2 Unless paragraph 4 applies, an application to register a trade mark that was pending immediately before IP completion day or filed during the relevant period must be refused where:

- a if the trade mark is registered, the use of the trade mark will not respect the definition in Article 112 of Regulation (EU) No 1308/2013 and conditions of use in Article 113 of that Regulation in relation to a category B traditional term, and
- b after the application for the trade mark is accepted but before the trade mark is registered:
 - i in the case of a type 2B traditional term:
 - aa the international agreement referred to in paragraph (c) of column 2 of row 2 of the Types Table enters into force or the bridging arrangements referred to in that column are made, and
 - bb the entry into force of the international agreement or the making of the bridging arrangements is brought to the attention of the registrar before the trade mark is registered;

- c in the case of a type 3B, 4B or 5B traditional term, the Secretary of State publishes an Article 115(2) approval notice relating to the traditional term on or after the day on which the trade mark application is accepted.

4 This paragraph applies where a column 5 date applies in relation to a category A or B traditional term and, taking account of any priority claimed in respect of an application to register the trade mark referred to in paragraph 1, 2 or 3(a) (as relevant) and on the basis of the information available to the registrar, it appears to the registrar that the date of filing of the trade mark application is earlier than the column 5 date that applies to the relevant traditional term.

5 As regards paragraphs 1 and 2, a column 5 date does not apply in relation to a type 2A, 3A or 4A traditional term where the EUIA referred to in paragraph (b) in column 2 of the row of the Types Table relating to the traditional term provides that an application for a trade mark must be refused, regardless of when that application is filed, if the trade mark, if registered, will contravene a provision in the EUIA providing for the protection of the use of the traditional term

6 As regards paragraph 3, a column 5 date does not apply in relation to a type 2B, 3B or 4B traditional term where the EUIA referred to in paragraph (b) in column 2 of the row of the Types Table relating to the traditional term provides that the registration of a trade mark must be invalidated if, regardless of when the application that resulted in the registration of the trade mark is filed, the use of the trade mark contravenes a provision in the EUIA providing for the protection of the use of the traditional term.

7 Where a traditional term falls within the definition of more than one type of traditional term in Article 1b, the column 5 date to be taken into account for the purpose of paragraph 4 is the earliest of the column 5 dates for the relevant types of traditional term.

8 In a case of a category A or B traditional term that is not on Great Britain's Traditional Terms Register at the time an assessment is carried out under paragraph 1, 2 or 3, the traditional term is to be treated, for the purpose of the assessment, as being a protected traditional term in determining whether the use of the trade mark will contravene Article 113 in relation to that traditional term.

9 A trade mark that could be used under Article 32(3) of EU Regulation 2019/33 in the United Kingdom immediately before IP completion day may continue to be used in Great Britain on and after IP completion day:

- a notwithstanding that the use of the trade mark would not respect the definition in Article 112 of Regulation (EU) No 1308/2013 and conditions of use in Article 113 of that Regulation in relation to a traditional term registered by the Secretary of State under this Regulation;
- b provided that no grounds for the invalidation or revocation of the trade mark exist in, or under, the TMA.

10 Nothing in this Regulation prevents a trade mark that could be renewed in the United Kingdom pursuant to Article 32(3) of EU Regulation 2019/33 immediately before IP completion day from being renewed after IP completion day:

- a notwithstanding that the use of the renewed trade mark would not respect the definition in Article 112 of Regulation (EU) No 1308/2013 and conditions of use in Article 113 of that Regulation in relation to a traditional term registered by the Secretary of State under this Regulation;
- b provided that no grounds for the invalidation or revocation of the trade mark exist in, or under, the TMA.

11 Where paragraph 9 or 10 applies to the use or renewal of a trade mark, this does not affect the use of:

- a an established protected traditional term entered on Great Britain's Traditional Terms Register pursuant to Article 39;
- b a traditional term entered on Great Britain's Traditional Terms Register by the Secretary of State following a decision by the Secretary of State to approve an application to protect the traditional term submitted under Article 21 of Implementing Regulation (EU) 2019/34;
- c a traditional term entered on Great Britain's Traditional Terms Register by the Secretary of State under Article 25(3) of Implementing Regulation (EU) 2019/34.

2 This paragraph applies to a traditional term which relates to a wine sector product produced in a third country ("C") which:

- a was, immediately before IP completion day, protected in the European Union under an EU IA to which the European Union and C were contracting parties, and

Transitional provisions: relations between trade marks and traditional terms when bridging arrangements are in effect

1 Where a traditional term is entered on Great Britain's Traditional Terms Register under Article 32c, Articles 32a and 32b and Annex A1 apply for the purposes of determining:

- a whether an application to register a trade mark which was pending before IP completion day or made during the relevant period, must be refused, or
- b if a relevant invalidity application was made, whether the registration of a trade mark must be declared invalid,

but subject to the general modifications specified in paragraphs 2 and 3 and any further modifications made by regulations (if any) (see paragraph 4).

5 Where the FTT remits a matter to the Secretary of State for reconsideration and fresh decision:

3 Where the Secretary of State decides to consider an original decision afresh in a case where an appeal has been made to the FTT in respect of that decision:

- a the Secretary of State must notify the FTT of the Secretary of State's decision to consider the original decision afresh and publish, in such manner as appears appropriate to the Secretary of State from time to time, a notice informing the appellant, the original applicant (if different) and the public of that decision;
- b the appeal to the FTT is suspended until such time as the Secretary of State has made a fresh decision in relation to the matter;
- c the Secretary of State must, following the making of the fresh decision, notify the FTT of that decision and publish, in such manner as appears appropriate to the Secretary of State from time to time, a notice informing the appellant, the original applicant (if different) and the public of that decision and the reasons for that decision.

4 If the Secretary of State makes the same decision again, the appeal to the FTT restarts.
