EXPLANATORY NOTE

(This note is not part of the Regulations.)

These regulations are made in consequence of the Social Security Benefits Up-rating Order (Northern Ireland) 1981 (the "up-rating order").

Regulation 2 provides that in certain cases where a question has arisen about the effect of the up-rating order made on a benefit already in payment the altered rates will not apply until the question is determined by an adjudicating authority.

Regulations 3 to 5 raise to £16.50 a week, or £858 a year, as the case may be, the earnings limits which apply to recipients of sickness or invalidity benefit, non-contributory invalidity pension or unemployability supplement to industrial disablement pension.

Regulation 6 applies the provisions of regulation 5 of the Social Security Benefit (Persons Abroad) Regulations (Northern Ireland) 1978 so as to restrict the application of the increases specified in the up-rating order in cases where the beneficiary lives abroad.

Regulation 7 provides that where the effect of the up-rating order would otherwise be to reduce the total amount of unemployment or sickness benefit, injury benefit or maternity allowance (including increases for children or payments of industrial death benefit comparable to such increases) the higher rate will continue in payment transitionally until the beneficiary ceases to be entitled or there is another change affecting the rate payable.
