The Electricity (Northern Ireland) Order 1992

PART II

ELECTRICITY SUPPLY

Supply by public electricity suppliers

Additional terms of supply

24. A public electricity supplier may require any person who requires a supply of electricity under Article 19(1) to accept in respect of the supply—

- (a) any restrictions which must be imposed for the purpose of enabling the supplier to comply with regulations under Article 32; and
- (b) any terms restricting any liability of the supplier for economic loss resulting from negligence which it is reasonable in all the circumstances for that person to be required to accept.
