EXPLANATORY NOTE

(This note is not part of the Scheme.)

This Scheme amends the Farm and Conservation Grant Scheme (Northern Ireland) 1989 ("the principal Scheme") and complies with Article 8 of Council Regulation (EC) No. 797/85 (O.J. No. L93, 30.3.85, p. 1) on improving the efficiency of agricultural structures, as amended by Council Regulation (EEC) No. 1760/87 (O.J. No. L167, 26.6.87, p. 1) and Council Regulation (EEC) No. 3808/89 (O.J. No. L371, 20.12.89, p. 1).

This Scheme extends the class of persons who may qualify for grant for works to vernacular farm buildings (Article 4). It provides for grant to be paid in respect of protective fencing in association with work on field banks (Article 5(a)). Provision is also made to clarify which type of horticultural structures may qualify for grant purposes (Article 5(b) and (c)) and the rate of grant for replacement of glasshouses outside the less-favoured areas is reduced from 30% to 25% with effect from 1st January 1991 (Article 5(d)).
