15.3. Name and capacity of the signatory: ...

(insert in capital letters name and capacity of the individual ^k signing that certificate)

15.4. Signature: ...

Footnotes:

a A single zootechnical certificate may be issued for a group of hybrid breeding pigs provided that those hybrid breeding pigs have the same age and the same genetic dam and sire and that individual information is provided in points 4, 5, 6.2, 12 and, as appropriate, 13 of this zootechnical certificate.

b Keep empty if not applicable.

c Delete where not applicable.

d In accordance with the legislation on the identification and registration of animals of the country of dispatch.

e This may be required in accordance with Article 22(2) of Regulation (EU) 2016/1012 for hybrid breeding pigs used for the collection of semen for artificial insemination or for the collection of oocytes and embryos by breeding operations maintaining the breeding register where the animal is to be registered.

f If necessary attach additional sheets of paper.

g Add individual identification number if different from breeding book number.

h If the results of performance testing or genetic evaluation can be accessed on a website, a direct reference to that website may be provided instead.

i Required in the case of pregnant females. Information may be indicated in a separate document.

j Applicable only for purebred breeding pigs of different breeds or lines registered in a breeding register for hybrid breeding pigs.

k That individual shall be a representative of the breeding body, including official service of the country of dispatch, which is listed in accordance with Article 34 of Regulation (EU) 2016/1012, who is authorised to sign the zootechnical certificate.

Notes:

- The zootechnical certificate shall be issued in at least one of the official languages of the country of dispatch.

- The colour of the signature must be different from that of the printing.

- The zootechnical certificate may be issued in portrait or landscape orientation.

- The footnotes and notes of this zootechnical certificate may not be printed, provided a reference to a directly accessible multilingual source of information is included in the title.
