2. Adjustment of amounts

The amount of unit cost 1 is based partly on a standard scale of unit cost funded entirely by France. Out of the 6 400 EUR, 1 600 EUR correspond to the standard scale of unit cost set out by the 'instruction ministérielle du 11 octobre 2013 relative à l'expérimentation Garantie Jeunes prise pour l'application du décret 2013-80 du 1er octobre 2013 ainsi que par l'instruction ministérielle du 20 mars 2014' to cover the costs borne by the Youth Public Employment Services 'Missions Locales' to coach each NEET entering the 'Garantie Jeunes'.

Unit cost 1 shall be updated by the Member State in line with adjustments under national rules to the standard scale of unit cost of 1 600 EUR mentioned in paragraph 1 above that covers the costs borne by the Youth Public Employment Services.

The amount of unit costs 2 and 3 are based on publicly procured prices for training hours in the respective fields and geographical areas. These amounts will be adjusted when the procurement process for the underlying training courses is repeated according to the following formula:

New price (excl. VAT) = Old price (excl. VAT) \times (0,5 + 05 \times Sr/So)

Sr is the index of employed persons INSEE (identifier 1 567 446) of the last monthly publication at the date of the adjustment.

So is the index of employed persons INSEE (identifier 1 567 446) of the monthly publication at the date of submission of the tender for the first adjustment then, for the following adjustments, of the monthly publication of the anniversary date of submission of the tender.

2. Adjustment of amounts

Unit cost 1 may be adjusted by replacing the initial minimum wage and/or the statutory bonus and/or weekly allowances and/or social security contributions in the calculation method that consists of the lowest weekly rate of national minimum wage for a particular year, the statutory bonus, weekly allowances and social security contributions, and dividing this result by 2.

Unit cost 2 may be adjusted by applying the annual rate of inflation to the respective rates. From 2017, for a given year N, this can be done by applying the inflation rate for year N-1 as published by the Maltese National Statistics Office at: https://nso.gov.mt/en/nso/Selected_Indicators/Retail_Price_Index/Pages/Index-of-Inflation.aspx

Unit costs 3-4 may be adjusted by replacing the initial national minimum wage for persons 18 years or over and/or the statutory bonuses and/or weekly allowances and/or social security contributions in the calculation method that consists of the hourly rate of national minimum wage for persons 18 years or over for a particular year, the statutory bonuses, the weekly allowances and social security contributions.

Adjustments will be based on updated data as follows:

— The national minimum wage is specified in national Subsidiary Legislation 452.71 (National Minimum Wage Standing Order).

— The statutory bonuses, weekly allowances and social security contributions provided for in Chapter 452 of the Maltese legislation on the Employment and Industrial relations Act.

Unit costs 5-9 may be adjusted in line with the cost of inflation at a national level for the relevant year the particular intervention is being undertaken. The annual rates of inflation are published by the National Statistics Office and can be found at: https://nso.gov.mt/en/nso/Selected_Indicators/Retail_Price_Index/Pages/Index-of-Inflation.aspx

- (1) 'Similar operations' are to be understood as including those operations with similar activities to those in measure 1.B of NOP YEI but with different target groups.
- (2) 'Similar operations' are to be understood as including those operations with similar activities to those in measure 1.C of NOP YEI but with different target groups.
- (3) 'Similar operations' are to be understood as including those operations with similar activities to those in measures 2A, 2B, 4A, 4C and 7.1 of NOP YEI but with different target groups.
- (4) For unit cost number 3 relating to training for self-employment and self-entrepreneurship, the amount will be reimbursed only in the case of group formation of 4 or more students.
- (5) The definition of the classes is in accordance with the provisions of Ministerial Circular no. 2 of 2 February 2009. This Circular defines the classes according to the type of teachers providing training.
- (6) Similar operations is to be understood as including those operations with similar activities to those in measure 3 of NOP YEI but with different target groups.
- (7) The young person will be profiled according to one of the four classes (low, medium, high, very high) on the basis of the following variables:
- age;
 - sex;
 - education;
 - employment status one year before;
 - region and province where the competent body which took in charge the young is based;
 - language skills (only for non-nationals who have not obtained the educational qualification in Italy), for the evaluation of which will be used the already developed methodology for the issuance of an EC residence permit for long-term residents.
- Based on the variables identified for the young, a 'disadvantage coefficient' is calculated, with a value between 0 and 1.
- (8) 'Similar operations' are to be understood as including those operations with similar activities to those in measure 5 of NOP YEI but with different target groups.
- (9) 'Similar operations' are to be understood as including those operations with similar activities to those in NOP YEI but with different target groups.
- (10) 'Similar operations' is to be understood as including those operations with similar activities to those in measure 7.1 of NOP YEI but with different target groups.
- (11) For unit cost number 8 relating to support for self-employment and self-entrepreneurship, the amount will be reimbursed only in the case of individual or individualised training ('individualised' meaning a maximum of 3 students).
- (12) 'Similar operations' are to be understood as including those operations with similar activities to those in measure 8 of NOP YEI but with different target groups.
- (13) The amounts in table 3.4 are the maximum allowance payable. Where an employer provides an allowance to cover travel, accommodation or meals, the allowance mentioned in point 3.4 will be reduced by:
- the amount mentioned in point 3.1 for travel (depending on location)
 - the amount mentioned in point 3.2 for accommodation (depending on location)
 - the amount mentioned in point 3.3 for meals (depending on location).
- The amounts mentioned in tables 3.1, 3.2 and 3.3. will also be payable in a situation where the beneficiary pays only the categories of allowances mentioned in those tables.
- (14) Additional specific support is limited to one unit per student per module.

2. Adjustment of amounts

- (a) For standard scales of unit costs 1-9, the amounts may be adjusted where the FOI index (consumer price index for blue and white collar worker households, excluding tobacco products) shows a monetary revaluation equal to or exceeding 5 %. In particular, in a given year y , the adjustment is made if in a period $y + t$ the difference between the benchmarking coefficients shown by the FOI index for such years is equal to or higher than 5 %. The base year applied — and on the basis of which the amounts were adjusted — is 2014. Where this rate is equal to or higher than 5 %, each unit cost may be adjusted accordingly.

▼ **M3**

- (b) For standard scale of unit costs 10, the rate may be adjusted by replacing the monthly scholarship and/or social security contributions in the calculation method that consists of monthly scholarship plus social security contributions plus an amount for all other costs. Updated data can be found in amendments to the Ministerial Decree of 18.6.2008 (which defines the total gross annual amount of PhD scholarships) and biannual adjustment of the rate of social security contributions (Circular letter No. 13 of 29.1.2016 of the Director General of INPS, the National Institute for Social Security).
- (c) For standard scales of unit costs 11-15, which are based on the historical average number of certificates (output) awarded per module, the rate may be adjusted at the end of each financial year (31/12) following an assessment by the Managing Authority of the implementation of the operations related to each of the unit costs. Where such an assessment shows a divergence in the average number of certificates awarded per module for each type of training as compared to the average number used as the basis for calculating the existing unit cost, then a new unit cost will be calculated according to the following formula:

$$UC_{\text{new}} = UC_{\text{old}} + \text{Variation}$$

where

$$\text{Variation} = UC_{\text{old}} - (UC_{\text{old}} * \text{Output}_{\text{new}} / \text{Output}_{\text{old}})$$

2. Adjustment of amounts

The amounts of unit costs set out for types of operation 1-3 will be adjusted yearly in line with the Dutch consumer price index (CPI): <https://www.cbs.nl/nl-nl/conversie/uitgelicht/de-consumentenprijsindex>. Index figures can be found on CBS Statline.

The first indexation will be calculated in 2017. The baseline year for the amounts of unit costs set out in this annex is 2015. (CPI 2015 = 100).

▼ M3

Every year (N), as from 2017, the amounts will be indexed by applying the CPI of the year N-1 with the year 2015 as baseline. The following formula will be used for calculating the amounts of unit costs to be applied in a given year:

$$\text{Unit cost amounts in year } N = \text{Unit cost amounts included in this annex} * \text{CPI in year } N-1 \text{ (with baseline 2015 = 100)} / 100$$

2. Adjustments of amounts.

In the event of changes in the Erasmus+ national rates, which form the basis for the unit costs set in this regulation, the managing authority may adjust the rates accordingly. If the Erasmus+ rates change, the same change may be reflected in the respective standard scale of unit costs for new calls (i.e. calls launched after the new Erasmus+ rates come into force). For operations 1-4, the formula used to update the respective daily rates is $(14 \times A + 46 \times B) / 60$, where 'A' represents the daily rate from the Polish ERASMUS+ programme for the first 14 days of the stay abroad and 'B' the remaining 46 days.

Conditions for reimbursement of expenditure on the basis of standard scales of unit costs to all Member States specified

1. Definition of standard scales of unit costs

Type of operations ⁽¹⁾	Indicator name	Category of costs	Measurement unit for the indicators	Amounts (in EUR)
Formal education operations (from early childhood education to tertiary level including formal vocational education) in all ESF operational programmes.	Participants in an academic year of formal education.	All eligible costs directly related to providing core goods and services of education ⁽²⁾	Number of participants with verified attendance ⁽³⁾ in an academic year of formal education, differentiated by ISCED ⁽⁴⁾ classification.	See point 3 ⁽⁵⁾ The amounts are for full-time participation in an academic year. In case of part-time participation the amount shall be established on the basis of a pro rata reflecting the participation of the student. In case the course lasts less than one academic year, the amount shall be established on the basis of a pro rata reflecting the duration of the course. In case only part of the course takes part in a formal education institute, the amount shall be established on the basis of a pro rata reflecting the time spent in the education institute.

⁽¹⁾ These unit costs cannot be used for types of operations for which other simplified cost options are established in another annex to this Delegated Regulation.

⁽²⁾ Other potential eligible costs of this type of operation, such as allowances, transport, accommodation or other type of support provided to students participating in these types of operations, are not covered by the unit cost.

⁽³⁾ Verified attendance means that proof of the attendance of the student in the formal education or training course is to be verified by national authorities on two or three occasions during the per academic year, in accordance with each Member State's normal practices and procedures for verifying attendance in formal education or training.

⁽⁴⁾ International Standard Classification of Education: [http://ec.europa.eu/eurostat/statistics-explained/index.php/International_Standard_Classification_of_Education_\(ISCED\)](http://ec.europa.eu/eurostat/statistics-explained/index.php/International_Standard_Classification_of_Education_(ISCED))

⁽⁵⁾ The table in point 3 sets out rates for all Member States with the exception of Greece and Denmark for which data is not currently available. For courses lasting at least one full academic year, these amounts can be reimbursed to the Member State on the following basis: 50 % for the first proof of attendance during the academic year (normally at the beginning of the academic year, in accordance with national rules and practices), 30 % for the second proof of attendance and 20 % for the third and final proof of attendance. For those Member States whose national systems provide for this information to be collected only twice per year, or for courses lasting less than one full academic year, it will be 50 % for the first proof of attendance and 50 % for the second and final proof of attendance.
