(3) If the student's marriage terminates during any year for which the contribution falls to be ascertained the contribution for that year shall be the fraction of the sum ascertained in accordance with the provisions of paragraph (1) of which the denominator is 52 and the numerator is the number of complete weeks between the beginning of that year and the termination of the marriage.

#### *Women students*

27. Where the marriage of a woman student is terminated during the course the value of the award shall not thereafter be less than it was before the marriage was terminated.

28.—(1) In the case of a woman student to whom any payment is due under paragraph (2) of Regulation 17 and whose marriage has terminated, whether before or during the course, then—

- (a) the amount of personal income to be disregarded under sub-paragraph (a) of paragraph (2) of Regulation 20 shall be £330; or
- (b) an additional payment of £200 shall be made to her under paragraph (2) of Regulation 17; or
- (c) in the case of a student to whom Regulation 19 applies an additional payment shall be made to her under that Regulation—

whichever is the most favourable to her.

(2) In the case of a woman student whose marriage has terminated the board may disregard for the purposes of Regulation 20 £450 of her income in respect of her first dependent child and £200 in respect of every other dependent child if this should prove more advantageous to the student than the payment of dependants' grants under Regulation 17.

#### *Appeals*

29. In any case where a board has refused to make an award or has suspended or terminated an award or has withheld or reduced any payment normally due in respect of an award an appeal may be made to the Department, and the Department after consultation with the board and where appropriate the academic authorities may give such direction as it thinks proper.

Sealed with the Official Seal of the Department of Education for Northern Ireland this 19th day of September 1974.

G. I. Dent,  
Deputy Secretary.

## EXPLANATORY NOTE

*(This note is not part of the Regulations, but is intended to indicate their general purport.)*

These Regulations make provision for boards to make awards to students attending specified courses at universities and other institutions and set out the rates of grant payable to students and the conditions under which they may be paid.

They supersede the University and Further Education Awards Regulations (Northern Ireland) 1973, provide for increased rates of maintenance, modify previous provisions relating to the parental contribution, and provide for a spouse's contribution and other new provisions of a minor character.
