EXPLANATORY NOTE

(This note is not part of the Regulations.)

These Regulations further amend the Health and Personal Social Services (General Medical and Pharmaceutical Services) Regulations (Northern Ireland) 1973 ("the principal regulations") which provide the arrangements to be made by Health and Social Services Boards for the provision in their areas of general medical services and pharmaceutical services.

Regulations 2 and 6 amend regulation 36 of, and Schedule 4 to the principal regulations so as to enable a Board to make arrangements for the provision of advice to residential and nursing homes by a registered pharmacist, and for the keeping by chemists of records about drugs supplied to certain categories of person and to provide for any chemist who has undertaken to provide these new services to make his records available to the Board.

Regulations 2 and 4 also amend regulation 36 of, and Schedule 1 to the principal regulations to allow institutions such as hospices which care mainly for terminally ill patients to order supplies of drugs and medicines on a composite order form rather than completing a separate prescription form for each patient. Regulation 5 removes some drugs and substances from and includes others in Schedule 3A to the principal regulations, which contains a list of drugs and other substances for which a doctor may not issue a prescription for supply under pharmaceutical services and which may not be dispensed under those services.

Regulation 3 amends regulation 40 of the principal regulations to make provision for the amendment of the Drug Tariff to include arrangements for claiming fees, allowances, and remuneration in connection with the making and implementation of arrangements for the provision of pharmaceutical services.
