For the purposes of point (b), where the qualifying operation laid down in Part II of Annex 22-03 is not the same for all countries involved in cumulation, the origin of products exported from one country to another country of the regional group for the purpose of regional cumulation shall be determined on the basis of the rule which would apply if the products were being exported to the Union.

Where countries in a regional group have already complied with points (c) and (d) of the first subparagraph before 1 January 2011, a new undertaking shall not be required.

3 The materials listed in Annex 22-04 shall be excluded from the regional cumulation provided for in paragraph 2 in the case where:

- a the tariff preference applicable in the Union is not the same for all the countries involved in the cumulation; and
- b the materials concerned would benefit, through cumulation, from a tariff treatment more favourable than the one they would benefit from if directly exported to the Union.

[^{F14} Regional cumulation between beneficiary countries in the same regional group shall apply only under the condition that the working or processing carried out in the beneficiary country where the materials are further processed or incorporated goes beyond the operations described in Article 47(1) and, in the case of textile products, also beyond the operations set out in Annex 22-05.

Where the condition laid down in the first subparagraph is not fulfilled, the country to be stated as country of origin on the proof of origin issued or made out for the purposes of exporting the products to the Union shall be the country of the regional group where the highest share of the value of the materials used in the manufacture of the final product originates.]

5 At the request of the authorities of a Group I or Group III beneficiary country, regional cumulation between countries of those groups may be granted by the Commission, provided that the Commission is satisfied that each of the following conditions is met:

- a the conditions laid down in paragraph 2(a) and (b) are met; and
- b the countries to be involved in such regional cumulation have undertaken and jointly notified to the Commission their undertaking:
 - (i) to comply or ensure compliance with this Subsection, Subsection 2 and all other provisions concerning the implementation of the rules of origin; and
 - (ii) to provide the administrative cooperation necessary to ensure the correct implementation of this Subsection and Subsection 2 both with regard to the Union and between themselves.

The request referred to in the first sub-paragraph shall be supported with evidence that the conditions laid down in that sub-paragraph are met. It shall be addressed to the Commission. The Commission will decide on the request taking into account all the elements related to the cumulation deemed relevant, including the materials to be cumulated.

[^{F16} When granted, regional cumulation between beneficiary countries of Group I or Group III shall allow materials originating in a country of one regional group to be considered as materials originating in a country of the other regional group when incorporated in a product obtained there, provided that the working or processing carried out in the latter beneficiary country goes beyond the operations described in Article 47(1) and, in the case of textile products, also beyond the operations set out in Annex 22-05.
