
STATUTORY RULES OF NORTHERN IRELAND

1998 No. 237

Animals and Animal Products (Examination for Residues and Maximum Residue Limits) Regulations (Northern Ireland) 1998

Part IV

Offences, Defences and Exceptions

Defences and exceptions

- 27.** Administration is in accordance with this regulation if carried out—
- (a) for a therapeutic purpose, on an animal other than a production animal by, or under the direct responsibility of, a veterinary surgeon and is of an authorised veterinary medicinal product containing—
 - (i) allyl trenbolone which is administered orally and in accordance with manufacturers instructions; or
 - (ii) beta-agonists which are administered in accordance with manufacturers instructions to equidae or to a pet; or
 - (b) by a veterinary surgeon of an authorised veterinary medicinal product containing beta-agonists which is administered in the form of an injection for the purpose of inducing tocolysis in a cow when calving.
