

COMMISSION IMPLEMENTING REGULATION (EU) 2017/1110**of 22 June 2017****laying down implementing technical standards with regard to the standard forms, templates and procedures for the authorisation of data reporting services providers and related notifications pursuant to Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU ⁽¹⁾, and in particular Article 61(5) thereof,

Whereas:

- (1) It is appropriate to set out common standard forms, templates and procedures to ensure a common understanding and enforcement among Member States' competent authorities of the authorisation process regarding the provision of data reporting services as well as to ensure efficient information flows. In order to facilitate communications between the applicant and the competent authority, competent authorities should designate a contact point and should publish the information on that contact point on their website.
- (2) The organisational requirements for approved publication arrangements, consolidated tape providers and approved reporting mechanisms differ from each other in some respects. As a result, an applicant should only be required to include in its application the information needed for assessing the application for the data reporting service it intends to provide.
- (3) In order to allow competent authorities to assess whether changes to the management body of a data reporting services provider may pose a threat to the effective, sound and prudent management of the data reporting services provider and to adequately take into consideration of the interests of its clients and the integrity of the market, it is appropriate to set out clear time limits for the submission of information on those changes.
- (4) Data reporting services providers should be able to submit information on a change to the management body after that change takes effect where the change is due to factors beyond the control of the data reporting services provider.
- (5) For reasons of consistency and in order to ensure the smooth functioning of the financial markets, it is necessary that the provisions laid down in this Regulation and the provisions laid down in Directive 2014/65/EU apply from the same date.
- (6) This Regulation is based on the draft implementing technical standards submitted by the European Securities and Markets Authority (ESMA) to the Commission.
- (7) ESMA has conducted open public consultations on the draft implementing technical standards on which this Regulation is based. ESMA has not analysed potential related costs and benefits as this would have been disproportionate in relation to their scope and impact.
- (8) ESMA has requested the opinion of the Securities and Markets Stakeholder Group established by Article 37 of Regulation (EU) No 1095/2010 of the European Parliament and of the Council ⁽²⁾,

⁽¹⁾ OJ L 173, 12.6.2014, p. 349.

⁽²⁾ Regulation (EU) No 1095/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Securities and Markets Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/77/EC (OJ L 331, 15.12.2010, p. 84).
