The Energy (Northern Ireland) Order 2003

PART III

OBJECTIVES OF REGULATION OF ELECTRICITY AND GAS

Electricity

The principal objective and general duties of the Department and the Authority in relation to electricity

12.—(1) The principal objective of the Department and the Authority in carrying out their respective electricity functions is to protect the interests of consumers of electricity supplied by authorised suppliers, wherever appropriate by promoting effective competition between persons engaged in, or in commercial activities connected with, the generation, transmission or supply of electricity.

(2) The Department and the Authority shall carry out those functions in the manner which it considers is best calculated to further the principal objective, having regard to—

- (a) the need to secure that all reasonable demands [^{F1}in Northern Ireland or Ireland] for electricity are met; and
- (b) the need to secure that licence holders are able to finance the activities which are the subject of obligations imposed by or under Part II of the Electricity Order or this Order [^{F2}].
- (c) ^{F3}

(3) In performing that duty, the Department or the Authority shall have regard to the interests of—

- (a) individuals who are disabled or chronically sick;
- (b) individuals of pensionable age;
- (c) individuals with low incomes; and
- (d) individuals residing in rural areas;

but that is not to be taken as implying that regard may not be had to the interests of other descriptions of consumer.

(4) The Department and the Authority may, in carrying out any electricity functions, have regard to the interests of consumers in relation to gas [^{F4}and in relation to water or sewerage services] .

(5) Subject to paragraph (2), the Department and the Authority shall carry out their respective electricity functions in the manner which it considers is best calculated—

- (a) to promote the efficient use of electricity and efficiency and economy on the part of persons authorised by licences or exemptions to supply or participate in the transmission of electricity;
- (b) to protect the public from dangers arising from the generation, transmission or supply of electricity;

- [^{F5}(c) to secure a diverse, viable and environmentally sustainable long#term energy supply;]
- (d) to promote research into, and the development and use of, new techniques by or on behalf of persons authorised by a licence to generate, supply or participate in the transmission of electricity; and
- (e) to secure the establishment and maintenance of machinery for promoting the health and safety of persons employed in the generation, transmission or supply of electricity;

and shall have regard, in carrying out those functions, to the effect on the environment of activities connected with the generation, transmission or supply of electricity.

[^{F5}(6) In carrying out their respective electricity functions the Department or the Authority shall not discriminate between persons whose activities consist of or include generating, supplying or transmitting electricity as regards either rights or obligations.

(7) In this Article—

“electricity functions” means functions under Part II of the Electricity Order and functions under this Order relating to electricity; and

“environmental sustainability” includes the need to guard against climate change.]
