
Changes to legislation: There are currently no known outstanding effects for the Commission Implementing Regulation (EU) 2020/2002, SECTION 4. (See end of Document for details)

ANNEX VII

INFORMATION REQUIRED FOR THE SUBMISSION OF ERADICATION PROGRAMMES IN ACCORDANCE WITH ARTICLE 10

SECTION 4

Submission of eradication programmes for category B and C diseases of aquatic animals

Information to be included in eradication programmes for category B and C diseases of aquatic animals:

1. Date of submission.
2. Name of the country.
3. Name of disease.
4. Territorial scope with a description and demarcation of the geographical and administrative areas covered by the eradication programme and the names of the zones or compartments.
5. A description of the epidemiological situation for each zone, compartment or region if more than one region is included in the territorial scope of the programme:
 - (a) the number of approved aquaculture establishments and the number of registered aquaculture establishments keeping animals of the targeted animal population, by type of production and by health status⁽¹⁾ at 31 December;
 - (b) listed species kept in the aquaculture establishments referred to in point (a) by health status;
 - (c) maps indicating:
 - (i) the geographical location of the aquaculture establishments referred to in point (a) and the relevant water catchment areas; and
 - (ii) the geographical distribution of cases of infection with the relevant category B or C disease covering at least the past 5 years;
 - (d) information as regards the epidemiological situation in wild aquatic animals, where relevant.
6. A description of the disease control strategy of the eradication programme in accordance with Article 46 of Delegated Regulation (EU) 2020/689 including at least:
 - (a) the sampling schemes and diagnostic methods to be used in accordance with Annex VI to Delegated Regulation (EU) 2020/689 for:
 - (i) health visits and sampling in aquaculture establishments;
 - (ii) targeted surveillance in wild populations, where relevant;
 - (b) the disease control measures to be applied in the event of a confirmed case;
 - (c) the biosecurity and risk mitigating measures to be implemented;
 - (d) vaccination schemes, where relevant;

Changes to legislation: There are currently no known outstanding effects for the Commission Implementing Regulation (EU) 2020/2002, SECTION 4. (See end of Document for details)

- (e) the measures to be implemented as regards wild aquatic animals and the number and geographical location of sampling points where relevant;
 - (f) the derogations to be applied in accordance with Article 53 of Delegated Regulation (EU) 2020/689, where relevant;
 - (g) coordinated measures with other Member States or third countries, where relevant.
7. A description of the organisation, supervision and roles of the parties involved in the eradication programme including at least:
- (a) the authorities in charge of coordinating and supervising the implementation of the programme;
 - (b) responsibilities of all stakeholders involved.
8. The estimated duration of the eradication programme.
9. The intermediate targets of, and the disease control strategies for implementing, the eradication programme including at least:
- (a) the expected annual decrease of the number of infected aquaculture establishments and where relevant, sampling points in wild populations;
 - (b) the expected annual increase of the number of aquaculture establishments and, where relevant, sampling points in wild populations that tested negative;
 - (c) the expected vaccination coverage, where relevant.

Changes to legislation: There are currently no known outstanding effects for the Commission Implementing Regulation (EU) 2020/2002, SECTION 4. (See end of Document for details)

- (1) Not-infected, infected, unknown.

Changes to legislation:

There are currently no known outstanding effects for the Commission Implementing Regulation (EU) 2020/2002, SECTION 4.
