

ANNEX V

**INFORMATION TO BE PROVIDED IN THE ZOOTECHNICAL
CERTIFICATES REFERRED TO IN CHAPTER VII**

PART 3

**Zootechnical certificates, referred to in Article 30,
for hybrid breeding pigs and their germinal products**

CHAPTER I

Zootechnical certificates for hybrid breeding pigs

1. Zootechnical certificates, referred to in Article 30, for hybrid breeding pigs shall contain the following information:
 - (a) the name of the issuing breeding operation or, in the case of entry into the [F¹United Kingdom] of the hybrid breeding pig, the name of the breeding body and, where available, a reference to the website of that breeding operation or breeding body;
 - (b) the name of the breeding register;
 - (c) the name of the breed, line or cross of the hybrid breeding pig and the parents and grandparents of that pig;
 - (d) the sex of the hybrid breeding pig;
 - (e) the entry number in the breeding register ('Breeding-register No') of the hybrid breeding pig;
 - (f) the system of identification and the individual identification number given to the hybrid breeding pig in accordance with:
 - (i) [F²United Kingdom] animal health law on the identification and registration of animals of the porcine species;
 - (ii) in the absence of [F²United Kingdom] animal health law on the identification and registration of animals requiring an individual identification number, the rules of the breeding programme approved in accordance with Article 8(3), and, where applicable, Article 12; or
 - (iii) in the case of entry into the [F¹United Kingdom] of the hybrid breeding pig, in accordance with the legislation of the third country;
 - (g) where required in accordance with Article 22(2), the method used for identity verification of the hybrid breeding pig and the results of the verification of that identity;
 - (h) the date and country of birth of the hybrid breeding pig;
 - (i) the name and address and, where available, the e-mail address of the breeder (place of birth of the hybrid breeding pig);
 - (j) the name and address and, where available, the e-mail address of the owner;

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2016/1012 of the European Parliament and of the Council, PART 3. (See end of Document for details)

(k) the pedigree:

Sire Breeding-register No. Breed, line or cross	Paternal Grandsire Breeding-register No. Breed, line or cross
	Paternal Granddam Breeding-register No. Breed, line or cross
Dam Breeding-register No. Breed, line or cross	Maternal Grandsire Breeding-register No. Breed, line or cross
	Maternal Granddam Breeding-register No. Breed, line or cross

- (l) where required to do so by the breeding programme, results of performance testing or up-to-date results of the genetic evaluation or both, including the date of that evaluation and genetic defects and genetic peculiarities in relation to the breeding programme affecting the hybrid breeding pig itself or, to the extent known, its progeny;
- (m) in the case of pregnant females, the information on the date of insemination or mating, as well as the identification of the fertilising male, which may be indicated in a separate document;
- (n) the date and place of issue of the zootechnical certificate and the name, capacity and signature of the individual authorised to sign that certificate by the issuing breeding operation, or in the case of entry into the [F1United Kingdom] of a hybrid breeding pig, by the issuing breeding body; that individual shall be a representative from that breeding operation or breeding body, or a representative from a competent authority referred to in Article 30(2)(b).

Textual Amendments

- F1** Words in Annex 5 Pt. 3 Ch. 1 substituted (31.12.2020) by [The Animal Breeding \(Amendment\) \(EU Exit\) Regulations 2019 \(S.I. 2019/117\)](#), regs. 1, **19(4)(a)(i)**; 2020 c. 1, Sch. 5 para. 1(1)
- F2** Words in Annex 5 Pt. 3 Ch. 1 substituted (31.12.2020) by [The Animal Breeding \(Amendment\) \(EU Exit\) Regulations 2019 \(S.I. 2019/117\)](#), regs. 1, **19(4)(a)(ii)** (as amended by S.I. 2020/1388, regs. 1(2)(a), **28(18)**); 2020 c. 1, Sch. 5 para. 1(1)

2. Where zootechnical certificates are issued for a group of hybrid breeding pigs, the information referred to in point 1 of this Chapter may be contained in a single zootechnical certificate provided that those hybrid breeding pigs have the same age and the same genetic dam and sire.

CHAPTER II

Zootechnical certificates, referred to in Article 30, for semen of hybrid breeding pigs

Zootechnical certificates, referred to in Article 30, for semen of hybrid breeding pigs shall contain the following information:

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2016/1012 of the European Parliament and of the Council, PART 3. (See end of Document for details)

- (a) all the information referred to in Chapter I of this Part concerning the hybrid breeding pig that provided the semen;
- (b) information allowing the identification of the semen, the number of doses, the date of its collection, the name, the address and the approval number of the semen collection or storage centre and the name and the address of the consignee;
- (c) for semen intended for performance testing or genetic evaluation of hybrid breeding pigs, which have not undergone such testing or evaluation, the number of doses of that semen, which shall be in accordance with the quantity limits referred to in Article 24(1)(d), the name and address of the breeding operation, or the third party designated by that breeding operation in accordance with Article 27(1)(b), responsible for carrying out that testing in accordance with Article 25;
- (d) the date and place of issue of the zootechnical certificate and the name, capacity and signature of the individual authorised to sign that certificate by the issuing breeding operation or, in the case of entry into the [^{F3}United Kingdom] of semen, by the issuing breeding body; that individual shall be a representative from that breeding operation or breeding body or an operator referred to in Article 31(1) or Article 33(1), or a representative from a competent authority referred to in Article 30(2)(b).

Textual Amendments

- F3** Words in Annex 5 Pt. 3 Ch. 2 substituted (31.12.2020) by [The Animal Breeding \(Amendment\) \(EU Exit\) Regulations 2019 \(S.I. 2019/117\)](#), regs. 1, **19(4)(b)**; 2020 c. 1, Sch. 5 para. 1(1)

CHAPTER III

Zootechnical certificates, referred to in Article 30, for oocytes of hybrid breeding pigs

Zootechnical certificates, referred to in Article 30, for oocytes of hybrid breeding pigs shall contain the following information:

- (a) all the information referred to in Chapter I of this Part concerning the donor female that provided the oocytes;
- (b) information allowing the identification of the oocytes, the number of straws, the date of their collection, the name, the address and the approval number of the embryo collection or production team and the name and the address of the consignee;
- (c) where there is more than one oocyte in a straw, a clear indication of the number of oocytes collected from the same hybrid breeding pig;
- (d) the date and place of issue of the zootechnical certificate and the name, capacity and signature of the individual authorised to sign that certificate by the issuing breeding operation or, in the case of entry into the [^{F4}United Kingdom] of the oocytes, by the issuing breeding body; that individual shall be a representative from that breeding operation or breeding body or an operator referred to in Article 31(1) or Article 33(1), or a representative from a competent authority referred to in Article 30(2)(b).

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2016/1012 of the European Parliament and of the Council, PART 3. (See end of Document for details)

Textual Amendments

- F4** Words in Annex 5 Pt. 3 Ch. 3 substituted (31.12.2020) by [The Animal Breeding \(Amendment\) \(EU Exit\) Regulations 2019 \(S.I. 2019/117\)](#), regs. 1, **19(4)(b)**; 2020 c. 1, Sch. 5 para. 1(1)

CHAPTER IV

Zootechnical certificates, referred to in Article 30, for embryos of hybrid breeding pigs

Zootechnical certificates, referred to in Article 30, for embryos of hybrid breeding pigs shall contain the following information:

- (a) all the information referred to in Chapter I of this Part concerning the donor female and the fertilising male;
- (b) information allowing the identification of the embryos, the number of straws, the place and the date of their collection or production, the name, the address and the approval number of the embryo collection or production team and the name and the address of the consignee;
- (c) where there is more than one embryo in a straw, a clear indication of the number of embryos that have the same parentage;
- (d) the date and place of issue of the zootechnical certificate and the name, capacity and signature of the individual authorised to sign that certificate by the issuing breeding operation or, in the case of entry into the [F5United Kingdom] of embryos, authorised by the issuing breeding body; that individual shall be a representative from that breeding operation or breeding body or an operator referred to in Article 31(1) or Article 33(1), or a representative from a competent authority referred to in Article 30(2)(b).

Textual Amendments

- F5** Words in Annex 5 Pt. 3 Ch. 4 substituted (31.12.2020) by [The Animal Breeding \(Amendment\) \(EU Exit\) Regulations 2019 \(S.I. 2019/117\)](#), regs. 1, **19(4)(b)**; 2020 c. 1, Sch. 5 para. 1(1)

Changes to legislation:

There are currently no known outstanding effects for the Regulation (EU) 2016/1012 of the European Parliament and of the Council, PART 3.
