EXPLANATORY NOTE

(This note is not part of the Regulations.)

These regulations implement the provisions of Article 5 of the Social Security (No. 2) (Northern Ireland) Order 1980 relating to abatement of unemployment benefit (including increases for dependants and earnings-related supplement) for persons over 60 who are also in receipt of payments by way of occupational pension (as defined in Article 5(3)) for the same week.

Regulation 2 fixes the maximum weekly sum by reference to any excess over which unemployment benefit falls to be reduced. Regulations 3 and 4 make provision as to the disregard of occupational pension payments made on account of redundancy and for less than a week respectively. Regulation 5 provides for the calculation of the weekly amount of occupational pension payments made for periods other than a week. Regulation 6 modifies sections 14(7) (earnings-related supplement of unemployment benefit) and 18(1) (duration of unemployment benefit) of the Social Security (Northern Ireland) Act 1975 in relation to cases of partial and total abatement. Regulation 7 additionally modifies section 14(7) in relation to the calculation of earnings-related supplement where the amount of unemployment benefit is affected by both abatement and other specified statutory adjustments.
