, on the simple request of the paying agency.
- (iii) The advances are cleared within the stipulated time limits and those overdue for clearing are promptly identified and the guarantees promptly called upon.

**(E) Procedures for debts**

All the criteria provided for in points (A) to (D) shall apply, *mutatis mutandis*, to levies, forfeited guarantees, reimbursed payments, assigned revenues etc. which the paying agency is required to collect on behalf of the EAGF and of the EAFRD.

**▼B**

The paying agency shall set up a system for the recognition of all amounts due and for the recording in a single debtor's ledger of all such debts prior to their receipt. The debtor's ledger shall be inspected at regular intervals and action shall be taken to collect debts that are overdue.

**(F) Audit trail**

The information regarding documentary evidence of the authorisation, accounting and payment of claims and handling of advances, securities and debts shall be available in the paying agency to ensure at all times a sufficiently detailed audit trail.

**3. INFORMATION AND COMMUNICATION****(A) Communication**

The paying agency shall adopt the necessary procedures to ensure that every change in the Union's regulations, and in particular the rates of aid applicable, are recorded and the instructions, databases and checklists updated in good time.

**(B) Information systems security**

- (i) Without prejudice to point (ii) below, information systems security shall be based on the criteria laid down in a version applicable in the financial year concerned of one of the following standards:

— International Standards Organisation 27002: Code of practice for Information Security controls (ISO);

— Bundesamt für Sicherheit in der Informationstechnik: IT-Grundschutzhandbuch/IT Baseline Protection Manual (BSI);

— Information Systems Audit and Control Association: Control objectives for Information and related Technology (COBIT).

- (ii) Starting on 16 October 2016, information systems security shall be certified in accordance with International Standards Organisation 27001: Information Security management systems – Requirements (ISO).

The Commission may authorise Member States to certify their information systems security in accordance with other accepted standards if those standards guarantee a level of security at least equivalent to that provided by ISO 27001.

For paying agencies responsible for the management and control of a yearly expenditure not higher than EUR 400 million, the Member State may decide not to apply the provisions of the first subparagraph. Those Member States shall continue to apply the provisions of point (i). They shall inform the Commission of their decision.

**▼B**

## 4. MONITORING

**(A) Ongoing monitoring via internal control activities**

The internal control activities shall cover at least the following areas:

- (i) Monitoring of the technical services and delegated bodies responsible for carrying out the controls and other functions to ensure a proper implementation of regulations, guidelines and procedures.
- (ii) Initiating of system changes in order to improve control systems in general.
- (iii) Reviewing claims and requests submitted to the paying agency as well as other information providing suspicion of irregularities.
- (iv) Monitoring procedures to prevent and detect fraud and irregularity with particular regard to those areas of CAP expenditure under the paying agency's competence which are exposed to a significant risk of fraud or other serious irregularities.

Ongoing monitoring is built into the normal, recurring operating activities of the paying agency. At all levels the daily operations and controls activities of the agency shall be monitored on an ongoing basis to ensure a sufficiently detailed audit trail.

**(B) Separate evaluations via an internal audit service**

The paying agency shall adopt in this respect the following procedures:

- (i) The internal audit service shall be independent of the paying agency's other departments and shall report directly to the paying agency's director.
- (ii) The internal audit service shall verify that procedures adopted by the agency are adequate to ensure that compliance with Union rules is verified and that the accounts are accurate, complete and timely. Verifications may be limited to selected measures and to samples of transactions provided that an audit plan ensures that all significant areas, including the departments responsible for authorisation, are covered over a period not exceeding five years.
- (iii) The internal audit service's work shall be performed in accordance with internationally accepted standards, shall be recorded in working papers and shall result in reports and recommendations addressed to the agency's top management.

*ANNEX II***OBLIGATIONS OF THE PAYING AGENCIES AND PHYSICAL INSPECTION PROCEDURES**

(Article 3)

**A. OBLIGATIONS OF THE PAYING AGENCIES****I. Checks***1. Frequency and representativeness*

Each storage point shall be inspected at least once every year in accordance with the rules set out in point B, to ascertain in particular:

- the procedure for collecting information on public storage;
- whether the accounting data held on the spot by the storer tallies with the information sent to the paying agency;
- the physical presence in the store of the quantities mentioned in the storer's accounting records and which served as a basis for the latest monthly statement provided by the storer, assessed visually or, in case of doubt or dispute, by weighing or measuring;
- the sound, fair and marketable quality of the products stored.

Physical presence shall be established by a sufficiently representative physical inspection, covering at least the percentages set out in point B and making it possible to conclude that the entire quantities listed in the stock accounts are actually present.

Checks on quality shall comprise visual, olfactory and/or organoleptic checks and, if there are any doubts, in-depth analyses.

*2. Additional checks*

If an anomaly is detected during the physical inspection, a further percentage of the quantities in intervention storage shall be inspected using the same method. If necessary, inspection may extend to weighing all the products in the lot or store being inspected.

**II. Inspection reports**

1. The internal inspection body of the paying agency or the body authorised by the latter shall draw up a report on each of the checks or physical inspections carried out.
2. The report shall contain at least the following information:
  - (a) the name of the storer, the address of the store visited and the description of the lots inspected;
  - (b) the date and time when the inspection began and ended;

**▼B**

- (c) the place where the inspection took place and a description of the conditions of storage, packaging and accessibility;
  - (d) the full identity of the persons conducting the inspection, their status and the terms of their authorisation;
  - (e) the inspection measures undertaken and procedures used to establish volume, such as measuring methods, calculations, interim and final results, and the conclusions drawn;
  - (f) for each lot or quality stored, the quantity in the paying agency's books, the quantity in the store's books and any discrepancies between the two sets of books;
  - (g) for each lot or quality physically inspected, the information referred to in point (f) and the quantity verified on the spot and any discrepancies, the lot or quality number, the pallets, boxes, silos, vats or other receptacles involved and the weight (both net and gross if appropriate) or volume;
  - (h) the statements made by the storer where there are discrepancies or differences;
  - (i) the place, date and signature of the person drawing up the report and of the storer or representative;
  - (j) any extended inspection conducted in the case of anomalies, specifying the percentage of the stored quantities covered by the extended inspection, discrepancies found and explanations given.
3. The reports shall be sent immediately to the head of the department responsible for keeping the accounts of the paying agency.

Immediately after receipt of the report, the paying agency's accounts shall be corrected in the light of the discrepancies and differences detected.

4. The reports shall be kept at the head office of the paying agency and be available to Commission staff and persons authorised by the Commission.
5. A summary document shall be drawn up by the paying agency listing:
- the checks carried out, clearly indicating which are physical inspections (inventory checks),
  - the quantities checked,
  - the anomalies detected in relation to the monthly and annual statements, and the reasons for those anomalies.

**▼B**

The quantities checked and the anomalies detected shall be indicated for each product concerned, in terms of weight or volume and as a percentage of the total quantities held.

This summary document shall list separately the checks to verify the quality of the products stored. It shall be sent to the Commission at the same time as the annual accounts referred to in Article 7(3)(a) of Regulation (EU) No 1306/2013.

**B. PHYSICAL INSPECTION PROCEDURE BY SECTOR OF THE COMMON AGRICULTURAL POLICY FOR THE CHECKS PROVIDED FOR IN POINT A****I. Butter**

1. The sample of the lots to be checked shall represent at least 5 % of the total quantity in public storage. The lots to be checked shall be selected prior to the visit to the store on the basis of the paying agency's accounting data, but the storer shall not be informed.
2. The presence of the lots selected and their composition shall be verified on the spot by:
  - identifying the control numbers of the lots and boxes on the basis of purchase or entry notes,
  - weighing the pallets (one in 10) and the boxes (one per pallet),
  - visually checking the contents of a box (one in five pallets),
  - checking the condition of the packaging.
3. A description of the lots physically inspected and any shortcomings noted shall be included in the inspection report.

**II. Skimmed-milk powder**

1. The sample of the lots to be checked shall represent at least 5 % of the quantity in public storage. The lots to be checked shall be selected prior to the visit to the store on the basis of the paying agency's accounting data, but the storer shall not be informed.
2. The presence of the lots selected and their composition shall be verified on the spot by:
  - identifying the control numbers of the lots and bags on the basis of purchase or entry notes,
  - weighing the pallets (one in 10) and bags (one in 10),
  - visually checking the contents of a bag (one in five pallets),
  - checking the condition of the packaging.
3. A description of the lots physically inspected and any shortcomings noted shall be included in the inspection report.

**▼B****III. Cereals and Rice****1. Physical inspection procedure**

- (a) Selection of bins or storerooms to be checked, representing at least 5 % of the total quantity of cereals or rice in public storage.

Selection shall be based on the paying agency's stock records, but the storer shall not be informed.

- (b) Physical inspection:

- verification of the presence of cereals or rice in the selected bins or storerooms,
- identification of the cereals or rice,
- inspection of storage conditions and check on the quality of the products stored in the conditions provided for in Regulation (EU) No 1272/2009 <sup>(1)</sup>,
- comparison of the place of storage and identity of the cereals or rice with the store's records,
- evaluation of the quantities stored by a method previously approved by the paying agency, a description of which shall be lodged at its head office.

- (c) A plan of the warehouse and the measurements for each silo or storeroom shall be available at each storage point.

The cereals or rice shall be stored in such a way that their volume may be verified.

**2. Procedure where discrepancies are found**

Some tolerance is permitted when verifying the volume.

The rules laid down in Annex III, point II shall thus apply where the weight of the products stored as recorded during the physical inspection differs from the book weight by 5 % or more for cereals and for rice in the case of storage in silos or on-floor storage.

Where cereals or rice are stored in a warehouse, the quantities weighed on entry into storage may be recorded instead of those resulting from a volume assessment if the latter does not provide an adequate degree of accuracy and provided the difference between the two figures is not excessive.

The paying agency shall make use of this option where justified by circumstances, on a case-by-case basis and on its own responsibility. It shall indicate that it has done so in its inspection report, based on the following model:

<sup>(1)</sup> Commission Regulation (EU) No 1272/2009 of 11 December 2009 laying down common detailed rules for the implementation of Council Regulation (EC) No 1234/2007 as regards buying-in and selling of agricultural products under public intervention (OJ L 349, 29.12.2009, p. 1).

Storers shall be responsible for ensuring that the products covered by Union intervention measures are properly conserved. They shall bear the financial consequences of any failure to do so.

**I. QUALITY OF PRODUCTS**

Where the quality of intervention products in storage deteriorates as a result of poor or inappropriate storage conditions, the losses shall be borne by the storer and entered in the public storage accounts as a loss resulting from deterioration of the product due to storage conditions.

**II. MISSING QUANTITIES**

1. The storer shall be responsible for all discrepancies between the quantities in store and the details given in the stock statements sent to the paying agency.
2. Where the missing quantities exceed those allowed under the relevant tolerance limit(s), in accordance with Article 4, Annex II point B. III(2) and Annex IV, or under sectoral agricultural legislation, the entire amount shall be charged to the storer as an unidentifiable loss. Storers contesting the missing quantities may require the product to be weighed or measured, in which case they shall bear the costs of the operation unless it is found that the quantities declared are actually present or the difference does not exceed the relevant tolerance limit(s), in which case the costs of weighing or measuring shall be charged to the paying agency.

The tolerance limits provided for in Annex II, points B. III(2) shall apply without prejudice to the other tolerances referred to in the first subparagraph.

**III. SUPPORTING DOCUMENTS AND MONTHLY AND ANNUAL DECLARATIONS****1. Supporting documents and monthly declarations**

- quantity carried over from the previous month,
- entries and removals by lot,
- stock at the end of the period.

These documents shall permit precise identification of the quantities in store at any time, and shall take account of purchases and sales that have been agreed but for which the corresponding entries or removals of stock have not yet occurred.

**▼B**

- (b) The documents relating to the entry, storage and removal of products shall be sent by the storer to the paying agency at least once a month, in support of a summary monthly stock statement. They shall must be in the paying agency's possession before the tenth day of the month following that to which the stock statement relates.
- (c) A specimen summary monthly stock statement (indicative model) is set out below. It shall be made available to storers in electronic form by the paying agencies.

#### V. FORM AND CONTENT OF THE DOCUMENTS SENT TO THE PAYING AGENCY

The form and content of the documents referred to in points 1 and 2 of paragraph III shall be established in accordance with Article 104 of Regulation (EU) No 1306/2013.

#### VI. KEEPING OF DOCUMENTS

Supporting documents relating to all public storage operations shall be kept by the storer for the full period required under the rules adopted based on Article 104 of Regulation (EU) No 1306/2013 for the clearance of accounts procedures, without prejudice to the relevant national provisions.

*ANNEX IV***TOLERANCE LIMITS**

— beef and veal 0,6 %

2. The percentage for allowable losses during boning of beef shall be 32. This percentage shall apply to all quantities boned during the accounting year.
3. The tolerance limits referred to in paragraph 1 shall be fixed as a percentage of the actual weight, without packaging, of the quantities entering storage and taken over during the accounting year in question, plus the quantities in storage at the beginning of that year.

These tolerances shall apply during the physical stock inspections. They shall be calculated, for each product, on the basis of all the quantities stored by a paying agency.

The actual weight at entry and removal shall be the recorded weight minus the standard packaging weight, as laid down in the conditions of entry or, where no such conditions have been laid down, minus the average packaging weight used by the agency.

4. The tolerance shall not cover losses in terms of number of packages or number of registered pieces.
5. Losses arising from theft or other identifiable losses shall not be included in the calculation of tolerance limits provided for in paragraphs 1 and 2.
