

Commission Delegated Regulation (EU) 2020/687 of 17 December 2019
supplementing Regulation (EU) 2016/429 of the European
Parliament and the Council, as regards rules for the prevention
and control of certain listed diseases (Text with EEA relevance)

PART III

AQUATIC ANIMALS

CHAPTER II

***Disease control measures for category A diseases
of aquaculture animals in the restricted zone***

Section 2

Disease control measures in the protection zone

Article 91

**Specific conditions for slaughter, and movements for slaughter or processing of
aquaculture animals from listed species from establishments in the protection zone**

- 1 Aquaculture animals from establishments keeping listed species in the protection zone may be:
- a slaughtered within the establishment in compliance with biosecurity measures provided for by the competent authority; or
 - b moved for immediate slaughter for human consumption in a disease control aquatic food establishment; or
 - c in the case of molluscs, removed from water and moved to a disease control aquatic food establishment for purification if necessary and further processing.
- 2 The competent authority may, after carrying out a risk assessment based on relevant epidemiological data, limit the application of the measures provided for in paragraph 1 to establishments keeping solely aquaculture animals of species listed in the third column of the Annex to Commission Implementing Regulation (EU) 2018/1882.
- 3 When authorising the movements of aquaculture animals referred to in paragraph 1(b), the competent authority responsible for the disease control aquatic food establishment shall:
- a be informed of the intention to send aquaculture animals of listed species to the disease control aquatic food establishment;
 - b agree to receive the aquaculture animals in question;
 - c supervise and confirm the slaughter of the animals to the competent authority of dispatch;

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission
Delegated Regulation (EU) 2020/687, Article 91. (See end of Document for details)

- d ensure that the aquaculture animals of listed species originating from the protection zone are kept separately from aquaculture animals of listed species originating from outside the protection zone, and slaughtered or processed separately from those animals;
- e monitor the slaughtering or processing;
- f ensure that the cleaning and disinfection of the premises is completed before aquaculture animals from establishments outside the protection zone are slaughtered or processed;
- g ensure that products of animal origin obtained from the aquaculture animals comply with the specific conditions for placing on the market provided for in Article 92; and
- h ensure that animal by-products from slaughter or other processes referred to in paragraph 1, are processed or disposed of in accordance with Regulation (EC) No 1069/2009.

Status:

Point in time view as at 31/01/2020.

Changes to legislation:

There are currently no known outstanding effects for the Commission Delegated Regulation (EU) 2020/687, Article 91.
