NORTHERN IRELAND

The Industrial Pollution Control (Northern Ireland) Order 1997

*Made - - - - 26th November 1997
Coming into operation on days to be appointed under
Article 1(2)*

At the Court at Buckingham Palace, the 26th day of November 1997

Present,

The Queen's Most Excellent Majesty in Council

Whereas a draft of this Order has been approved by a resolution of each House of Parliament:

Now, therefore, Her Majesty, in exercise of the powers conferred by paragraph 1 of Schedule 1 to the Northern Ireland Act 1974 and of all other powers enabling Her in that behalf, is pleased, by and with the advice of Her Privy Council, to order, and it is hereby ordered, as follows:—

Introductory

Title and commencement

1.—(1) This Order may be cited as the Industrial Pollution Control (Northern Ireland) Order 1997.

(2) This Order shall come into operation on such day or days as the Department may by order appoint.

(3) An order under paragraph (2) may make such transitional provision as appears to the Department to be necessary or expedient in connection with the provisions brought into operation by the order.

Interpretation

2.—(1) The Interpretation Act (Northern Ireland) 1954 shall apply to Article 1 and the following provisions of this Order as it applies to a Measure of the Northern Ireland Assembly.

(2) In this Order—

“the Department” means the Department of the Environment;

“statutory provision” has the meaning assigned to it by section 1(f) of the Interpretation Act (Northern Ireland) 1954.

(3) For the purposes of this Order the “environment” consists of all, or any, of the following media, namely, the air, water and land; and the medium of air includes the air within buildings and the air within other natural or man-made structures above or below ground.

(4) For the purposes of this Order “pollution of the environment” means pollution of the environment due to the release (into any environmental medium) from any process of substances which are capable of causing harm to man or any other living organisms supported by the environment.

(5) For the purposes of this Order “harm” means harm to the health of living organisms or other interference with the ecological systems of which they form part and, in the case of man, includes offence caused to any of his senses or harm to his property; and “harmless” has a corresponding meaning.

(6) For the purposes of this Order “process” means any activities carried on in Northern Ireland, whether on premises or by means of mobile plant, which are capable of causing pollution of the environment and “prescribed process” means a process prescribed under Article 3(1).

(7) In paragraph (6)—

“activities” means industrial or commercial activities or activities of any other nature whatsoever (including, with or without other activities, the keeping of a substance);

“mobile plant” means plant which is designed to move or to be moved whether on roads or otherwise;

“Northern Ireland” does not include the waters beyond 3 international nautical miles seaward from the baseline from which the breadth of the territorial sea adjacent to Northern Ireland is measured.

(8) For the purposes of this Order the “enforcing authority” is the chief inspector or the district council by which, under Article 5, the functions conferred or imposed by this Order otherwise than on the Department or the Secretary of State are for the time being exercisable.

(9) For the purposes of this Order “authorisation” means an authorisation for a process (whether on premises or by means of mobile plant) granted under Article 6; and a reference to the conditions of an authorisation is a reference to the conditions subject to which at any time the authorisation has effect.

(10) A substance is “released” into any environmental medium for the purposes of this Order whenever it is released directly into that medium and “release” includes—

(a) in relation to air, any emission of the substance into the air;

(b) in relation to water, any entry (including any discharge) of the substance into water;

(c) in relation to land, any deposit, keeping or disposal of the substance in or on land;

and for this purpose “water” and “land” shall be construed in accordance with paragraphs (11) and (12).

(11) In order to determine for the purposes of this Order into what medium a substance is released—

(a) any release into—

(i) the sea or the surface of the seabed,

(ii) any river, watercourse, lake, lough or pond (whether natural or artificial or above or below ground) or reservoir or the surface of the riverbed or of other land supporting such waters, or

(iii) ground waters,

is a release into water;

(b) any release into—

(i) land covered by water falling outside sub-paragraph (a) or the water covering such land; or

(ii) the land beneath the surface of the seabed or of other land supporting waters falling within sub-paragraph (a)(ii),

is a release into land; and

(c) any release into a sewer (within the meaning of the Water and Sewerage Services (Northern Ireland) Order 1973) shall be treated as a release into water;

but a sewer and its contents shall be disregarded in determining whether there is pollution of the environment at any time.

(12) In paragraph (11) “ground waters” means any waters contained in underground strata, or in—

(a) a well, borehole or similar work sunk into underground strata, including any adit or passage constructed in connection with the well, borehole or work for facilitating the collection of water in the well, borehole or work; or

(b) any excavation into underground strata where the level of water in the excavation depends wholly or mainly on water entering it from the strata.

(13) For the purposes of this Order “substance” shall be treated as including electricity or heat and “prescribed substance” has the meaning given by Article 3(7).

Prescribed processes and prescribed substances

3.—(1) The Department may, by regulations, prescribe any description of process as a process for the carrying on of which after a prescribed date an authorisation is required under Article 6.

(2) Regulations under paragraph (1) may frame the description of a process by reference to any characteristics of the process or the area or other circumstances in which the process is carried on or the description of person carrying it on.

(3) Regulations under paragraph (1) may prescribe or provide for the determination under the regulations of different dates for different descriptions of processes and may include such transitional provisions as the Department considers necessary or expedient as respects the making of applications for authorisations and suspending the application of Article 6(1) until the determination of applications made within the period allowed by the regulations.

(4) Regulations under paragraph (1) shall, as respects each description of process, designate it as one for—

(a) integrated central control;

(b) restricted central control; or

(c) local control.

(5) The Department may, by regulations, prescribe any description of substance as a substance the release of which into the environment is subject to control under Articles 6 and 7.

(6) Regulations under paragraph (5) may—

(a) prescribe separately, for each environmental medium, the substances the release of which into that medium is to be subject to control; and

(b) provide that a description of substance is only prescribed, for any environmental medium, so far as it is released into that medium in such amounts over such periods, in such concentrations or in such other circumstances as may be specified in the regulations;

and in relation to a substance of a description which is prescribed for releases into the air, the regulations may designate the substance as one for restricted central control or one for local control.

(7) In this Order “prescribed substance” means any substance of a description prescribed in regulations under paragraph (5) or, in the case of a substance of a description prescribed only for releases in circumstances specified under paragraph (6)(b), means any substance of that description which is released in those circumstances.

Emission etc. limits and quality objectives

4.—(1) The Department may make regulations under paragraph (2) or (3) establishing standards, objectives or requirements in relation to particular prescribed processes or particular substances.

(2) Regulations under this paragraph may—

(a) in relation to releases of any substance from prescribed processes into any environmental medium, prescribe standard limits for—

(i) the concentration, the amount or the amount in any period of that substance which may be so released; and

(ii) any other characteristic of that substance in any circumstances in which it may be so released;

(b) prescribe standard requirements for the measurement or analysis of, or of releases of, substances for which limits have been set under sub-paragraph (a); and

(c) in relation to any prescribed process, prescribe standards or requirements as to any aspect of the process.

(3) Regulations under this paragraph may establish for any environmental medium (in all areas or in specified areas) quality objectives or quality standards in relation to any substances which may be released into that or any other medium from any process.

(4) Regulations under this Article may be made for any purposes of this Order or for other purposes.

Discharge and scope of functions

5.—(1) This Article determines the authority by which the functions conferred or imposed by this Order otherwise than on the Department or the Secretary of State are exercisable and the purposes for which they are exercisable.

(2) Those functions, in their application to prescribed processes designated for integrated central control, shall be functions of the chief inspector appointed by the Department under Article 16 and shall be exercisable for the purpose of preventing or minimising pollution of the environment due to the release of substances into any environmental medium.

(3) Those functions, in their application to prescribed processes designated for restricted central control, shall be functions of the chief inspector appointed by the Department under Article 16 and shall be exercisable for the purpose of preventing or minimising pollution of the environment due to the release of substances into the air (but not into any other environmental medium).

(4) Subject to paragraph (5), those functions, in their application to prescribed processes designated for local control, shall be functions of—

(a) in the case of a prescribed process carried on (or to be carried on) by means of mobile plant, the district council in whose district the person carrying on the process has his principal place of business; and

(b) in any other cases, the district council in whose district the prescribed processes are (or are to be) carried on;

and the functions applicable to such processes shall be exercisable for the purpose of preventing or minimising pollution of the environment due to the release of substances into the air (but not into any other environmental medium).

(5) The Department may, as respects the functions under this Order being exercised by a district council specified in the direction, direct that those functions shall be exercised instead by the chief inspector while the direction remains in force or during a period specified in the direction.

(6) Functions transferred under paragraph (5) to the chief inspector shall be exercisable for the purpose of preventing or minimising pollution of the environment due to the release of substances into the air (but not into any other environmental medium).

(7) A direction under paragraph (5) may transfer functions as exercisable in relation to all or any description of prescribed processes carried on by all or any description of persons (a “general direction”) or in relation to a prescribed process carried on by a specified person (a “specific direction”).

(8) A direction under paragraph (5) may include such saving and transitional provisions as the Department considers necessary or expedient.

(9) The Department, on giving or withdrawing a direction under paragraph (5), shall—

(a) in the case of a general direction—

(i) forthwith serve notice of it on the chief inspector and on the district councils affected by the direction; and

(ii) cause notice of it to be published as soon as practicable in the Belfast Gazette and in at least one newspaper circulating in the district of each district council affected by the direction;

(b) in the case of a specific direction—

(i) forthwith serve notice of it on the chief inspector, the district council affected by the direction and the person carrying on or appearing to the Department to be carrying on the process affected, and

(ii) cause notice of it to be published as soon as practicable in the Belfast Gazette and in at least one newspaper circulating in the council’s district;

and any such notice shall specify the date at which the direction is to take (or took) effect and (where appropriate) its duration.

(10) The requirements of head (ii) of sub-paragraph (a) or, as the case may be, of sub-paragraph (b) of paragraph (9) shall not apply in any case where, in the opinion of the Secretary of State, the publication of notice in accordance with that head would be contrary to the interests of national security.

(11) It shall be the duty of the chief inspector to follow developments in technology and techniques for preventing or reducing pollution of the environment due to releases of substances e from prescribed processes; and district councils shall follow such of those developments as concern releases into the air of substances from prescribed processes designated for local control.

(12) It shall be the duty of the chief inspector and district councils to give effect to any directions given to them under any provision of this Order.

Authorisations

Authorisations: general provisions

6.—(1) No person shall carry on a prescribed process after the date prescribed or determined for that description of process by or under regulations under Article 3(1) (but subject to any transitional

provision made by the regulations) except under an authorisation granted by the enforcing authority and in accordance with the conditions to which it is subject.

(2) An application for an authorisation shall be made to the enforcing authority in accordance with Part I of Schedule 1 and shall be accompanied by the fee prescribed under Article 8(2)(a).

(3) Where an application is duly made to the enforcing authority, the authority shall either grant the authorisation subject to the conditions required or authorised to be imposed by Article 7 or refuse the application.

(4) An application shall not be granted unless the enforcing authority considers that the applicant will be able to carry on the process so as to comply with the conditions which would be included in the authorisation.

(5) The Department may, if it thinks fit in relation to any application for an authorisation, give to the enforcing authority directions as to whether or not the authority should grant the authorisation.

(6) The enforcing authority shall, as respects each authorisation in respect of which it has functions under this Order, from time to time but not less frequently than once in every period of 4 years, carry out a review of the conditions of the authorisation.

(7) The Department may, by order, substitute for the period for the time being specified in paragraph (6) such other period as it thinks fit.

(8) Schedule 1 (supplementary provisions) shall have effect in relation to authorisations.

Conditions of authorisations

7.—(1) There shall be included in an authorisation—

- (a) subject to sub-paragraph (b), such specific conditions as the enforcing authority considers appropriate, when taken with the general condition implied by paragraph (4), for achieving the objectives specified in paragraph (2);
- (b) such conditions as are specified in directions given by the Department under paragraph (3); and
- (c) such other conditions (if any) as appear to the enforcing authority to be appropriate;

but no conditions shall be imposed for the purpose only of securing the health of persons at work (within the meaning of Part II of the Health and Safety at Work (Northern Ireland) Order 1978).

(2) Those objectives are—

- (a) ensuring that, in carrying on a prescribed process, the best available techniques not entailing excessive cost will be used—
 - (i) for preventing the release of substances prescribed for any environmental medium into that medium or, where that is not practicable by such means, for reducing the release of such substances to a minimum and for rendering harmless any such substances which are so released; and
 - (ii) for rendering harmless any other substances which might cause harm if released into any environmental medium;
- (b) compliance with any directions by the Department given for the implementation of any obligations of the United Kingdom under the Community Treaties or international law relating to environmental protection;
- (c) compliance with any limits or requirements and achievement of any quality standards or quality objectives prescribed by any Northern Ireland department under any of the relevant statutory provisions;

(d) compliance with any requirements applicable to the grant of authorisations specified by or under a plan made by the Secretary of State under section 3(5) of the Environmental Protection Act 1990.

(3) Except as respects the general condition implied by paragraph (4), the Department may give directions to the enforcing authorities as to the conditions which are, or are not, to be included in all authorisations, in authorisations of any specified description or in any particular authorisation.

(4) Subject to paragraphs (5) and (6), there is implied in every authorisation a general condition that, in carrying on the process to which the authorisation applies, the person carrying it on must use the best available technique not entailing excessive cost—

(a) for preventing the release of substances prescribed for any environmental medium into that medium or, where that is not practicable by such means, for reducing the release of such substances to a minimum and for rendering harmless any such substances which are so released; and

(b) for rendering harmless any other substances which might cause harm if released into any environmental medium.

(5) In the application of paragraphs (1) to (4) to authorisations granted—

(a) by the chief inspector in relation to a process designated for restricted central control, or

(b) by a district council,

references to the release of substances into any environmental medium are to be read as references to the release of substances into the air.

(6) The obligation implied by virtue of paragraph (4) shall not apply in relation to any aspect of the process in question which is regulated by a condition imposed under paragraph (1).

(7) The objectives referred to in paragraph (2) shall, where the process—

(a) is one designated for integrated central control; and

(b) is likely to involve the release of substances into more than one environmental medium;

include the objective of ensuring that the best available techniques not entailing excessive cost will be used for minimising the pollution which may be caused to the environment taken as a whole by the releases having regard to the best practicable environmental option available as respects the substances which may be released.

(8) An authorisation for carrying on a prescribed process may, without prejudice to the generality of paragraph (1), include conditions—

(a) imposing limits on the amount or composition of any substance produced by or utilised in the process in any period; and

(b) requiring advance notification of any proposed change in the manner of carrying on the process.

(9) This Article has effect subject to Article 28.

(10) References to the best available techniques not entailing excessive cost, in relation to a process, include (in addition to references to any technical means and technology) references to the number, qualifications, training and supervision of persons employed in the process and the design, construction, lay-out and maintenance of the buildings in which it is carried on.

(11) It shall be the duty of enforcing authorities to have regard to any guidance issued to them by the Department for the purposes of the application of paragraphs (2) and (7) as to the techniques and environmental options that are appropriate for any description of prescribed process.

(12) In paragraph (2) “the relevant statutory provisions” are any statutory provisions contained in or made under—

(a) Part II of the Water Act (Northern Ireland) 1972;

- (b) section 2 of the European Communities Act 1972;
- (c) Parts III and IV of the Pollution Control and Local Government (Northern Ireland) Order 1978;
- (d) Article 7 of the Clean Air (Northern Ireland) Order 1981; and
- (e) Article 4 of this Order.

Fees and charges for authorisations

8.—(1) There shall be charged by and paid to the enforcing authority such fees and charges as may be prescribed by a scheme under paragraph (2) (whether by being specified in or made calculable under the scheme).

(2) The Department may make, and from time to time revise, a scheme prescribing—

- (a) fees payable in respect of applications for authorisations;
- (b) fees payable by persons holding authorisations in respect of, or of applications for, the variation of authorisations; and
- (c) charges payable by such persons in respect of the subsistence of their authorisations.

(3) The Department shall, on making or revising a scheme under paragraph (2), lay a copy of the scheme or of the alterations made in the scheme or, if the Department considers it more appropriate, the scheme as revised, before the Assembly.

(4) The Department may make separate schemes for fees and charges payable to the chief inspector and fees and charges payable to district councils under this Order.

(5) A scheme under paragraph (2) may, in particular—

- (a) allow for reduced fees or charges to be payable in respect of authorisations for a number of prescribed processes carried on by the same person;
- (b) provide for the times at which and the manner in which the payments required by the scheme are to be made; and
- (c) make such incidental, supplementary and transitional provision as appears to the Department to be appropriate.

(6) The Department, in framing a scheme under paragraph (2), shall, so far as practicable, secure that the fees and charges payable under the scheme are sufficient, taking one financial year with another, to cover the expenditure incurred by—

- (a) the enforcing authorities in exercising their functions under this Order in relation to authorisations; and
- (b) the Department, in exercising its functions in relation to authorisations for processes which may involve the release of any substance into water.

(7) If it appears to the enforcing authority that the holder of an authorisation has failed to pay a charge due in consideration of the subsistence of the authorisation, it may, by notice in writing served on the holder, revoke the authorisation.

(8) Any fees and charges received by the chief inspector under this Article shall be paid into the Consolidated Fund.

Transfer of authorisations

9.—(1) An authorisation for the carrying on of any prescribed process may be transferred by the holder to a person who proposes to carry on the process in the holder's place.

(2) Where an authorisation is transferred under this Article, the person to whom it is transferred shall notify the enforcing authority in writing of that fact not later than the end of the period of 21 days beginning with the date of the transfer.

(3) An authorisation which is transferred under this Article shall have effect on and after the date of the transfer as if it had been granted to that person under Article 6, subject to the same conditions as were attached to it immediately before that date.

Variation of authorisations by enforcing authority

10.—(1) The enforcing authority may at any time, subject to the requirements of Article 7, and, in cases to which they apply, the requirements of Part II of Schedule 1, vary an authorisation and shall do so if it appears to the authority at that time that that Article requires conditions to be included which are different from the subsisting conditions.

(2) Where the enforcing authority has decided to vary an authorisation under paragraph (1) the authority shall notify the holder of the authorisation and serve a variation notice on him.

(3) In this Order a “variation notice” is a notice served by the enforcing authority on the holder of an authorisation—

- (a) specifying variations of the authorisation which the enforcing authority has decided to make; and
- (b) specifying the date or dates on which the variations are to take effect;

and, unless the notice is withdrawn or is varied under paragraph (4), the variations specified in a variation notice shall take effect on the date or dates so specified.

(4) Where an enforcing authority has served a variation notice, the enforcing authority may vary that notice by serving on the holder of the authorisation in question a further notice—

- (a) specifying the variations which the enforcing authority has decided to make to the variation notice; and
- (b) specifying the date or dates on which the variations specified in the variation notice, as varied by the further notice, are to take effect;

and any reference in this Order to a variation notice, or to a variation notice served under paragraph (2), includes a reference to such a notice as varied by a further notice served under this paragraph.

(5) A variation notice served under paragraph (2) shall also—

- (a) require the holder of the authorisation, within such period as may be specified in the notice, to notify the authority what action (if any) he proposes to take to ensure that the process is carried on in accordance with the authorisation as varied by the notice; and
- (b) require the holder to pay the fee (if any) prescribed by a scheme under Article 8 within such period as may be specified in the notice.

(6) Where in the opinion of the enforcing authority any action to be taken by the holder of an authorisation in consequence of a variation notice served under paragraph (2) will involve a substantial change in the manner in which the process is being carried on, the enforcing authority shall notify the holder of its opinion.

(7) The Department may, if it thinks fit in relation to authorisations of any description or particular authorisations, direct the enforcing authorities—

- (a) to exercise their powers under this Article, or to do so in such circumstances as may be specified in the directions, in such manner as may be so specified; or
- (b) not to exercise those powers, or not to do so in such circumstances or such manner as may be so specified;

and the Department shall have the corresponding power of direction in respect of the powers of the enforcing authorities to vary authorisations under Article 11.

(8) In this Article and Article 11 a “substantial change”, in relation to a prescribed process being carried on under an authorisation, means a substantial change in the substances released from the process or in the amount or any other characteristic of any substance so released; and the Department may give directions to the enforcing authorities as to what does or does not constitute a substantial change in relation to processes generally, any description of process or any particular process.

(9) In this Article and Article 11—

“prescribed” means prescribed in regulations made by the Department;

“vary”—

- (a) in relation to the subsisting conditions or other provisions of an authorisation, means adding to them or varying or rescinding any of them; and
- (b) in relation to a variation notice, means adding to, or varying or rescinding the notice or any of its contents;

and “variation” shall be construed accordingly.

Variation of conditions etc: applications by holders of authorisations

11.—(1) A person carrying on a prescribed process under an authorisation who wishes to make a relevant change in the process may at any time—

- (a) notify the enforcing authority in the prescribed form of that fact; and
- (b) request the enforcing authority to make a determination, in relation to the proposed change, of the matters mentioned in paragraph (2);

and a person making a request under sub-paragraph (b) shall furnish the enforcing authority with such information as may be prescribed or as the authority may by notice require.

(2) On receiving a request under paragraph (1) the enforcing authority shall determine—

- (a) whether the proposed change would involve a breach of any condition of the authorisation;
- (b) if it would not involve such a breach, whether the authority would be likely to vary the conditions of the authorisation as a result of the change;
- (c) if it would involve such a breach, whether the authority would consider varying the conditions of the authorisation so that the change may be made; and
- (d) whether the change would involve a substantial change in the manner in which the process is being carried on;

and the enforcing authority shall notify the holder of the authorisation of its determination of those matters.

(3) Where the enforcing authority has determined that the proposed change would not involve a substantial change, but has also determined under sub-paragraph (b) or (c) of paragraph (2) that the change would lead to or require the variation of the conditions of the authorisation, then—

- (a) the enforcing authority shall (either on notifying its determination under that paragraph or on a subsequent occasion) notify the holder of the authorisation of the variations which the authority is likely to consider making; and
- (b) the holder may apply in the prescribed form to the enforcing authority for the variation of the conditions of the authorisation so that he may make the proposed change.

(4) Where the enforcing authority has determined that a proposed change would involve a substantial change that would lead to or require the variation of the conditions of the authorisation, then—

- (a) the authority shall (either on notifying its determination under paragraph (2) or on a subsequent occasion) notify the holder of the authorisation of the variations which the authority is likely to consider making; and
- (b) the holder of the authorisation shall, if he wishes to proceed with the change, apply in the prescribed form to the enforcing authority for the variation of the conditions of the authorisation.

(5) The holder of an authorisation may at any time, unless he is carrying on a prescribed process under the authorisation and wishes to make a relevant change in the process, apply to the enforcing authority in the prescribed form for the variation of the conditions of the authorisation.

(6) A person carrying on a process under an authorisation who wishes to make a relevant change in the process may, where it appears to him that the change will require the variation of the conditions of the authorisation, apply to the enforcing authority in the prescribed form for the variation of the conditions of the authorisation specified in the application.

(7) A person who makes an application for the variation of the conditions of an authorisation shall furnish the authority with such information as may be prescribed or as the authority may by notice require.

(8) On an application for variation of the conditions of an authorisation under any provision of this Article—

- (a) the enforcing authority may, having fulfilled the requirements of Part II of Schedule 1 in cases to which they apply, as it thinks fit either refuse the application or, subject to the requirements of Article 7, vary the conditions or, in the case of an application under paragraph (6), treat the application as a request for a determination under paragraph (2); and
- (b) if the enforcing authority decides to vary the conditions, it shall serve a variation notice on the holder of the authorisation.

(9) Any application to the enforcing authority under this Article shall be accompanied by the applicable fee (if any) prescribed by a scheme made under Article 8.

(10) This Article applies to any provision other than a condition which is contained in an authorisation as it applies to a condition with the modification that any reference to the breach of a condition shall be read as a reference to acting outside the scope of the authorisation.

(11) For the purposes of this Article a relevant change in a prescribed process is a change in the manner of carrying on the process which is capable of altering the substances released from the process or of affecting the amount or any other characteristic of any substance so released.

Revocation of authorisation

12.—(1) The enforcing authority may at any time revoke an authorisation by notice in writing to the person holding the authorisation.

(2) Without prejudice to the generality of paragraph (1), the enforcing authority may revoke an authorisation where it has reason to believe that a prescribed process for which the authorisation is in force has not been carried on at all or has not been carried on for a period of 12 months.

(3) The revocation of an authorisation under this Article shall have effect from the date specified in the notice; and the period between the date on which the notice is served and the date so specified shall not be less than 28 days.

(4) The enforcing authority may, before the date on which the revocation of an authorisation takes effect, withdraw the notice or vary the date specified in it.

(5) The Department may, if it thinks fit in relation to an authorisation, give to the enforcing authority directions as to whether the authority should revoke the authorisation under this Article.

Enforcement

Enforcement notices

13.—(1) If the enforcing authority is of the opinion that the person carrying on a prescribed process under an authorisation is contravening any condition of the authorisation, or is likely to contravene any such condition, the authority may serve on him a notice (“an enforcement notice”).

(2) An enforcement notice shall—

- (a) state the authority’s opinion;
- (b) specify the matters constituting the contravention or the matters making it likely that the contravention will arise, as the case may be;
- (c) specify the steps that must be taken to remedy the contravention or to remedy the matters making it likely that the contravention will arise, as the case may be; and
- (d) specify the period within which those steps must be taken.

(3) The Department may, if it thinks fit in relation to the carrying on by any person of a prescribed process, give to the enforcing authority directions as to whether the authority should exercise its powers under this Article and as to the steps which are to be required to be taken under this Article.

(4) The enforcing authority may, as respects any enforcement notice it has issued to any person, by notice in writing served on that person, withdraw the notice.

Prohibition notices

14.—(1) If the enforcing authority is of the opinion, as respects the carrying on of a prescribed process under an authorisation, that the continuing to carry it on, or the continuing to carry it on in a particular manner, involves an imminent risk of serious pollution of the environment the authority shall serve a notice (a “prohibition notice”) on the person carrying on the process.

(2) A prohibition notice may be served whether or not the manner of carrying on the process in question contravenes a condition of the authorisation and may relate to any aspects of the process, whether regulated by the conditions of the authorisation or not.

(3) A prohibition notice shall—

- (a) state the authority’s opinion;
- (b) specify the risk involved in the process;
- (c) specify the steps that must be taken to remove it and the period within which they must be taken; and
- (d) direct that the authorisation shall, until the notice is withdrawn, wholly or to the extent specified in the notice cease to have effect to authorise the carrying on of the process;

and where the direction applies to part only of the process it may impose conditions to be observed in carrying on the part which is authorised to be carried on.

(4) The Department may, if it thinks fit in relation to the carrying on by any person of a prescribed process, give to the enforcing authority directions as to—

- (a) whether the authority should perform its duties under this Article; and
- (b) the matters to be specified in any prohibition notice in pursuance of paragraph (3) which the authority is directed to issue.

(5) The enforcing authority shall, as respects any prohibition notice it has issued to any person, by notice in writing served on that person, withdraw the notice when it is satisfied that the steps required by the notice have been taken.

Appeals as respects authorisations and against variation, enforcement and prohibition notices

15.—(1) The following persons, namely—

- (a) a person who has been refused the grant of an authorisation under Article 6;
- (b) a person who is aggrieved by the conditions attached, under any provision of this Order, to his authorisation;
- (c) a person who has been refused a variation of an authorisation on an application under Article 11;
- (d) a person whose authorisation has been revoked under Article 12;

may appeal against the decision of the enforcing authority to the Department (except where the decision implements a direction of the Department).

18.—(1) Where, in the case of any article or substance found by him on any premises which he has power to enter, an inspector has reasonable cause to believe that, in the circumstances in which he finds it, the article or substance is a cause of imminent danger of serious pollution of the environment or serious harm to human health he may seize it and cause it to be rendered harmless (whether by destruction or otherwise).

(2) As soon as may be after any article or substance has been seized and rendered harmless under this Article, the inspector shall prepare and sign a written report giving particulars of the circumstances in which the article or substance was seized and so dealt with by him, and shall—

- (i) such other matters relating to the carrying on of prescribed processes or any pollution of the environment caused thereby as may be prescribed;

but that duty is subject to Articles 21 and 22.

(2) The register maintained by a district council shall also contain prescribed particulars of such information contained in any register maintained by the chief inspector as relates to the carrying on in the district of the district council of prescribed processes in relation to which the chief inspector has functions under this Order; and the chief inspector shall furnish each district council with the particulars which are necessary to enable it to discharge its duty under this paragraph.

(3) Where information of any description is excluded from any register by virtue of Article 22, a statement shall be entered in the register indicating the existence of information of that description.

(4) The Department may give to enforcing authorities directions requiring the removal from any register of theirs of any specified information not prescribed for inclusion under paragraph (1) or (2) or which, by virtue of Article 22, ought to have been excluded from the register.

- (b) to afford to members of the public facilities for obtaining copies of entries, on payment of reasonable charges;

and, for the purposes of this paragraph, places may be prescribed at which any such registers or facilities as are mentioned in sub-paragraph (a) or (b) are to be available or afforded to the public in pursuance of the sub-paragraph in question.

(7) Registers under this Article may be kept in any form.

(8) In this Article “prescribed” means prescribed in regulations under this Article.

Exclusion from registers of information affecting national security

21.—(1) No information shall be included in a register maintained under Article 20 if and so long as, in the opinion of the Secretary of State, the inclusion in the register of that information, or information of that description, would be contrary to the interests of national security.

(2) The Secretary of State may, for the purpose of securing the exclusion from registers of information to which paragraph (1) applies, give to enforcing authorities directions—

- (a) specifying information, or descriptions of information, to be excluded from their registers; or

- (a) he shall notify the enforcing authority that he has done so; and
- (b) no information so notified to the Secretary of State shall be included in any such register until the Secretary of State has determined that it should be so included.

Exclusion from registers of certain confidential information

22.—(1) No information relating to the affairs of any individual or business shall be included in a register maintained under Article 20, without the consent of that individual or the person for the time being carrying on that business, if and so long as the information—

- (a) is, in relation to him, commercially confidential; and
- (b) is not required to be included in the register in pursuance of directions under paragraph (10);

but information is not commercially confidential for the purposes of this Article unless it is determined under this Article to be so by the enforcing authority or, on appeal, by the Department.

(2) Where information is furnished to an enforcing authority for the purpose of—

- (a) an application for an authorisation or for the variation of an authorisation;
- (b) complying with any condition of an authorisation; or
- (c) complying with a notice under Article 19(2);

then, if the person furnishing it applies to the authority to have the information excluded from the register on the ground that it is commercially confidential (as regards himself or another person), the authority shall determine whether the information is or is not commercially confidential.

(3) A determination under paragraph (2) must be made within the period of 14 days beginning with the date of the application and if the enforcing authority fails to make a determination within that period it shall be treated as having determined that the information is commercially confidential.

(4) Where it appears to an enforcing authority that any information (other than information furnished in circumstances within paragraph (2)) which has been obtained by the authority under any provision of this Order might be commercially confidential, the authority shall—

- (a) give to the person to whom or whose business it relates notice that that information is required to be included in the register unless excluded under this Article; and
- (b) give him a reasonable opportunity—
 - (i) of objecting to the inclusion of the information on the ground that it is commercially confidential; and
 - (ii) of making representations to the authority for the purpose of justifying any such objection;

and, if any representations are made, the enforcing authority shall, having taken the representations into account, determine whether the information is or is not commercially confidential.

(5) Where, under paragraph (2) or (4), an authority determines that information is not commercially confidential—

- (a) the information shall not be entered in the register until the end of the period of 21 days beginning with the date on which the determination is notified to the person concerned;
- (b) that person may appeal to the Department against the decision;

and, where an appeal is brought in respect of any information, the information shall not be entered in the register until the end of the period of 7 days following the day on which the appeal is finally determined or withdrawn.

(6) Where a person appeals to the Department under this Article, the Department shall—

- (a) determine the appeal; or
- (b) refer the appeal for determination to the Planning Appeals Commission; or
- (c) refer the appeal or any matter involved in the appeal to the Planning Appeals Commission and consider the report of the Commission before determining the appeal.

- (a) refer any matter involved in the appeal to such person as the Department may appoint for the purpose, with or without payment; or
- (b) cause the appeal to take or continue in the form of a hearing (which must be held in private), and the Department shall act as mentioned in sub-paragraph (b) if a request is made by either party to the appeal to be heard with respect to the appeal.

(9) Provision may be made by the Department by regulations with respect to appeals under this Article; and in particular provision may be so made—

- (a) requiring appeals to be brought within such period as may be prescribed by, or determined under or in accordance with, the regulations;

- (b) as to the manner in which appeals are to be brought; and
- (c) as to the manner in which appeals are to be considered by the Department.

(10) The Department may give to the enforcing authorities directions as to specified information, or descriptions of information, which the public interest requires to be included in registers maintained under Article 20 notwithstanding that the information may be commercially confidential.

(11) Information excluded from a register shall be treated as ceasing to be commercially confidential for the purposes of this Article at the expiry of the period of 4 years beginning with the date of the determination by virtue of which it was excluded; but the person who furnished it may apply to the authority for the information to remain excluded from the register on the ground that it is still commercially confidential and the authority shall determine whether or not that is the case.

(12) Paragraphs (5) to (9) shall apply in relation to a determination under paragraph (11) as they apply in relation to a determination under paragraph (2) or (4).

(13) The Department may, by order, substitute for the period for the time being specified in paragraph (3) such other period as it thinks fit.

(14) Information is, for the purposes of any determination under this Article, commercially confidential, in relation to any individual or person, if its being contained in the register would prejudice to an unreasonable degree the commercial interests of that individual or person.

Enforcement by High Court

24. If the enforcing authority is of the opinion that proceedings for an offence under Article 23(1)(c) would afford an ineffectual remedy against a person who has failed to comply with the requirements of an enforcement notice or a prohibition notice, the authority may take proceedings in the High Court for the purpose of securing compliance with the notice.

Evidence in connection with certain pollution offences

25.—(1) Information provided or obtained pursuant to or under a condition of an authorisation (including information so provided or obtained, or recorded, by means of any apparatus) shall be admissible in evidence in any proceedings, whether against the person subject to the condition or any other person.

(2) The time fixed by an order under paragraph (1) may be extended or further extended by order of the court on an application made before the end of the time as originally fixed or as extended under this paragraph, as the case may be.

(2) The chief inspector shall not exercise his powers under this Article except with the approval in writing of the Department and, where any of the steps are to be taken on or will affect land in the occupation of any person other than the person on whose land the prescribed process is being carried on, with the permission of that person.

(2) Where any of the activities comprising a prescribed process are regulated both by an authorisation granted by the enforcing authority under this Order and by a registration or authorisation under the Radioactive Substances Act 1993, then, if different obligations are imposed as respects the same matter by a condition attached to the authorisation under this Order and a condition attached to the registration or authorisation under that Act, the condition imposed by the authorisation under this Order shall be treated as not binding the person carrying on the process.

(3) Where the activities comprising a prescribed process designated for integrated central control include the release of any substances into any waters, then—

- (a) the chief inspector shall not grant an authorisation under this Order if the Department certifies to him its opinion that the release will result in or contribute to—
