

Commission Delegated Regulation (EU) 2020/687 of 17 December 2019
supplementing Regulation (EU) 2016/429 of the European
Parliament and the Council, as regards rules for the prevention
and control of certain listed diseases (Text with EEA relevance)

PART II

TERRESTRIAL ANIMALS

CHAPTER IV

Disease control measures in wild animals of listed species

Article 67

Duration of measures in the infected zone

The competent authority shall maintain the measures applied in the infected zone in accordance with this Chapter until the epidemiological information indicates that the relevant wild population no longer poses a risk of introduction of a category A disease into establishments keeping animals of listed species and the operational group recommends lifting of the measures.

Changes to legislation:

There are currently no known outstanding effects for the Commission Delegated Regulation (EU) 2020/687, Article 67.
