

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

SCHEDULE 11

Fees

12. In estimating or stating the cost of carrying out any work, the Executive may take into account the cost to it, or to any person acting on its behalf, of employing an officer for any period to perform the work concerned and shall determine that cost by reference to the average cost of employing an officer of the grade appropriate for that work for that period.
