Calculation of earnings

3.—(1) For the purposes of Parts II to V of the Contributions and Benefits Act (other than those of Schedule 8) and of any regulations made thereunder which relate to benefit under those Parts of that Act or regulations, the earnings of a claimant shall be calculated by determining in accordance with these Regulations the weekly amount of his earnings.

(2) The amount of a claimant's earnings for any period shall be the whole of his earnings (including any earnings which he is treated as possessing under regulation 4 (notional earnings)) except in so far as regulations 10 and 13 provide that certain sums shall be disregarded or deducted as appropriate.

Notional earnings

4.—(1) Where a claimant's earnings are not ascertainable at the date of the determination of the claim or of any subsequent review, the adjudicating authority shall treat the claimant as possessing such earnings as is reasonable in the circumstances of the case having regard to the number of hours worked and the earnings paid for comparable employment in the area.

(2) Where—

- (a) a claimant performs a service for another person; and
- (b) that other person makes no payment of earnings or pays less than that paid for a comparable employment in the area,

the adjudicating authority shall treat the claimant as possessing such earnings (if any) as is reasonable for that employment unless the claimant satisfies the adjudicating authority that the means of that person are insufficient for him to pay or to pay more for the service; but this paragraph shall not apply to a claimant who is engaged by a charitable or voluntary organisation or is a volunteer where the adjudicating authority is satisfied in any of those cases that it is reasonable for him to provide his services free of charge.

(3) Where a claimant is treated as possessing any earnings under paragraph (1) or (2), these Regulations shall apply for the purposes of calculating the amount of those earnings as if a payment had actually been made and as if they were actual earnings which he does possess except that regulation 10(4) (calculation of net earnings of employed earners) shall not apply and his net earnings shall be calculated by taking into account the earnings which he is treated as possessing, less—

- (a) an amount in respect of income tax equivalent to an amount calculated by applying to those earnings the lower rate or, as the case may be, the lower rate and the basic rate of tax in the year of assessment less only the personal relief to which the claimant is entitled under sections 257(1), 257A(1) and 259 of the Taxes Act(8) as is appropriate to his circumstances; but, if the period over which those earnings are to be taken into account is less than a year, the earnings to which the lower rate of tax is to be applied and the amount of the personal relief deductible under this sub-paragraph shall be calculated on a pro rata basis;
- (b) where the weekly amount of those earnings equals or exceeds the lower earnings limit, an amount representing primary Class 1 contributions under the Contributions and Benefits Act, calculated by applying to those earnings the initial and main primary percentages in accordance with section 8(1)(a) and (b) of that Act(9); and
- (c) one half of any sum payable by the claimant in respect of a pay period by way of a contribution towards an occupational or personal pension scheme.

(8) Sections 257 to 257F were substituted for section 257 by section 33 of the Finance Act 1988 (c. 39); section 257A(1) was amended by section 77(2) of the Finance Act 1994 (c. 9); section 259 was amended by section 30 of, and paragraph 5 of Schedule 3, to the Finance Act 1988, paragraph 5 of Schedule 5 to the Finance (No. 2) Act 1992 (c. 48) and section 77(3) of, and paragraph 6 of Schedule 8 to, the Finance Act 1994

(9) Section 8(1) was amended by paragraph 28 of Schedule 7 to the Pension Schemes (Northern Ireland) Act 1993

(4) Where the claimant is an employed earner in the Republic of Ireland the amounts to be deducted for income tax and primary Class 1 contributions under this regulation shall be such amounts as, in the opinion of the adjudicating authority, would have been deducted had the claimant been employed in Northern Ireland.

Rounding of fractions

5. Where any calculation under these Regulations results in a fraction of a penny, that fraction shall, if it would be to the claimant's advantage, be treated as a penny, otherwise it shall be disregarded.
