

Consolidated version of the Treaty establishing the
European Atomic Energy Community 2016/C 203/01

TITLE II

**PROVISIONS FOR THE ENCOURAGEMENT OF
PROGRESS IN THE FIELD OF NUCLEAR ENERGY**

CHAPTER 2

Dissemination of information

Section 3

Security provisions

Article 25

1 A Member State notifying the existence or communicating the contents of an application for a patent or utility model relating to a subject specified in Article 16(1) or (2) shall, where appropriate, draw attention to the need to apply a given security grading for defence reasons, at the same time stating the probable duration of such grading.

The Commission shall pass on to the other Member States all communications received in accordance with the preceding subparagraph. The Commission and the Member States shall take those measures which, under the security regulations, correspond to the grading required by the State of origin.

2 The Commission may also pass on these communications to Joint Undertakings or, through a Member State, to a person or to an undertaking other than a Joint Undertaking operating in the territory of that State.

Inventions which are the subject of applications referred to in paragraph 1 may be used only with the consent of the applicant or in accordance with Articles 17 to 23.

The communications and, where appropriate, the use referred to in this paragraph shall be subject to the measures which, under the security regulations, correspond to the security grading required by the State of origin.

The communications shall in all cases be subject to the consent of the State of origin. Consent to communication and use may be withheld only for defence reasons.

3 At the request of the Commission or of a Member State, the Council may, acting unanimously, at any time apply another grading or declassify the information. The Council shall obtain the opinion of the Commission before taking any action on a request from a Member State.
