

Commission Delegated Regulation (EU) 2020/687 of 17 December 2019
supplementing Regulation (EU) 2016/429 of the European
Parliament and the Council, as regards rules for the prevention
and control of certain listed diseases (Text with EEA relevance)

PART II

TERRESTRIAL ANIMALS

CHAPTER II

*Disease control measures for category A diseases
of kept terrestrial animals in the restricted zones*

Section 2

Disease control measures in the protection zone

Article 27

**Prohibitions in relation to activities, including movements, concerning
animals, products and other material within, from or to the protection zone**

- 1 The competent authority shall prohibit the activities, including movements, concerning animals of listed species and their products and other materials within, from and to the protection zone in accordance with the table in Annex VI.
- 2 The competent authority may extend the prohibitions provided for in paragraph 1 to:
 - a animals of non-listed species and products from such animals; and
 - b activities, including movements, other than those set out in Annex VI.
- 3 The following products are exempted from prohibitions provided for in paragraphs 1 and 2:
 - a products of animal origin considered as safe commodities, in accordance with Annex VII, as regards the relevant disease;
 - b products of animal origin which have undergone the relevant treatment in accordance with Annex VII;
 - c products or other materials likely to spread the disease obtained or produced before the monitoring period set out in Annex II for the relevant disease calculated backwards from the date on which the suspicion was notified;
 - d products produced in the protection zone which have been obtained from kept animals of listed species:
 - (i) kept outside the protection zone;
 - (ii) kept and slaughtered outside the protection zone; or
 - (iii) kept outside the protection zone and slaughtered in the protection zone;

Changes to legislation: There are currently no known outstanding effects for the Commission
Delegated Regulation (EU) 2020/687, Article 27. (See end of Document for details)

e derived products.

4 Prohibitions provided for in paragraph 1 and 2 shall apply to products referred to in paragraph 3 if:

- a the products were not clearly separated, during the production process, storage and transport, from products not eligible for dispatch outside the restricted zone pursuant to this Regulation; or
- b the competent authority has epidemiological evidences of spreading of the disease to, from or through those products.

Changes to legislation:

There are currently no known outstanding effects for the Commission Delegated Regulation (EU) 2020/687, Article 27.
