(3) Where a claim for benefit is made after 5th April 1983 and a date of onset is determined which is before 6th April 1983, regulation 14 of the principal regulations shall apply as if these regulations had not come into operation.

(4) Where in pursuance of a claim made before 6th April 1983 a date of development has been determined and an award of benefit has been made the principal regulations shall have effect in relation to that claim and any subsequent claim made by or on behalf of the same person in respect of the same disease (except where under regulation 7 of the principal regulations the disease is treated as having been contracted afresh) as if references to the date of onset were references to that date of development.

(5) Subject to paragraph (7), where a claim for injury benefit for a day falling or a period beginning before 6th April 1983 is made after 5th April 1983 and no date of development or date of onset which can be treated as such for the purposes of that claim has already been determined, for the purpose only of determining the date on which the injury benefit period (if any) is to begin, a date of development shall be determined, so however that if it is later than 5th April 1983 no injury benefit period shall begin and injury benefit shall not be payable.

(6) For all other purposes of the Act and the principal regulations, a date of onset shall be determined as if on the day or days for which benefit is claimed regulation 2 of these regulations had already been in operation.

EXPLANATORY NOTE

(This note is not part of the Regulations.)

These regulations, which are consequential upon the abolition of injury benefit by Article 32(1) of the Social Security (Northern Ireland) Order 1982 and the provision of sickness benefit in respect of industrial injury by section 50A of the Social Security (Northern Ireland) Act 1975, which was inserted by Article 32(4) of that Order, amend the Social Security (Industrial Injuries) (Prescribed Diseases) Regulations (Northern Ireland) 1983.

The main changes made by regulation 2 of the regulations are—

- (a) the substitution for references in provisions of the principal regulations to the date of development of a prescribed disease of references to the date of onset of a prescribed disease;
- (b) the substitution for references in provisions of the principal regulations to injury benefit by references to sickness benefit;
- (c) provision for a date of onset to be determined in respect of certain claims for sickness benefit;
- (d) to enable a claim for sickness benefit by virtue of section 50A of the Act in respect of occupational deafness to be treated as a claim for disablement benefit and to enable persons suffering from occupational deafness to be entitled to disablement benefit from the date of onset of the disease.

Regulation 3 contains transitional provisions relating to claims for injury benefit made after 5th April 1983 in respect of periods before the abolition of that benefit.
