Exceptions relating to attendance at previous courses

9.—(1) A board shall not make an award to a person in respect of his attendance at a course if it is its duty under regulation 11 to transfer an award already made to him so that it is held in respect of his attendance at that course.

(2) In the case of a person who has not attained the age of 25 years before the first year of his course, subject to paragraph (7), a board shall not be under a duty to make an award if he has previously—

(7) In the case of any course which began before 1st September 1977, the duty of a board to make an award to a person in respect thereof shall not be affected by paragraph (2), (3), (5) or (6) by reason only of his having attended the course from its beginning.

(8) For the purposes of this regulation a person shall only be treated as having attended a course if he has attended either more than one course or one course for a period of more than one term; and it is hereby declared that any reference to a person having attended or completed a course shall be construed as a reference to his having done so before or after the coming into operation of these regulations.

Other exceptions

10.—(1) A board shall not be under a duty to make an award in respect of a person's attendance at a course—

- (a) (i) to a person who has not been ordinarily resident in the United Kingdom for the three years immediately preceding the first year of the course in question; or
- (ii) to a person who has not been resident in its area on the last day of the month of June, October or February preceding the first year of the course in question according as the course begins in the autumn, spring or summer respectively;

- (b) to a person who has, in the opinion of the board, shown himself by his conduct to be unfitted to receive an award;

Transfer of awards:

11.—(1) An award in respect of a course specified in regulation 8 shall be transferred by the board so as to be held in respect of attendance at a course other than that in respect of which it is held in any case where—

- (a) subject to paragraph (2), on the recommendation of the academic authority the student commences to attend another course specified in regulation 8 ("the new course") at the institution;
- (b) subject to paragraph (2), with the consent of the academic authorities of both institutions concerned, given on educational grounds, the student commences to attend a course specified in regulation 8 ("the new course") at another institution;
- (c) on the completion of a DipHE course the student is admitted to a course specified by or under sub-paragraph 1(a) or (d) of regulation 8.

(2) An award shall not be transferred in pursuance of sub-paragraph 1(a) or (b) unless either—

- (a) the requisite recommendation or consent is given before the expiry of two months after the end of the first year of the course in respect of which the award was originally made; or
- (b) the board, after consulting the academic authority or authorities concerned, is satisfied that the period which the student in question will ordinarily require for the completion of the new course will expire not later than the period which he would so require for the completion of the course in respect of which the award is held,

and, after consulting the academic authority concerned, a board may refuse the transfer of an award as aforesaid if it is satisfied that when the student applied for it he did not intend to complete the course to which his application related.

(3) For the purposes of the duty of a board to transfer an award in pursuance of sub-paragraph (1)(c) it shall be immaterial whether or not the two courses are provided by the same institution.

Awards made by the Department

12. Subject to and in accordance with these regulations, the Department may make an award—

Conditions

13.—(1) Subject to paragraph (2), the duty of a board to make an award and the making of an award by the Department shall be subject to the conditions that—

- (a) an application in writing reaches the award-making body before the end of the term in which the student commences his course or, where he commenced his course before 1st September 1978 but has not during the year ending immediately before that date been required to attend for full-time study at the institution providing the course, before the end of the first term beginning on or after that date; and
- (b) the applicant gives the award-making body a written undertaking that, where any sum is paid, whether as a provisional payment or not, in pursuance of the award before the end of the year in respect of which the sum is payable, he will if called upon to do so repay the amount by which the sums paid during the year exceed (for whatever reason) the grant payable in respect of that year.

(2) If the applicant is a minor, sub-paragraph (1)(b) shall have effect, with the necessary modifications, as if the references to the applicant were references to the applicant or his parent.

Termination of awards

14.—(1) Subject to the following paragraphs, an award shall terminate on the expiry of the period ordinarily required for the completion of the course.

(2) If the academic authority refuse to allow the student to complete the course, the award-making body shall terminate the award forthwith.

(3) If the student does not complete the course within the period ordinarily required, the award-making body—

(b) shall extend it for a period equivalent to any period in respect of which it has made any payment under paragraph (1) of regulation 23.

(4) The award-making body may extend an award to enable the student to follow an associated course of study during or at the end of the course in respect of which the award is held.

(5) The award-making body may, after consultation with the academic authority, terminate the award if it is satisfied that the student has either—

(a) abandoned the course in respect of which it is held and the award does not fall to be transferred in pursuance of regulation 11; or

(b) shown himself by his conduct to be unfitted to hold the award.

Supplementary provisions

15.—(1) The award-making body may suspend or terminate an award or withhold or reduce any payment normally due in respect of the award if, after consultation with the academic authority, it is of the opinion that the attendance, conduct or progress of the student is not satisfactory.

(2) The award-making body may require the student to provide from time to time such information as it considers necessary for the exercise of its functions under this Part; and if in the case of any student the award-making body is satisfied that he has wilfully failed to comply with any such requirement or has provided information which he knows to be false in a material particular or has recklessly provided information which is false in a material particular, it may terminate the award or withhold any payments due under it as it sees fit.

PART III

PAYMENTS

Payments

16.—(1) Subject to regulations 15, 20, 23 and 24, the award-making body shall in respect of each year pay in pursuance of the award—

Calculation of maintenance grant

17.—(1) The maintenance grant in respect of any year shall be the amount by which the student's resources fall short of his requirements and for the purpose of ascertaining that amount—

- (a) the requirements of the student shall be taken to be the aggregate of—
 - (i) such of the amounts specified in Schedule 5 as are applicable in his case; and
 - (ii) subject to paragraph (2), the amount payable in accordance with paragraph (2) of regulation 16;
- (b) the resources of the student shall be taken to be the aggregate of his income for the year calculated in accordance with Part I of Schedule 6 and any contribution applicable in his case by virtue of Part 2 or 3 of that Schedule.

(2) In the case of a student who resides in an institution in England and Wales or in a hostel or other accommodation administered by the academic authority of that institution, the amount to be taken into account for the purposes of sub-paragraph 1(a)(ii) shall be so much of the charge, if any, payable under paragraph (2) of regulation 16 as does not exceed the amount chargeable for board and lodging by that institution to or in respect of a person who is ordinarily resident in England and Wales and resident in the institution for the purpose of attending a full-time course of further or higher education.

(3) This regulation and Schedules 5 and 6 shall have effect—

Sandwich courses

19.—(1) This regulation shall apply where the course is a sandwich course.

(2) The payment in respect of maintenance under sub-paragraph 1(b) of regulation 16 shall be the minimum maintenance payment or a maintenance grant, whichever is the greater:

Provided that, for the purpose of calculating the maintenance grant in respect of a sandwich year, Schedules 5 and 6 shall have effect subject to the provisions of Schedule 8.

(3) No payment in respect of maintenance under sub-paragraph 1(b) of regulation 16 shall be made in respect of a year in which there are no periods of full-time study.

Assisted students

20.—(1) Notwithstanding anything in the preceding provisions of these regulations, no payment under sub-paragraph (1)(a) or (b) of regulation 16 shall be made to a student in respect of any year in respect whereof he receives such payments as are mentioned in paragraph (2) amounting to not less than the aggregate of—

- (a) such fees payable in respect of him as are described in Schedule 4, and
- (b) his requirements for ordinary maintenance ascertained in accordance with Part 1 of Schedule 5.

(2) The payments referred to in paragraph (1) are the aggregate payments received by the student—

- (a) by way of remuneration paid in respect of any period for which he had leave of absence from his employment to attend the course (reduced by income tax and social security contributions), and
- (b) in pursuance of any award made to him in respect of the course (other than an award made under these regulations or previous awards regulations).

Students provided with free board and lodging

21.—(1) This regulation shall apply where the student is provided with free board and lodging by the academic authority in accordance with arrangements whereunder charges for board and lodging are made only in the case of students whose resources exceed their requirements (ascertained as provided in regulation 17).

(2) The payment in respect of maintenance under sub-paragraph (1)(b) of regulation 16 shall be a maintenance grant calculated in accordance with paragraph (1) of regulation 17.

Method of payment

22. The award-making body shall make any payment due under these regulations in such instalments (if any) and at such times as it considers appropriate; and in the exercise of its functions under this paragraph the award-making body may in particular make provisional payments pending the final calculation of the grant.

Discretionary payments

23.—(1) In respect of any period during which the student repeats any part of his course, the award-making body shall not be required to make any payments under sub-paragraph (1)(a) or (b) of regulation 16 but may pay in pursuance of the award such sums (if any) as it considers appropriate, being sums not exceeding the amount of any payments that would, apart from this regulation, be payable to that student in respect of that period.

(2) Paragraph (3) shall apply in the case of a student who—

- (a) has previously attended a course of advanced further education of more than one, but not more than two, academic years' duration (ignoring, in the case of a sandwich course, periods of experience) or successfully completed a part-time course corresponding to such a course ("the previous course"), and

- (b) holds an award made, or transferred in pursuance of sub-paragraph (1)(c) of regulation 11 so as to be held, in respect of a course specified by or under sub-paragraph (1)(a) or (d) of regulation 8 not being a course of one academic year's duration for a first degree or of initial training for teachers ("the current course").

(3) If the academic authority do not treat such a student's attendance at the previous course as excusing him from attending the whole of the first two academic years of the current course, then, in respect of so much of those first two years as he is not excused from attending—

- (a) the award-making body shall not be required to make any payments under sub-paragraph (1)(a) or (b) of regulation 16, but
- (b) the award-making body may pay in pursuance of the award such sums (if any) as it considers appropriate, being sums not exceeding the amount of any payment that would, apart from this regulation, be payable to that student in respect of that period.

Withholding and reduction of payments

24.—(1) Without prejudice to regulation 15, in the case of any student who is for the time being in default of any requirement to provide such information as is described in regulation 18, the award-making body may withhold, in part, any payment due to him in respect of maintenance and calculated or determined in accordance with regulation 17 or 19, or, in whole or in part, any such payment determined in accordance with regulation 21, but a partial payment made to the student in respect of any year in which he remains in default shall not (unless regulation 21 applies to him) be less than the minimum maintenance payment.

(2) In respect of any period—

(a) after the termination of an award;

(b) during which a student is excluded from attendance at the course by the academic authority; or

(c) during which a student is absent from his course without leave,

any payment otherwise due in pursuance of the award shall be reduced by the aggregate sum mentioned in paragraph (4).

(3) In respect of any other period being—

(a) a period during which a student is absent from his course (other than a period of not more than 28 days due to illness); or

(b) where an award held in respect of one course is transferred in pursuance of regulation 11 so as to be held in respect of another course, a period during which the student is not required to attend either course (other than the period of a single vacation),

the award-making body may reduce any payment otherwise due in pursuance of the award by such amount, not exceeding the aggregate sum mentioned in paragraph (4), as having regard to all relevant circumstances it considers appropriate.

(4) The sum referred to in paragraphs (2) and (3) is the aggregate of—

(a) fees otherwise due that are not payable by reason of the student's non-attendance, and

(b) the appropriate proportion of the balance of any payments in respect of maintenance payable in pursuance of sub-paragraph 1(b) of regulation 16.

PART 2

Parental contribution

Definitions and construction of Part 2

2.—(1) In this part of this Schedule—

“child” includes a person adopted in pursuance of adoption proceedings but, except in paragraph 4, does not include a child who holds a statutory award nor, except in paragraph 6, a step-child; and “parent” shall be construed accordingly;

“gross income” has the meaning assigned to it by paragraph 5;

“income of the student’s parent” means the total income of the parent from all sources computed as for income tax purposes, except that no deduction shall be made which is in respect of personal reliefs under Chapter II of Part I of the Income and Corporation Taxes Act 1970(n) or which is otherwise of a kind for which provision is made by paragraph 6;

“residual income” means subject to sub-paragraph (2), the balance of gross income remaining in any year after the deductions specified in paragraph 6 have been made.

(2) Where, in a case not falling within the proviso to sub-paragraph (1) of paragraph 5, the award-making body is satisfied that the income of the parent in any financial year is as a result of some event beyond his control likely to be, and to continue after that year to be, not more than four-fifths of his income in the financial year preceding that year, it may, for the purpose of enabling the student to attend the course without hardship, ascertain the parental contribution for the academic year in which that event occurred by taking as the residual income the average of the residual income for each of the financial years in which that academic year falls.

(3) Where the student’s parent satisfies the award-making body that his income is wholly or mainly derived from the profits of a business or profession carried on by him, then any reference in this part of this Schedule to a financial year shall be construed as a reference to a year ending with such date as appears to the award-making body expedient having regard to the accounts kept in respect of that business or profession and the periods covered thereby.

Application of Part 2

3. A parental contribution ascertained in accordance with this Part shall be applicable in the case of every student except—

- (a) an independent student;
- (b) a student who held an award made in respect of his attendance at a course beginning before 1st September 1975, and in whose case no contribution was applicable by virtue of previous awards regulations;
- (c) a student who has no parent living or in respect of whom the award-making body is satisfied that his parents cannot be found.

Parental contribution

4.—(1) Subject to sub-paragraph (2), the parental contribution shall be—

- (a) in any case in which the residual income is more than £3,799 but less than £5,200, £35 with the addition of £1 for every complete £5 by which it exceeds £3,800; and
 - (b) in any case in which the residual income is more than £5,199 but less than £7,300, £315 with the addition of £1 for every complete £10 by which it exceeds £5,200; and
 - (c) in any case in which the residual income is not less than £7,300, £525 with the addition of £1 for every complete £12 by which it exceeds £7,300;
- reduced in each case by £95 in respect of each other child of the parent who holds a statutory award; and in any case in which the residual income is less than £3,800 the parental contribution shall be nil.

(2) For any year in which a statutory award is held by—

- (a) more than one child of the parent;
- (b) the parent; or
- (c) the student's step-parent—

the parental contribution for the student shall be such proportion of any contribution ascertained in accordance with this Part as the award-making body (after consultation with any other award-making body concerned) considers just.

Gross income

5.—(1) Subject to the provisions of this paragraph, "gross income" means the income of the student's parent in the financial year preceding the year in respect of which the resources of the student fall to be assessed:

Provided that, where the award-making body is satisfied that the income of the parent in the next succeeding financial year is likely to be not more than four-fifths of that income, it may for the purpose of calculating the parental contribution ascertain the gross income by reference to that next succeeding financial year; and in that case the above definition shall have effect accordingly both in relation to that year, and, if the award-making body so determines, the year following that year and any subsequent year.

(2) Where, in pursuance of any trust deed or other instrument or by virtue of sub-sections (1) and (2) of section 32 of the Trustee Act (Northern Ireland) 1958^(a) or any other enactment, any income is applied by any person for or towards the maintenance, education or other benefit of the student or of any person dependent on the student's parent, or payments made to his parent are required to be so applied, that income, or those payments, shall be treated as part of the gross income of the parent.

(3) Any dividends or interest paid or credited to the parent by a building society which has entered into arrangements with the Commissioners of Inland Revenue under Section 343(1) of the Income and Corporation Taxes Act 1970 shall be deemed to have been received by him after deduction of income tax at the reduced rate determined under those arrangements for the year of assessment in which the dividends or interest are paid or credited; and the amount deemed to have been so deducted shall be treated as part of his gross income.

(4) There shall be treated as part of the gross income all income arising from an office or employment which by virtue of any enactment is, as such, exempt from tax.

(5) Where the parents do not ordinarily live together the parental contribution shall be ascertained by reference to the income of whichever parent the award-making body considers the more appropriate in the circumstances.

^(a) 1958 c. 23 (N.I.)

Deductions

6.—(1) For the purpose of determining a parent's residual income there shall be deducted from his gross income, in respect of any child dependent on him during the year for which the contribution falls to be ascertained, the amount by which the relevant sum specified below exceeds the child's income in that year:—

Age of child immediately before end of academic year	Sum
Under 12	£455
12 or over but under 18	£465
18 or over	£580

(2) For the purpose aforesaid there shall also be deducted from the parent's gross income—

- (a) in respect of any person, other than a spouse or child, dependent on the parent during the year for which the contribution falls to be ascertained, the amount by which £580 exceeds the income of that person in that year;
- (b) the amount of any sums paid as interest (including interest on a mortgage) in respect of which relief is given under the Income Tax Acts, or as interest under the option mortgage scheme;
- (c) the amount of any contributions to a dependants' pension scheme (being contributions in respect of which relief is given under the Income Tax Acts);
- (d) the aggregate amount of any other contributions to a pension or superannuation fund or scheme and of any premiums on a policy of life assurance (being contributions or premiums in respect of which relief is given under the Income Tax Acts) or so much of that amount as does not exceed 15% of the parent's gross income;

EXPLANATORY NOTE

(This note is not part of the regulations but is intended to indicate their general purport.)

These regulations are made under Articles 39 and 40 of the Education and Libraries (Northern Ireland) Order 1972 as substituted by Article 6 of the Education (Amendment) Order 1978 and supersede the Students Awards Regulations (Northern Ireland) 1977. By virtue of Articles 39(2) and 40(2), they have effect as if they had been in operation on and after 1st September 1978.

In pursuance of Article 39(1) and (2) of the Order, these regulations govern the making of awards ("mandatory awards") which it is the duty of boards to make. They do not relate to awards ("discretionary awards") which, in pursuance of Article 39(3), boards may, with effect from 1st September 1978, make on such terms and conditions as have been approved by the Department. Also, in pursuance of Article 40(1) and (2), they enable the Department to make awards for teacher training courses and for courses at certain designated colleges providing long-term residential courses of full-time education for adults.

The present regulations conform closely to the Local Education Authority Regulations 1978, made by the Secretary of State for Education and Science relating to awards for persons ordinarily resident in England and Wales.

Apart from textual and other changes consequential on the revised form of the present regulations, the principal changes are described below.

Regulation 8 of the Regulations of 1977 provided that the making of an award was subject to certain conditions. The present regulations extend these conditions so as to require that an application reaches the award-making body before the end of the term in which the student commences his course and so as to permit of late applications up to the end of the first term beginning on or after 1st September 1978 in the case of a student who had commenced his course before that date, but, during the preceding year, had not been required to attend for full-time study, for example, his course is a sandwich course and the year was one of experience (Regulation 13(1)(b)).

Regulation 11 of the regulations of 1977 set out the conditions under which an award made by a board, held in respect of one course could be transferred so as to be held in respect of another course. The present regulations relax those conditions (regulation 11).

The Northern College, Barnsley, is added to the list of colleges designated as providing long term residential courses of full-time education for adults (Schedule 3).

The present regulations increase awards and relax the means test applicable to the maintenance element thereof (regulation 16).
