

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

SCHEDULE 12

Loading, Stowage and Unloading of Radioactive Material

Type B(U) and Type B(M) packages

5. Subject to paragraphs 6 and 7, the maximum temperature of any surface of a Type B(U) or Type B(M) package which is readily accessible during carriage in a freight container or wagon shall not exceed 85°C in the absence of insulation under the ambient condition of 38°C.
