

Commission Delegated Regulation (EU) 2020/687 of 17 December 2019  
supplementing Regulation (EU) 2016/429 of the European  
Parliament and the Council, as regards rules for the prevention  
and control of certain listed diseases (Text with EEA relevance)

PART II

TERRESTRIAL ANIMALS

CHAPTER I

*Disease control measures for category A diseases in kept terrestrial animals*

*Section 2*

***Disease control measures in the event of the official  
confirmation of a category A disease in kept animals***

*Article 14*

**Additional disease control measures in the event of an outbreak of  
a category A disease in kept terrestrial animals in an establishment**

1 The competent authority may establish, in addition to the measures provided for in Article 12, sampling procedures for kept animals of non-listed species and wild animals of listed species, based on the information obtained from the epidemiological enquiry referred to in Article 57 of the Regulation (EU) 2016/429.

2 The competent authority may, after carrying out a risk assessment of the further spread of the relevant category A disease and taking into account the possibility of applying other risk-mitigating measures, order the killing of kept animals of non-listed species and wild animals in such a way as to avoid any risk of spreading the category A disease during killing, transport and until disposal of the entire bodies or parts of the dead animals.

**Status:**

Point in time view as at 31/01/2020.

**Changes to legislation:**

There are currently no known outstanding effects for the Commission Delegated Regulation (EU) 2020/687, Article 14.
