▼B

Annex III shall only comprise the following goods that could be used for the purpose of torture or other cruel, inhuman or degrading treatment or punishment:

- (a) goods which are primarily used for law enforcement purposes;
- (b) goods which, taking into account their design and technical features, present a material risk of use for torture or other cruel, inhuman or degrading treatment or punishment.

- (b) dual-use items controlled by Regulation (EC) No 428/2009;

Customs or other relevant authorities shall have the right to verify whether this condition is met and may decide that, pending such verification, the export shall not take place.

3. Paragraph 1 shall not apply to exports to third countries, provided that the goods are used by military or civil personnel of a Member State, if such personnel is taking part in an EU or UN peace keeping or crisis management operation in the third country concerned or in an operation based on agreements between Member States and third countries in the field of defence. Customs and other relevant authorities shall have the right to verify whether this condition is met. Pending such verification, the export shall not take place.

*Article 12***Criteria for granting export authorisations**

1. Decisions on applications for authorisations in respect of the export of goods listed in Annex III shall be taken by the competent authorities, taking into account all relevant considerations, including in particular whether an application in respect of an essentially identical export has been dismissed by another Member State in the preceding three years and considerations about intended end-use and the risk of diversion.

2. The competent authority shall not grant any authorisation when there are reasonable grounds to believe that goods listed in Annex III might be used for torture or other cruel, inhuman or degrading treatment or punishment, including judicial corporal punishment, by a law enforcement authority or any natural or legal person in a third country.

▼B

The competent authority shall take into account:

- (a) available international court judgements;
- (b) findings of the competent bodies of the UN, the Council of Europe and the EU, and reports of the Council of Europe's European Committee for the Prevention of Torture and Inhuman or Degrading Treatment and Punishment and of the UN Special Rapporteur on Torture and other cruel, inhuman or degrading treatment or punishment.

Other relevant information, including available national court judgements, reports or other information prepared by civil society organisations and information on restrictions on exports of goods listed in Annexes II and III applied by the country of destination, may be taken into account.

3. The rules laid down in the second and third subparagraphs shall apply to the verification of the intended end-use and the risk of diversion.

If the manufacturer of goods listed in point 3.2 or 3.3 of Annex III requests an authorisation for exporting such goods to a distributor, the competent authority shall make an assessment of the contractual arrangements made by the manufacturer and the distributor and of the measures that they are taking to ensure that these goods and, if applicable, the products in which they will be incorporated will not be used for torture or other cruel, inhuman or degrading treatment or punishment.

If an authorisation is requested for exporting goods listed in point 3.2 or 3.3 of Annex III to an end-user, the competent authority may, when assessing the risk of diversion, take into account the contractual arrangements that apply and the end-use statement signed by the end-user, if such a statement is provided. If no end-use statement is provided, it shall be up to the exporter to demonstrate who will be the end-user and what use will be made of the goods. If the exporter fails to provide sufficient information on the end-user and the end-use, the competent authority shall be deemed to have reasonable grounds to believe that the goods might be used for torture or other cruel, inhuman or degrading treatment or punishment.

4. In addition to the criteria set out in paragraph 1, when assessing an application for a global authorisation, the competent authority shall take into consideration the application by the exporter of proportionate and adequate means and procedures to ensure compliance with the provisions and objectives of this Regulation and with the terms and conditions of the authorisation.

Article 13

Prohibition of transit

A natural or legal person, entity or body, including a partnership, whether resident or established in a Member State or not, shall be prohibited from executing the transit of goods listed in Annex III, if he, she or it knows that any part of a shipment of such goods is intended to be used for torture or other cruel, inhuman or degrading treatment or punishment in a third country.

 - (a) technical assistance related to goods listed in Annex III, irrespective of the origin of such goods; and
 - (b) brokering services related to goods listed in Annex III, irrespective of the origin of such goods.
2. When deciding on applications for an authorisation for the supply of brokering services concerning goods listed in Annex III, Article 12 shall apply *mutatis mutandis*.

When deciding on applications for an authorisation for the supply of technical assistance related to goods listed in Annex III, the criteria set out in Article 12 shall be taken into account to assess:

- (a) whether the technical assistance would be supplied to a person, entity or body that might use the goods to which the technical assistance relates for torture or other cruel, inhuman or degrading treatment or punishment; and
 - (b) whether the technical assistance would be used to repair, develop, manufacture, test, maintain or assemble goods listed in Annex III for, or to supply technical assistance to, a person, entity or body that might use the goods to which the technical assistance relates for torture or other cruel, inhuman or degrading treatment or punishment.
3. Paragraph 1 shall not apply to the supply of technical assistance, if

- (c) the technical assistance is the minimum necessary for the installation, operation, maintenance or repair of those goods listed in Annex III whose export has been authorised by a competent authority in accordance with this Regulation.

4. Notwithstanding paragraph 1, a Member State may maintain a prohibition on the supply of brokering services related to leg irons, gang chains and portable electric shock devices. Where a Member State maintains such a prohibition, it shall inform the Commission if measures previously adopted and notified in accordance with Article 7a(4) of Regulation (EC) No 1236/2005 are amended or repealed.

CHAPTER IV

GOODS THAT COULD BE USED FOR THE PURPOSE OF CAPITAL PUNISHMENT*Article 16***Export authorisation requirement**

1. For any export of goods listed in Annex IV, an authorisation shall be required irrespective of the origin of such goods. However, no authorisation shall be required for goods which only pass through the customs territory of the Union, namely those which are not assigned a customs approved treatment or use other than the external transit procedure under Article 226 of Regulation (EU) No 952/2013, including storage of non-Union goods in a free zone.

Annex IV shall only comprise goods that could be used for the purpose of capital punishment and have been approved or actually used for capital punishment by one or more third countries that have not abolished capital punishment. It shall not include:

*Article 17***Criteria for granting export authorisations**

1. Decisions on applications for authorisations in respect of the export of goods listed in Annex IV shall be taken by the competent authorities, taking into account all relevant considerations, including in particular whether an application in respect of an essentially identical export has been dismissed by another Member State in the preceding three years and considerations about intended end-use and the risk of diversion.

▼B

2. The competent authority shall not grant any authorisation when there are reasonable grounds to believe that the goods listed in Annex IV might be used for capital punishment in a third country.

3. The rules in the second, third and fourth subparagraphs shall apply to the verification of the intended end-use and the risk of diversion.

If the manufacturer of goods listed in Section 1 of Annex IV requests an authorisation for exporting such products to a distributor, the competent authority shall make an assessment of the contractual arrangements made by the manufacturer and the distributor and of the measures that they are taking to ensure that the goods will not be used for capital punishment.

If an authorisation is requested for exporting goods listed in Section 1 of Annex IV to an end-user, the competent authority may, when assessing the risk of diversion, take into account the contractual arrangements that apply and the end-use statement signed by the end-user, if such a statement is provided. If no end-use statement is provided, it shall be up to the exporter to demonstrate who will be the end-user and what use will be made of the goods. If the exporter fails to provide sufficient information on the end-user and the end-use, the competent authority shall be deemed to have reasonable grounds to believe that the goods might be used for capital punishment.

The Commission, in cooperation with competent authorities of the Member States, may adopt best practice guidelines on the assessment of end-use and of the purpose for which technical assistance would be used.

4. In addition to the criteria set out in paragraph 1, when assessing an application for a global authorisation the competent authority shall take into consideration the application by the exporter of proportionate and adequate means and procedures to ensure compliance with the provisions and objectives of this Regulation and with the terms and conditions of the authorisation.

*Article 18***Prohibition of transit**

A natural or legal person, entity or body, including a partnership, whether resident or established in a Member State or not, shall be prohibited from executing the transit of goods listed in Annex IV, if he, she or it knows that any part of a shipment of such goods is intended to be used for capital punishment in a third country.

▼B

(b) brokering services related to goods listed in Annex IV, irrespective of the origin of such goods.

2. When deciding on applications for an authorisation for the supply of brokering services concerning goods listed in Annex IV Article 17 shall apply *mutatis mutandis*.

When deciding on applications for an authorisation for the supply of technical assistance related to goods listed in Annex IV, the criteria set out in Article 17 shall be taken into account to assess:

(a) whether the technical assistance would be supplied to a person, entity or body that might use the goods to which the technical assistance relates for capital punishment; and

(b) whether the technical assistance would be used to repair, develop, manufacture, test, maintain or assemble goods listed in Annex IV for, or supply technical assistance to, a person, entity or body that might use the goods to which the technical assistance relates for capital punishment.

10. Upon request of a national preventive mechanism established under the Optional Protocol to the 1984 United Nations Convention against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment, the competent authorities may decide to make the information they have received from an applicant on the country of destination, the consignee, the end-use and the end-users or, where relevant, the distributor and the arrangements and measures referred to in paragraph 9, available to the requesting national preventive mechanism. The competent authorities shall hear the applicant before the information is made available and may impose restrictions on the use that can be made of the information. The period of validity of a global authorisation shall be from one year to three years with a possible extension of up to two years.

2. An authorisation for export granted in accordance with Article 12 or with Article 17 implies an authorisation for the exporter to supply technical assistance to the end-user to the extent that such assistance is necessary for the installation, operation, maintenance or repair of those goods whose export is authorised.

▼B

3. Authorisations may be issued by electronic means. The specific procedures shall be established on a national basis. Member States availing themselves of this option shall inform the Commission.

4. Authorisations for export, import, transit, the supply of technical assistance or the supply of brokering services shall be subject to any requirements and conditions the competent authority deems appropriate.

5. The competent authorities, acting in accordance with this Regulation, may refuse to grant an authorisation and may annul, suspend, modify or revoke an authorisation which they have already granted.

*Article 22***Customs formalities**

1. When completing customs formalities, the exporter or importer shall submit the duly completed form set out in Annex VII as proof that the necessary authorisation for the export or import concerned has been obtained. If the document is not filled out in an official language of the Member State where the customs formalities are being completed, the exporter or importer may be required to provide a translation into such official language.

2. If a customs declaration is made concerning goods listed in Annex II, III or IV and it is confirmed that no authorisation has been granted pursuant to this Regulation for the intended export or import, the customs authorities shall detain the goods declared and shall make the exporter or importer aware of the possibility to apply for an authorisation pursuant to this Regulation. If no application for an authorisation is made within six months of the detention, or if the competent authority dismisses such an application, the customs authorities shall dispose of the detained goods in accordance with applicable national law.

*Article 23***Notification and consultation requirement**

1. A Member State shall notify the other Member States and the Commission if its competent authorities, as listed in Annex I, take a decision dismissing an application for an authorisation under this Regulation or if they annul an authorisation they have granted. Such notification shall be made not later than 30 days following the date of the decision or annulment.

2. The competent authority shall, through diplomatic channels where required or appropriate, consult the authority or authorities which, in the preceding three years, dismissed an application for authorisation of an export, a transit, the supply of technical assistance to a person, entity or body in a third country or the supply of brokering services under this Regulation, if it receives an application concerning an export, a transit, the supply of technical assistance to a person, entity or body in a third country or the supply of brokering services involving an essentially identical transaction referred to in such earlier application and considers that an authorisation should, nevertheless, be granted.

▼B

3. If, after the consultations referred to in paragraph 2, the competent authority decides to grant an authorisation, the relevant Member State shall immediately inform the other Member States and the Commission of its decision and explain the reasons for its decision, submitting supporting information as appropriate.

4. Where a refusal to grant an authorisation is based on a national prohibition in accordance with Article 14(1) or Article 15(4), it shall not constitute a decision dismissing an application within the meaning of paragraph 1 of this Article.

5. All notifications required under this Article shall be made via a secure and encrypted system for exchange of information.

CHAPTER VI

GENERAL AND FINAL PROVISIONS

*Article 24***Amendment of Annexes**

The Commission is empowered to adopt delegated acts in accordance with Article 29, to amend Annexes I, II, III, IV, V, VI, VII, VIII and IX. The data in Annex I regarding competent authorities of the Member States shall be amended on the basis of information supplied by the Member States.

Where, in the case of amendment of Annex II, III, IV or V, imperative grounds of urgency so require, the procedure provided for in Article 30 shall apply to delegated acts adopted pursuant to this Article.

*Article 25***Requests for adding goods to one of the lists of goods**

1. Each Member State may address a duly substantiated request to the Commission to add goods designed or marketed for law enforcement to Annex II, Annex III or Annex IV. Such a request shall include information on:

- (a) the design and characteristics of the goods;
- (b) all the purposes for which they can be used; and
- (c) the international or domestic rules that would be broken if the goods were to be used for law enforcement.

When addressing its request to the Commission, the requesting Member State shall also forward that request to the other Member States.

2. The Commission may, within three months of the receipt of the request, ask the requesting Member State to provide supplementary information, if it considers that the request fails to address one or more relevant points or that additional information on one or more relevant points is necessary. It shall communicate the points on which supplementary information needs to be provided. The Commission shall forward its questions to the other Member States. The other Member States may also provide the Commission with further information for the assessment of the request.

▼B

3. If it considers that there is no need to ask for supplementary information or, where applicable, upon receipt of the supplementary information it has requested, the Commission shall, within 20 weeks of the receipt of the request or the receipt of supplementary information, respectively, commence the procedure for the adoption of the requested amendment or inform the requesting Member State of the reasons for not doing so.

*Article 26***Exchange of information between Member States' authorities and the Commission**

1. Without prejudice to Article 23, the Commission and the Member States shall, upon request, inform each other of the measures taken under this Regulation and supply each other with any relevant information at their disposal in connection with this Regulation, in particular information on authorisations granted and refused.

2. Relevant information on authorisations granted and refused shall comprise at least the type of decision, the grounds for the decision or a summary thereof, the names of the consignees and, if they are not the same, of the end-users as well as the goods concerned.

3. Member States, if possible in cooperation with the Commission, shall make a public, annual activity report, providing information on the number of applications received, on the goods and countries concerned by these applications, and on the decisions they have taken on these applications. This report shall not include information the disclosure of which a Member State considers to be contrary to the essential interests of its security.

4. The Commission shall prepare an annual report comprised of the annual activity reports referred to in paragraph 3. That annual report shall be made publicly available.

5. Except for the supply of information mentioned in paragraph 2 to the authorities of the other Member State and to the Commission, this Article shall be without prejudice to applicable national rules concerning confidentiality and professional secrecy.

6. The refusal to grant an authorisation, if it is based on a national prohibition adopted in accordance with Article 14(1), shall not constitute an authorisation refused within the meaning of paragraphs 1, 2 and 3 of this Article.

*Article 27***Processing of personal data**

Personal data shall be processed and exchanged in accordance with the rules laid down in Regulation (EU) 2016/679 and Regulation (EU) 2018/1725.

*Article 28***Use of information**

Without prejudice to Regulation (EC) No 1049/2001 of the European Parliament and of the Council⁽¹⁾ and national legislation on public access to documents, information received pursuant to this Regulation shall be used only for the purpose for which it was requested.

⁽¹⁾ Regulation (EC) No 1049/2001 of the European Parliament and of the Council of 30 May 2001 regarding public access to European Parliament, Council and Commission documents (OJ L 145, 31.5.2001, p. 43).

Article 29

Exercise of the delegation

1. The power to adopt delegated acts is conferred on the Commission subject to the conditions laid down in this Article.

2. The power to adopt delegated acts referred to in Article 24 shall be conferred on the Commission for a period of five years from 16 December 2016. The Commission shall draw up a report in respect of the delegation of power not later than nine months before the end of the five-year period. The delegation of power shall be tacitly extended for periods of an identical duration, unless the European Parliament or the Council opposes such extension not later than three months before the end of each period.

3. The delegation of power referred to in Article 24 may be revoked at any time by the European Parliament or by the Council. A decision to revoke shall put an end to the delegation of the power specified in that decision. It shall take effect the day following the publication of the decision in the *Official Journal of the European Union* or at a later date specified therein. It shall not affect the validity of any delegated acts already in force.

4. Before adopting a delegated act, the Commission shall consult experts designated by each Member State in accordance with the principles laid down in the Interinstitutional Agreement of 13 April 2016 on Better Law-Making.

5. As soon as it adopts a delegated act, the Commission shall notify it simultaneously to the European Parliament and to the Council.

6. A delegated act adopted pursuant to Article 24 shall enter into force only if no objection has been expressed either by the European Parliament or the Council within a period of two months of notification of that act to the European Parliament and the Council or if, before the expiry of that period, the European Parliament and the Council have both informed the Commission that they will not object. That period shall be extended by two months at the initiative of the European Parliament or of the Council.

Article 30

Urgency procedure

1. Delegated acts adopted under this Article shall enter into force without delay and shall apply as long as no objection is expressed in accordance with paragraph 2. The notification of a delegated act to the European Parliament and to the Council shall state the reasons for the use of the urgency procedure.

2. Either the European Parliament or the Council may object to a delegated act in accordance with the procedure referred to in Article 29(6). In such a case, the Commission shall repeal the act immediately following the notification of the decision to object by the European Parliament or by the Council.

*Article 31***Anti-Torture Coordination Group**

1. An Anti-Torture Coordination Group chaired by a representative of the Commission shall be established. Each Member State shall appoint a representative to that group.
2. The Anti-Torture Coordination Group shall examine any questions concerning the application of this Regulation, including, without limitation, the exchange of information on administrative practices and any questions which may be raised either by the chair or by a representative of a Member State.
3. The Anti-Torture Coordination Group may, whenever it considers it to be necessary, consult exporters, brokers, suppliers of technical assistance and other relevant stakeholders concerned by this Regulation.
4. The Commission shall submit an annual report in writing to the European Parliament on the activities, examinations and consultations of the Anti-Torture Coordination Group.

The annual report shall be drawn up paying due regard to the need not to undermine the commercial interests of natural or legal persons. The discussions in the Anti-Torture Coordination Group shall be kept confidential.

*Article 32***Review**

1. By 31 July 2020, and every five years thereafter, the Commission shall review the implementation of this Regulation and present a comprehensive implementation and impact assessment report to the European Parliament and to the Council, which may include proposals for its amendment. The review will assess the need to include the activities of Union nationals abroad. Member States shall provide to the Commission all appropriate information for the preparation of the report.
2. Special sections of the report shall deal with:
 - (a) the Anti-Torture Coordination Group and its activities. The report shall be drawn up paying due regard to the need not to undermine the commercial interests of natural or legal persons. The discussions in the group shall be kept confidential;
 - (b) information on the measures taken by the Member States pursuant to Article 33(1) and notified to the Commission pursuant to Article 33(2).

*Article 33***Penalties**

2. Member States shall notify the Commission without delay of any amendment affecting rules on penalties notified in accordance with Article 17(2) of Regulation (EC) No 1236/2005.

▼B*Article 34***Territorial scope**

1. This Regulation shall have the same territorial scope of application as the Treaties, except for the first subparagraph of Article 3(1), the first subparagraph of Article 4(1), Articles 5, 11, 13, 14, 16 and 18, Article 20(1) to (4) and Article 22, which shall apply to:

ANNEX III

LIST OF GOODS REFERRED TO IN ARTICLE 11

Introductory Note:

The CN codes in this Annex refer to codes specified in Part Two of Annex I to Regulation (EEC) No 2658/87.

Where 'ex' precedes the CN code, the goods covered by this Regulation constitute only a part of the scope of the CN code and are determined by both the description given in this Annex and the scope of the CN code.

Notes:

- The object of the controls contained in this Annex should not be defeated by the export of any non-controlled goods (including plant) containing one or more controlled components when the controlled component or components are the principal element of the goods and can feasibly be removed or used for other purposes.

NB: In judging whether the controlled component or components are to be considered the principal element, it is necessary to weigh the factors of quantity, value and technological know-how involved and other special circumstances which might establish the controlled component or components as the principal element of the goods being procured.

- In some instances chemicals are listed by name and CAS number. The list applies to chemicals of the same structural formula (including hydrates) regardless of name or CAS number. CAS numbers are shown to assist in identifying a particular chemical or mixture, irrespective of nomenclature. CAS numbers cannot be used as unique identifiers because some forms of the listed chemical have different CAS numbers, and mixtures containing a listed chemical may also have different CAS numbers.
