(Text with EEA relevance)

THE EUROPEAN COMMISSION,

- (3) That list aims to reduce the administrative burden on aircraft operators by providing information on which Member State will be regulating a particular aircraft operator.
- (4) The inclusion of an aircraft operator in the EU ETS is dependent upon the performance of an aviation activity listed in Annex I to Directive 2003/87/EC and is not dependent on the inclusion in the list of aircraft operators established by the Commission on the basis of Article 18a(3) of that Directive.
- (5) Pursuant to the Agreement between the European Union and the Swiss Confederation on the linking of their greenhouse gas emissions trading systems<sup>(4)</sup>, aviation activities are to be included in the respective Emissions Trading Systems of the Parties. Switzerland is administer a number of aircraft operators currently administered by a Member State.
- (6) An aircraft operator is to be administered either by a Member State or by Switzerland, not by both. For activities relative to the calculation of compliance against 2019 emissions, the aircraft operators, which will have been reattributed to Switzerland will still be temporarily administered by a Member State
