

## SCHEDULE 2

### **Information for inclusion in the environmental statements**

#### **Part I**

1. Description of the project, including in particular—
  - (a) a description of the physical characteristics of the whole project and the land use requirements during the construction, implementation and operational phases;
  - (b) a description of the main characteristics of the production processes, for instance, the nature and quantity of the materials used;
  - (c) an estimate, by type and quantity, of expected residues and emissions (water, air and soil pollution, noise, vibration, light, heat, radiation, etc) resulting from the operation of the proposed project.
