

Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC (Text with EEA relevance)

CHAPTER IV

ARRANGEMENTS FOR APPROVAL AND PUBLICATION OF THE PROSPECTUS

Article 23

Supplements to the prospectus

1 Every significant new factor, material mistake or material inaccuracy relating to the information included in a prospectus which may affect the assessment of the securities and which arises or is noted between the time when the prospectus is approved and the closing of the offer period or the time when trading on a regulated market begins, whichever occurs later, shall be mentioned in a supplement to the prospectus without undue delay.

Such a supplement shall be approved in the same way as a prospectus in a maximum of five working days and published in accordance with at least the same arrangements as were applied when the original prospectus was published in accordance with Article 21. The summary^{F1}... shall also be supplemented, where necessary, to take into account the new information included in the supplement.

2 Where the prospectus relates to an offer of securities to the public, investors who have already agreed to purchase or subscribe for the securities before the supplement is published shall have the right, exercisable within two working days after the publication of the supplement, to withdraw their acceptances, provided that the significant new factor, material mistake or material inaccuracy referred to in paragraph 1 arose or was noted before the closing of the offer period or the delivery of the securities, whichever occurs first. That period may be extended by the issuer or the offeror. The final date of the right of withdrawal shall be stated in the supplement.

The supplement shall contain a prominent statement concerning the right of withdrawal, which clearly states:

- a that a right of withdrawal is only granted to those investors who had already agreed to purchase or subscribe for the securities before the supplement was published and where the securities had not yet been delivered to the investors at the time when the significant new factor, material mistake or material inaccuracy arose or was noted;
- b the period in which investors can exercise their right of withdrawal; and
- c whom investors may contact should they wish to exercise the right of withdrawal.

3 Where the securities are purchased or subscribed through a financial intermediary, that financial intermediary shall inform investors of the possibility of a supplement being published, where and when it would be published and that the financial intermediary would assist them in exercising their right to withdraw acceptances in such case.

The financial intermediary shall contact investors on the day when the supplement is published.

Changes to legislation: Regulation (EU) 2017/1129 of the European Parliament and of the Council, Article 23 is up to date with all changes known to be in force on or before 28 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

Where the securities are purchased or subscribed directly from the issuer, that issuer shall inform investors of the possibility of a supplement being published and where it would be published and that in such case, they could have a right to withdraw the acceptance.

4 Where the issuer prepares a supplement concerning information in the base prospectus that relates to only one or several individual issues, the right of investors to withdraw their acceptances pursuant to paragraph 2 shall only apply to the relevant issue(s) and not to any other issue of securities under the base prospectus.

5 In the event that the significant new factor, material mistake or material inaccuracy referred to in paragraph 1 concerns only the information contained in a registration document or a universal registration document and that registration document or universal registration document is simultaneously used as a constituent part of several prospectuses, only one supplement shall be drawn up and approved. In that case, the supplement shall mention all the prospectuses to which it relates.

6 When scrutinising a supplement before approval, the competent authority may request that the supplement contains a consolidated version of the supplemented prospectus, registration document or universal registration document in an annex, where such consolidated version is necessary to ensure comprehensibility of the information given in the prospectus. Such a request shall be deemed to be a request for supplementary information under Article 20(4). An issuer may in any event voluntarily include a consolidated version of the supplemented prospectus, registration document or universal registration document in an annex to the supplement.

7 ^[F2]The FCA may make] technical standards to specify situations where a significant new factor, material mistake or material inaccuracy relating to the information included in the prospectus requires a supplement to the prospectus to be published.
