

Commission Delegated Regulation (EU) 2019/2035 of 28 June 2019 supplementing Regulation (EU) 2016/429 of the European Parliament and of the Council as regards rules for establishments keeping terrestrial animals and hatcheries, and the traceability of certain kept terrestrial animals and hatching eggs (Text with EEA relevance)

PART II

REGISTRATION, APPROVAL, REGISTERS AND RECORD-KEEPING

TITLE I

REGISTRATION AND APPROVAL OF TRANSPORTERS AND OPERATORS OF ESTABLISHMENTS BY THE COMPETENT AUTHORITY

CHAPTER 1

Registration of transporters of kept terrestrial animals other than ungulates for transport between Member States and for transport to third countries

Article 3

Registration obligations of transporters of kept dogs, cats and ferrets, and poultry

1 Transporters engaged in the transportation of kept dogs, cats and ferrets, and poultry between Member States or between a Member State and a third country shall, in order to be registered in accordance with Article 93 of Regulation (EU) 2016/429, before they commence such activities provide the competent authority with information on:

- a the name and address of the transporter concerned;
- b the species for which transportation is planned;
- c the type of transport;
- d the means of transport.

2 Transporters of kept dogs, cats and ferrets, as referred to in paragraph 1, shall inform the competent authority of the numbers of animals for which transportation is planned.

3 Transporters of poultry, as referred to in paragraph 1, shall inform the competent authority of the categories of poultry for which transportation is planned.

4 Transporters as referred to in paragraph 1 shall inform the competent authority of any:

- a change concerning the matters referred to in paragraphs 1, 2 and 3;
- b cessation of the transport activity.

Changes to legislation: There are currently no known outstanding effects for the Commission Delegated Regulation (EU) 2019/2035, TITLE I. (See end of Document for details)

CHAPTER 2

Approval of establishments for assembly operations of ungulates and poultry, hatcheries and establishments keeping poultry

Article 4

Derogations from the requirement to apply to the competent authority for approval for operators of establishments for assembly operations of certain equine animals and of hatcheries of captive birds

Operators of the following establishments shall not apply to the competent authority for approval of their establishments in accordance with Article 96(1) of Regulation (EU) 2016/429:

- (a) establishments for assembly operations of equine animals where those animals are gathered for the purposes of competitions, races, shows, training, collective leisure or work activities or in the context of breeding activities;
- (b) hatcheries of captive birds.

Article 5

Requirements for granting approval of establishments for assembly operations of ungulates

When granting approval of establishments for assembly operations of ungulates, from which those animals are to be moved to another Member State or which receive those animals from another Member State, the competent authority shall ensure that such establishments comply with the following requirements set out in Part 1 of Annex I hereto:

- (a) point 1, in relation to isolation and other biosecurity measures;
- (b) point 2, in relation to facilities and equipment;
- (c) point 3, in relation to personnel;
- (d) point 4, in relation to supervision by the competent authority.

Article 6

Requirements for granting approval of establishments for assembly operations of poultry

When granting approval of establishments for assembly operations of poultry from which those animals are to be moved to another Member State or which receive those animals from another Member State, the competent authority shall ensure that such establishments comply with the following requirements set out in Part 2 of Annex I hereto:

- (a) point 1, in relation to isolation and other biosecurity measures;
- (b) point 2, in relation to facilities and equipment;

Changes to legislation: There are currently no known outstanding effects for the Commission Delegated Regulation (EU) 2019/2035, TITLE I. (See end of Document for details)

- (c) point 3, in relation to personnel;
- (d) point 4, in relation to supervision by the competent authority.

Article 7

Requirements for granting approval of hatcheries

When granting approval of hatcheries from which hatching eggs of poultry or day-old chicks are to be moved to another Member State, the competent authority shall ensure that such establishments comply with the following requirements set out in:

- (a) point 1 of Part 3 of Annex I, in relation to biosecurity measures;
- (b) point 2 of Part 3 of Annex I and Parts 1 and 2 of Annex II, in relation to surveillance;
- (c) point 3 of Part 3 of Annex I, in relation to facilities and equipment;
- (d) point 4 of Part 3 of Annex I, in relation to personnel;
- (e) point 5 of Part 3 of Annex I, in relation to supervision by the competent authority.

Article 8

Requirements for granting approval of establishments keeping poultry

When granting approval of establishments keeping poultry from which poultry intended for purposes other than slaughter or hatching eggs are to be moved to another Member State, the competent authority shall ensure that such establishments comply with the following requirements set out in:

- (a) point 1 of Part 4 of Annex I, in relation to biosecurity measures;
- (b) point 2 of Part 4 of Annex I and Part 2 of Annex II, in relation to surveillance;
- (c) point 3 of Part 4 of Annex I, in relation to facilities and equipment.

CHAPTER 3

Approval of establishments keeping terrestrial animals

Article 9

Obligation on operators of certain type of establishments keeping terrestrial animals to apply to the competent authority for approval

Operators of the following types of establishments shall apply to the competent authority for approval in accordance with Article 96(1) of Regulation (EU) 2016/429 and shall not commence their activities until their establishment has been approved:

- (a) assembly centres of dogs, cats and ferrets from which those animals are moved to another Member State;

Changes to legislation: There are currently no known outstanding effects for the Commission Delegated Regulation (EU) 2019/2035, TITLE I. (See end of Document for details)

- (b) animal shelters of dogs, cats and ferrets from which those animals are moved to another Member State;
- (c) control posts;
- (d) environmentally isolated production establishments for bumble bees from which those animals are moved to another Member State;
- (e) quarantine establishments for kept terrestrial animals other than primates from which those animals are moved within the same Member State or to another Member State.

Article 10

Requirements for granting approval of assembly centres of dogs, cats and ferrets

When granting approval of assembly centres of dogs, cats and ferrets from which those animals are to be moved to another Member State, the competent authority shall ensure that such establishments comply with the following requirements set out in Part 5 of Annex I hereto:

- (a) point 1, in relation to isolation and other biosecurity measures;
- (b) point 3, in relation to facilities and equipment.

Article 11

Requirements for granting approval of animal shelters of dogs, cats and ferrets

When granting approval of animal shelters from which dogs, cats and ferrets are to be moved to another Member State, the competent authority shall ensure that such establishments comply with the following requirements set out in Part 5 of Annex I hereto:

- (a) point 2, in relation to isolation and other biosecurity measures;
- (b) point 3, in relation to facilities and equipment.

Article 12

Requirements for granting approval of control posts

When granting approval of control posts, the competent authority shall ensure that such control posts comply with the following requirements set out in Part 6 of Annex I hereto:

- (a) point 1, in relation to isolation and other biosecurity measures;
- (b) point 2, in relation to facilities and equipment.

Changes to legislation: There are currently no known outstanding effects for the Commission Delegated Regulation (EU) 2019/2035, TITLE I. (See end of Document for details)

Article 13

Requirements for granting approval of environmentally isolated production establishments for bumble bees

When granting approval for environmentally isolated production establishments for bumble bees from which bumble bees are to be moved to another Member State, the competent authority shall ensure that such establishments comply with the following requirements set out in Part 7 of Annex I hereto:

- (a) point 1, in relation to biosecurity and surveillance measures;
- (b) point 2, in relation to facilities and equipment.

Article 14

Requirements for granting approval of quarantine establishments for kept terrestrial animals other than primates

When granting approval for quarantine establishments for kept terrestrial animals other than primates from which those animals are to be moved within the same Member State or to another Member State, the competent authority shall ensure that such establishment comply with the following requirements set out in Part 8 of Annex I hereto:

- (a) point 1, in relation to quarantine, isolation and other biosecurity measures;
- (b) point 2, in relation to surveillance and control measures;
- (c) point 3, in relation to facilities and equipment.

Article 15

Obligations on operators of quarantine establishments for kept terrestrial animals other than primates

Operators of quarantine establishments for kept terrestrial animals other than primates referred to in Article 14 shall:

- (a) [^{XI}put in place the necessary arrangements to perform veterinary post-mortem examinations in appropriate facilities in the establishment or in a laboratory;]
- (b) secure by contract or by means of another legal instrument the services of an establishment veterinarian who shall be responsible for:
 - (i) supervising the activities of the establishment and compliance with the requirements for approval laid down in Article 14;
 - (ii) reviewing the disease surveillance plan referred to in point 2(a) of Part 8 of Annex I whenever required and at least annually.

Changes to legislation: There are currently no known outstanding effects for the Commission Delegated Regulation (EU) 2019/2035, TITLE I. (See end of Document for details)

CHAPTER 4

Approval of confined establishments from which terrestrial animals are to be moved within a Member State or to another Member State

Article 16

Requirements for granting approval of status of confined establishments for terrestrial animals

When granting approval of a confined establishment for terrestrial animals which are to be moved within the same Member State or to another Member State, the competent authority shall ensure that such establishments comply with the following requirements set out in Part 9 of Annex I hereto:

- (a) point 1, in relation to quarantine, isolation and other biosecurity measures;
- (b) point 2, in relation to surveillance and control measures;
- (c) point 3, in relation to facilities and equipment.

Article 17

Obligations on operators of confined establishments for terrestrial animals

Operators of confined establishments for terrestrial animals referred to in Article 16 shall:

- (a) [^{X1}put in place the necessary arrangements to perform veterinary post-mortem examinations in appropriate facilities in the establishment or in a laboratory;]
- (b) secure by contract or by means of another legal instrument the services of an establishment veterinarian who shall be responsible for:
 - (i) supervising of the activities of the establishment and compliance with the requirements for approval laid down in Article 16;
 - (ii) reviewing of the disease surveillance plan referred to in point 2(a) of Part 9 of Annex I whenever required and at least annually.
