

Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community

PART THREE

SEPARATION PROVISIONS

TITLE III

ONGOING VALUE ADDED TAX AND EXCISE DUTY MATTERS

Article 53

Access to relevant networks, information systems and databases

By way of derogation from Article 8, the United Kingdom shall have access, to the extent strictly necessary to comply with its obligations under this Title, to the networks, information systems and databases listed in Annex IV. The United Kingdom shall reimburse the Union for the actual costs incurred by the Union as a consequence of facilitating that access. The Union shall communicate to the United Kingdom the amount of those costs by 31 March of each year until the end of the period referred to in Annex IV. In the event that the communicated amount of the actual costs incurred considerably diverges from the best estimates amount that was communicated by the Union to the United Kingdom before the signature of this Agreement, the United Kingdom shall pay without delay to the Union the best estimates amount and the Joint Committee shall determine the manner in which the difference between the actual costs incurred and the best estimates amount is to be addressed.
